heart was evident in their second game with St. Louis. The first contest was close, but when the Giants finally lost out, they appeared to give up all hope for the pennant, allowing themselves to be shot to pieces by the shower of hits and runs made by the St. Louis club.

Hank O'Day's much-buffeted players will be seen again this afternoon at Broad and Huntingdon streets. A double-header is scheduled, to begin at 1:30 o'clock. The heavy batting of the Phillies yesterday showed the Cubs plainly that the Daisies are still trying to win games.

In the preliminary work to date, Hinkey has tried out a large number of candidates. His policy seems to be that every man who reports is going to get a chance. He seems to want to see for nimself what material he has on hand. Only the three players who were regarded as regulars are available for Hinkey. They are Captain Taibott, Haifback Carroll Knowles and Quarterback "Aleck" Wilson. Hinkey is being assisted at present by Dr. Billy Bull, who has charge of all the kicking candidates. Connie Mack Not Ill at Ease Directum I and William Are Over Race Which Red Sox Are Putting Up Against His Champions.

CHICAGO, Ill., Sept. 24.—Connie Mack men were able to predict with any degree | pacing king. of certainty a victory over the White Sox. Harry Davis remarked that the chief reason for this was that the grounds at Comiskey Park had a peculiar effect on Dewey, 2.01%, who today will start in the playing of the Athletics, first, because of the soft infield, and secondly, because of the direction of the sun with reference to the playing field, as it is different from any other diamond in the league.

Despite these things, Mack is determined that his men shall win. He is not doing any vast amount of worrying over the result, but he wants to get the race over at the earliest possible date in order to give his men time to recuperate from season's long strain before the series

Today the Athletics have a lead of 51/2 games, one-half of a game less than the League rivals from Boston. Nevertheless, the Mackmen feel that this is more than an ample distance ahead of the Red Sox.

There is a queer argument which has been put up in Boston referring to the relative strength of the Red Sox and Athletics. The Hub followers claim that because the Red Sox have won the ma-jority of the games played against the Athletics this year they should win the

Such an argument is quite absurd, because Boston has tried to keep her best pitchers to work against the Athletics nstead of shooting them in against some other club which ultimately won games. On the other hand. Mack has made no effort to save anything for Boston. The McGillicudian policy is to win by tak-ing every game as it comes on the schedile, or, rather, in trying to take every

After leaving Chicago the Athletics go to St. Louis for two games. The curtailed series in St. Louis is made possible by the long series of five games played by the Mackmen against the Browns on the first Western trip taken by the champions this year.
