### **DEMOCRATS APPEAL** FOR REGISTRATION IN FIGHT ON PENROSE

Palmer-McCormick League Calls on All Voters to Qualify-Table to Show Work in 1913 Prepared.

Alive to the necessity for a record registration on October 3 to defeat Penrose, the Palmer-McCormick League has had prepared a table showing by wards the number of assessed citizens in 1913, the number who registered on the three the number who registered on the three days, and the number who entirely reglected their right of suffrage last year of failing to register and vote. The table will be used in an effort to bring out every unregistered citizen on the last registration day, October 3.

"The defeat of Penrose binges to a

great degree upon a very large regis-tration on October 3," declared Roland S. Morris, Democratic State chairman. this morning. "The facts and the figures bearing upon this will be placed in the hands of our workers in every division in Philadelphia, and our appeal to the ctizens will be to use the most power-ful weapon known in the fight against Penroseism, which is their right to the ballot and the obligation which 'de-volves upon them to exercise this right." Speeches urging all independent voters

to use their right of citizenship and re-ister will be made in this city just prior the last registration day by Vance C. McCormick and William Draper Lewis. It is understood, further, that Colonel osevelt's speech here on the night of October 1 will be partly given over to an appeal to the individual citizen to

en appear to the individual citizen to register and vote. In the first two registration days this gear 182,510 citizens qualified. As the as-sessors lists show 379,577 citizens eligible to vote if registered, there still remain 197,557 who can qualify October 3. the first two registration days last year 111,200 qualified, and on the last day 115,979. The total number eligible to register then was 372,639. The highest number ever registered in

this city was in 1911, when the total was 294,556. To equal this record 114,646 will have to register on the final day this year which is nearly 2000 less than registered on the final day last year.

The table compiled by the Palmer-Mc-Cermick League, showing the assess-

ments, registrations and the percentage of voters who neglected to go to the policial year, follows:

### PINCHOT IN OIL COUNTRY

Challenges Penrose to Name Supporter Not Marked With "Rubber Stamp."

RENOVO, Pa., Sept. 25.-Gifford Pinchot, Washington party candidate for United States Senator, left here early this morning to continue his campalan tour through the small towns of Warren County. Speaking in front of the Hotel Clinton here last night Mr. Pinchot challenged Senator Penrose to name a single one of his supporters who was not a rub-ber-stamp Republican or who had not a political favor to ask.
Although bitter in his denunciation of

Penrose and Penroselsm, Mr. Pinchot did not mention any of the other candidates

Mr. Gutekunst was called the official photographer of the Army of the Potomac. Many years ago he experienced just such inconveniences as the present war photographer is meeting. He was not wanted on the battlefield, but he managed to get where the action occurred at Get-tysburg two days after all the big excite-ment was over. He "snapped," if there was such a thing as "enapping" in those days, the carcasses of horses and the scarred earth and got the pictures of the wounded later in the hospital camps.
All the generals liked to pose for Mr Girtekunst, Mr. Gutekunst took a pic ture of General Grant, of which General Prederick D. Grant said that it is the best likeness of his father ever taken.

## "SAFETY" THE TEXT OF EARNEST PLEAS AT MASS MEETING

liminary to Carnival Which Begins Tomorrow Night Has Enlisted Public Inter-

With the preliminary educational campaign of "Safety First" week nearly over, the city is now awaiting with great interest the opening of the convention and carnival proper tomorrow night at Convention Hall. Broad street and Allegheny avenue. The educational campaign was brought to a climax last night by a large mass-meeting in the ballroom of the Bellevue-Stratford, under the aus-

was arranged between him and his wife that he would enter a hotel with a woman and give evidence upon which to base a divorce suit.

Diston spends much of his time in exclusive social circles in Washington and clusive social circles in Washington and c estly trying to solve the problem of in-dustrial accidents, most of which are preventable.

The problem of accidents and safety in general was brought into strong relief at the meeting last night when Franklin H. Wentworth, of Boston, shocked the audience by bringing out the general admission that few of those present knew where the nearest fire box to their homes was or how to give an alarm. Mr. Wentworth said that the great majority of fires in this country were caused by the careless use of matches. Americans, he said, were the most careless people in the world in dealing with matches. The result of this carelessness, Mr. Wentworth said, is the great number of fires accompanied by less of life.

Director Porter told of what is being done by the Department of Public Safety to protect the lives and property of the citizens of Philadelphia. Director Porter spoke of the many improvements in traffic regulations, which, he said, have reduced the number of street accidents to a large extent, and to the fact that the theatres of the city have been compelled to spend \$390,000 in insuring greater safety. Mr. \$300,000 in insuring greater safety. Mr. Porter, although he gave great praise to the efficiency of Philadelphia's firefighters, said the equipment of the Fire Department in this city needed improvement. He spoke of the defective engines held in reserve, of antiquated fire boxes in

ective fire hose which firemen are pelled to use. Mrs. Joseph R. Wilson, head of the committee in charge of the week's program, made an appeal for greater care in the prevention of accidents and disease due to carelessness. She said that while the Government, city State and national, had its duty to perform in this regard, it was up to the people to do their share in exercising greater care and judgment in their homes, in their places of employment and in the street.

### PEACE PROGRAM AT TRENTON

Exercises for Children Arranged by Interstate Fair Association.

TRENTON, Sept. 25 .- Peace exercises for the children of New Jersey and surrounding States will be made a feature at the opening of the Trenton Interstate
Fair next Monday morning. Mayor
Donnelly will speak on the "Peace and
Plenty" movement, and the children will sing patriotic songs. The peace pigeon, "Woodrow Wilson," which is being sent to the President, will be placed in the centre of the assemblage. Doves of peace will be released every day at the close of the fair program. The national salute will be fired and American flags unfurled.

The fair program this year includes monoplane flights by Charles F. Niles, in Mexico. He will fly upside down, loop the loop and perform other feats of a thrilling nature. Harness and run-ning races are to be conducted each day, with the exception of Friday, when automobile races will be carded.

### COUNCIL IN POLICE MUDDLE

Wilmington Body Opposes Plan to Name Mounted Squad. WILMINGTON, Del., Sept. 26 .- Dis-

pleased over the manner in which the Police Commission recently appointed eight members of the local police force for a mounted squad, City Council last night talked over a resolution rescinding the one allowing the appointment of the men and providing \$15,000 appropriated to increase the pay of the present men. Action was postponed for two weeks. Of the eight men appointed to positions four failed in physical examinations. Members of the Police Commission declare it is now too late for Council to stop them, and President William H. Bowers says that as soon as suitable men are found they will be put on duty. Since there was a clash over the manner in which the men were appointed some members of Council have tried to block the whole affair. It is not expected that the Police Commission will pay any attention to the resolution pending in Council and will have the men appointed and on duty before the resolution is acted upon. Some Councilmen are unwilling to vote for increase in the pay of the police force because, they say, the force was in-competent because it failed to quell the recent race riots until the militia was
