LONDON, Sept. 26.—When the first big demands were made on the public for army volunteers, it practically cleared out London's police force and many notable who were too old to go to war volunteered to serve as special policemen.

ENGLISH AUTHOR ON POLICE FORCE

LONDON, Sept. 26.—When the first big demands were made on the public for army volunteers, it practically cleared out London's police force and many notable who were too old to go to war volunteered to serve as special policemen.

1915 Chalmers "Master Six" \$2400 Our Demonstrating Car is Here

New 7-Passenger Touring Car, \$2400

Again—the "Master Six" of Them All

For those who seek the fullest luxury of power and size in a motor car we offer this 7-passenger model of the 1915 Chalmers "Master Six." Big and powerful, stylish and distinctive, this car combines the advantages of a tried and proved chassis with a very new and very smart body.

Pleasing, Distinctive Lines

When you see the "Master Six" Touring Car you will be struck by its unusual but pleasing lines. Along the gracefully curved upper edge of the body is a wide, decorative band extending all the way round. The bonnet tapers gently forward to the handsome rounded radiator. The filler cap has been hidden under the bonnet.

Doors are very wide and fit flush without moldings. The tonneau is exceptionally roomy, with collapsible Pullman seats.

Mechanically this car is a new model of the "Master Six" that made the most noteworthy success of the 1914 season. With 1915 refinements, it offers even more than ever the limit of luxury in motor car manufacture.

The 1915 model will have the same power plant and practically the same chassis features which gave the 1914 "Master Six" the reputation of being one of America's greatest motor cars.

Luxury at the Right Price

The price of the 7-passenger "Master Six" for 1915 has been increased to \$2400,

the additional charge representing the actual cost of the added features and increased quality.

Like all Chalmers cars, this new model is designed for lasting and satisfactory service. They are heavy where weight is needed; but do not carry a superfluous pound. In proportion to power, as economical as any. Heavy enough to be safe in any emergency, comfortable on any road.

See This Great New Car

For those who want the utmost in motor car style, luxury, comfort and carrying capacity, but who do not care to pay needlessly high prices for unnecessary weight and power, this "Master Six" 7-passenger Touring Car offers a remarkable value.

Come and see this and the other Chalmers 1915 models.

Table listing Chalmers 1915 models and prices: "Master Six" 5-passenger Torpedo \$2400, "Master Six" 7-passenger Touring Car 2400, "Light Six" 5-passenger Touring Car 1650, "Light Six" 6-passenger Touring Car 1725, "Light Six" 2-passenger Coupelet 1900, "Light Six" 5-passenger Sedan 2750, "Light Six" 7-passenger Limousine 3200

FRANKLIN-LIGHT SIX Goes 100 Miles on Low Gear

TO DEMONSTRATE THE EFFICIENCY OF THE FRANKLIN DIRECT AIR COOLED MOTOR

Test made on September 24 by Franklin dealers throughout the United States.

(Engine and vehicle patented July 2, 1908)

New Series Franklin Six-Thirty Five-Passenger Touring Car, \$2150

We chose for our route Bethlehem Pike, through Allentown, Easton, finishing at Delaware Water Gap, with following results:

Table with test results: Distance, 100 miles; Time, 6 hours 55 minutes; Lubricating oil used, 1 gallon; Gasoline used, 12 gallons.

Motor on car was not stopped nor was transmission out of low gear or clutch released during the entire distance. Figuring difference in gear ratio this equals 336 miles on high gear, or an average of 48 miles per hour for nearly seven hours; also equaling 28 miles per gallon of gasoline, 340 miles on gallon of cylinder oil.

WE HAVE AFFIDAVITS TO THESE FACTS.
