PRODUCE PRICES NOT AFFECTED BY WEATHER

Housewives Told by Dealers That Costs Have Not Risen.

The fears of many housewives here that the recent drought, coupled with sudden changes in weather, would so affect the crops of fruits and vegetables as to bring about a raise in prices were

dispelled by inquiry among the fruit and produce dealers and growers today.

"The fruit crops," said a prominent Dock street dealer, who expressed the general feeling, "with the possible ex-ception of apples and pears, have been picked, and tree crops are not, as a rule, ery much affected by weather, anyway. Peaches have been poor ever since the beginning of the season, but there have been plenty of them and prices have not been very high accordingly.

"As for vegetables, there have never een so many of them and they have tot been so cheap for a long time. It true that tomatoes have been scarce and high, but to offset this there is an abundance of onions, cucumbers and the like selling for less than the cost of raising them."

Margaret Patrick, 18 Years Old, Missing Nearly Six Months.

A woman in a two-room house in a court at the rear of 953 North American street appealed today for news of her eldest daughter, who left the home nearly six months ago. Since the girl's departure her father gave up the unequal struggle to make ends meet and died, leaving the burden of supporting the other four daughters to his widow. The woman is Mrs. Mary Patrick, She is 55 years old. The girl who disap-peared is Margaret Patrick, 18 years old Mrs. Patrick said today that she has almost given up hope of ever again seeing her girl.

Every leisure moment the woman has spent searching for the daughter among friends, but her efforts have been in vain. Today she asked that her appeal be published in the hope that if her daughter is still alive she will read it and return home.
