CHILD LABOR BILL **KILLED IN SENATE BY PENROSE ORDERS**

T. Henry Walnut Exposes Methods by Which Measure Was Robbed of Vitality by Machine.

A vigorous indictment of the Penrose-Varc-McNichol machine was made today by Representative T. Henry Walnut, in a statement showing the methods resorted to by the machine's representatives in the Legislature in throttling the child labor bill, which, he said, had the support of every right-thinking man in Pennsylvania. Mr. Walnut declared the acts of the last State Senate, which was dominated by Penrose, were only the legislative expression of what Penrose and his henchmen and the interests they serve stand for.

HOUSE BILL A MODEL.

Mr. Walnut's statement reads: "The child labor bill, as it passed the House, was a measure that would have placed Pennsylvania among those States of the Union that had seen the necessity for conserving the lives and health of the children of the community, and would have laid down regulations for the pur-

pose of accomplishing this end. The bill was referred to the Committee on Judichas Special, presided over by Senator Charles A. Snyder, of Schuyl-kill County, who frankly represented those interests who had long dominated pennsylvania Legislatures and had al-ways obstructed the passage of child labor legislation. The bill passed the House on the 15th of April, and was re-ferred to the Committee on Judiciary Special of the Senate on the following and the senate of the following day. It was then expected that the Leg-islature would adjourn not later than the third or fourth week in May, and presumably the intention was to kill the bill by holding it in committee until too late to pass it prior to adjournment. "A hearing was finally held on the measure about the middle of May. The question of adjournment was then imminent. No report was made by the committee, however, until June 4, and it was not until June 23 that the bill was finally passed. In the meantime a num-ber of spirited efforts had been made to fix a date for the adjournment of the Legislature, mone of which had, how-ever, succeeded, in part because of the insistence of the House that the child labor bill and several other measures of importance then in the Senate should be properly considered before adjourn-

SENATE CHANGES FATAL.

SENATE CHANGES FATAL. "The bill as it passed the Senate had been amended so as to eliminate the fandamental features of the measure in its original form, which were the lim-liation of the hours of labor of children between the ages of 14 and 16 to eight hours a day and 48 hours a week and the elimination of night work. The bill as it passed the Senate provided for a ten-hour day and a 51-hour week and as it plased the senate provided for a ten-hour day and a 5i-hour week and contained what is known as the 'Glass Exemption Clause' in the provision re-specting night work of children, so that the existing law as to night work was not affected. In addition to these change numerous exceptions had been inserted in the measure which represented backward steps in the existing child labor

"The House refused to concur in the amendments and a great effort was made to prevail upon the Senate to recede in part from its position. Senator Snyder, however, who represented Senator Pen-

BRYN MAWR, Pa., Sept. 27 .- Society was able to lie abed and rest for another hour this morning, as the Horse Show did not open until 11:30. Long before the opening class, however, many morning visitors had arrived, all anxious to prolong the last day.

A clear day for the entire week of the show seldom occurs, but with the exception of Thursday's threatening clouds and the intense heat of the early week, ideal weather has prevailed. The high wind of the early morning abated somewhat by noon, but the visitors sought the sunny lawn and, gathering chairs together, made congenial little parties.

PENROSE BELITTLES **PROSPECTS OF OPPONENTS**

Says Pinchot's Vote Will Not Equal Primary Poll-Ignores Palmer's Charges.

Gifford Pinchot, the Washington party candidate for United States Senator, will not poll as large a vote in November as he did at the primary election, according to Senator Penrose, who returned to the city at noon from Blair county.

"As a matter of fact," he added, "even in the event of Pinchot's election, there would be a serious legal question whether or not he could take the office. He does not live in Pennsylvania, and neither his public service nor his personal attain-ments appeal to the people of Pennsylvanla

The conclusion regarding the small vote which Mr. Pinchot will poll, Senator Pen-rose based upon the rapid disintegration of the Washington party in the State, which he said has been greatly furthered by the indorsement of Mr. McCornick, the Democratic nominee for Governor, by the Washington party State Committee, to take the place of Dean Lewis. "The withdrawal of Mr. Lewis," the Senator said, "has absolutely discusted the great majority of the Washington party voters. They are taking this opportunity to return to the Republican party to which they always have been true at heart." Congreasman A. Mitchell Palmer, Sen

tor Penrose predicted, would not poll more than 200,000 votes in the entire State. Mr. Palmer's responsibility for the metal schedule in the Underwood tariff bill and his autocratic leadership. which has split the Democratic party, Mr. Penroze said, has lost a great number of supporters for him. Referring to Mr. Paimer's attacks upon

his own record in Washington, the Sen-ator said the people of Pennsylvania want to hear what a man can do himself when he is a candidate for office. and they do not care to hear him indulge personal invectives to try to advance himself.

"Fusion," continued Mr. Penrose, "L like all other Republicans, view with indifference. The Republican party expects to poll a greater vote than that of all other parties combined. And fusion, as a matter of fact, is but a confession of party weakness. In this fight the Wash-ington party by fusion is merely con-tributing to the building up of the Demo-cratic machine in Pennsylvania."

BRUMBAUGH COMMITTEE FORMED IN 46TH WARD

Strange Movement Developed in District Noted for Independence.

The formation of a Dr. Martin G. Brum-baugh Citizens' Committee in the 46th Ward to cop-operate with the central Brumbaugh Citizens' Committee in the Lincoln Building was announced this morning. As the 46th Ward is one of the most independent political districts in the city, Doctor Brumbaugh supporters declare that his indorsement there is further indication that all parties are railying to his support.

In announcing its organization, the committee has issued a letter to the citizens urging them to register on October 3, in order that they may vote for Doctor rumbaugh.

The committee numbers more than 300 citizens of West Philadelphia, men prom-inent in the industrial, professional and business life of the city. The officers are F. H. Duckwitz, chairman: William S. Wacker, secretary: Thomas Nicholson, treasurer: Francis G. Gallager, chairman executive committee; John McClintock, chairman committee on speakers; William Felton, chairman publicity committee:

George W. Davis, chairman membership committee; Joseph W. Catherine, chair-man enrollment committee, and Harry A. Mackey, chairman committee on meetings.

Collector Lederer Gives Out Figures Showing Estimated Returns to Government From New Measure.

The passage of the war revenue bill will mean an increased taxation of more than \$3,009,000 annually in the city of Philadelphia, in the opinion of Collector of Internal Revenue Lederer. During the past fiscal year the Government has received \$12,901,000 in internal revenue from Philadelphia. It is expected this fgure will reach the 16-million dollar mark under the new tax bill. This figure, if reached, will place the internal revenue receipts in excess of the Customs House receipts for the first time in the history of the city.

An idea as to what the passage of this bill means to the business men of Philadelphia may be gathered from the following figures, which approximate the annual cost of the new tax to the city. excluding the stamp tax and that on wines:

WAR TAX BILL IN SENATE

House Passes Emergency Measure 234 to 136.

WASHINGTON, Sept. 26.-The war tax fight today was transferred to the Senate when the Administration emergency revenue bill, as passed by the House late yesterday, was sent to the upper body.

Plans were made by Senate leaders to act quickly on the measure, but there was evidence that the Republican opposition might delay final action.

As in the House, where the bill was out through by a party vote of 234 to 135, the Senate was expected to make the measure a political issue. Only one member of the House not a Democrat voted for the bill-Representative Ira opley, a Progressive, of Illinois-while Democrats went over to the opposiion. They are Representatives O'Hare, Illinois; Hobson, Alabama; South Carolina; Sisson, 2 Ragsdale Mississippi; Stephens, Mississippi; Witherspoon, Mississippi; Stephens, Mississippi; Witherspoon, Mis-sissipi; Callaway, Texas; Church, Call-fornia; Stevens, New Hampshire; Tomp-son, Oklahon.a, and Wingo, Arkansas.

That similar methods to those now being followed by the Penrose interests are disclosed in an affidavit, which has been filed in Harrisburg by one of the liquor-interest men who worked in the Tener campaign, is another statement made in the letter received by Senator Kern. This amdavii, it is declared, shows that \$200ee was raised by a per capita tax on cach brewer and distiller. It is alleged that no receipts were given for the money, nor were any entries made in the association's books, but it passed through the hands of one man to Sen-ator Penrose or Harry F. Baker, who was secretary of the Republican State Committee.
