# PANGS OF WOUNDED, VISITING EACH COT

'Kinder, Kirche Und Kuchen" Replaced by Practical Hospital Service-Example Inspires Berlin Women to Fortitude.

BERLIN, Sept. 26. No small part of the fortitude with which the women of Germany are bearing the hardships of war is due to the inspiring example of the Kalserin Augusta Victoria, who is practically giving her whole time to the work of visiting the sick and wounded soldiers. She has given up her residence at

Petsdam Palace, where she usually spends this time of the year when in town, and is living with her daughter-in-law, Princess Eitel Friedrich, in the quiet little Bellevue Palace, just off the Tier-Every morning a severely plain, gray

motorcar, not bearing the Imperial standard which usually flutters from automobiles occupied by members of the Imperial family, draws up before the palace door, and the Kaiserin steps in with one of her ladies in waiting. Frequently she is accompanied either by Crown Princess working in a silk mill, is only working Cecilie, Princess August Wilhelm, Princess Eitel Friedrich, or her daughter, Princess Victoria Louise, now Duchess of Brunswick.

FLOWERS FOR SOLDIERS The car is filled with huge baskets of cut flowers, intended for distribution among the soldiers.

The military hospitals in Berlin are widely scattered over the large area from the garrisons at Doeberitz in the northwest to hospital sheds which have been erected on Tempelhofer Feid. To visit even a part of them in the course of a week would be impossible, but the Kaiserin is untiring and conscientiously endeavors to visit not only every hospital, but every cot.

When there is not time to finish with a hospital in the morning, she comes back the next day, beginning her visit where it left off, in order that no single soldier will be disappointed. No soldier falls to receive a keepsake in the form of a flower, and it is pathetic to see the care with which the wounded men treasure these souvenirs of her coming. However busy the day, she usually

PRINCESS BENEFICENT. Just as the Kalserin has devoted her-

self especially to the wounded soldiers, the Crown Princess has made the fatherless families the subject of her special care, and people's kitchens opened in various parts of Berlin owe their success in no small measure to the energy with which she has thrown herself into the work.

She often calls herself for a plate of soup and bread, distributed in generous portions at the price of 10 pfennings . plate; not infrequently on busy days she has made her own midday meal upon the regular kitchen fare.

Following her example, many of the richest and most fashionable women of German society have gone to work with a will to help the relief societies, and the spectacle of a lady of high title, with her sleeves rolled up. ladling out bowls of soup for hours at a time, is no longer a

#### PRODUCE PRICES NOT AFFECTED BY WEATHER

Housewives Told by Dealers That Costs Have Not Risen.

The fears of many housewives here that the recent drought, coupled with sudden changes in weather, would so affect the crops of fruits and vegetables as to bring about a raise in prices were dispelled by inquiry among the fruit and produce dealers and growers today.

"The fruit crops," said a prominent Dock street dealer, who expressed the general feeling, "with the possible excotion of apples and pears, have been acked, and tree crops are not, as a rule, very much affected by weather, anyway. Peaches have been poor ever since the beginning of the season, but there have been plenty of them and prices have not been very high accordingly.

"As for vegetables, there have never cen so many of them and they have of been so cheap for a long time. It is true that tomatoes have been scarce and high, but to offset this there is an bundance of onions, cucumbers and the like selling for less than the cost of raising them."

#### MOTHER SEEKS DAUGHTER

Margaret Patrick, 18 Years Old, Missing Nearly Six Months.

A woman in a two-room house in a court at the rear of 953 North American street appealed today for news of her eldest daughter, who left the home nearly six months ago. Since the girl's departure her father gave up the equal struggle to make ends meet and died, leaving the burden of supporting the other four daughters to his widow.

The woman is Mrs. Mary Patrick, She is 55 years old. The girl who disappeared is Margaret Patrick, 18 years old. Mrs. Patrick said today that she has almost given up hope of ever again seeing her girl. Every leisure moment the woman has

spent searching for the daughter among friends, but her efforts have been in vain. Today she asked that her appeal be published in the hope that if her daughter is still alive she will read it and return home.

## NOVELTY PREVAILS IN JUVENILE MODES FOR AUTUMN WEAR

Variety Sought From Norfolk and "Middy" Suits. Plaited Skirts and Appropriate Trimming Mark New Styles.

To dress a child suitably and becom-ingly requires careful thought and plan-ning. There are one or two styles, such as the Norfolk suit and the sailor suit, that year after year still hold their place as both "smart" and practical.

At present the fashler magagines are

or over-trimmed.

At present the fashlon magazines and the shops show many new ideas for dresses for little girls. These are very charming, and a number are both pretty and quaint.

It is almost criminal to dress a child in something that is distasteful to her when there is so much from which to choose.

The stripes and plaids that find such a conspicuous place in the costumes showing are usually favorites with little girls, perhaps because they are bright and gay.

They are both more effective when they

are treated simply than in any other manner, and there are various ways of using plaids and stripes without very much in the way of trimming.

The little dress in the illustration is made of striped gabardine, with a dull gray-blue as the foundation color. This, with a darker blue stripe and a line of

And the short skirts that children wear seem to stay in place longer than the full-length ones that grown-up peop
