NEW YORK GIVES ITS PRIMARY ELECTION LAW FIRST TRIAL

Party Leaders Estimate That Little More Than 50 Per Cent of Enrolment is Coming Out.

NEW YORK, Sept. 28 .- New York State is trying a primary election today for the first time. Although the European war doubtless has prevented the usual pubfelty there is much interest. The party leaders estimate that a little more than 50 per cent. vote of enrolment is being got out. The State enrolment in all parties is 1,326,084 and 1,611,672 voted for Governor in 1912,

The party chiefs admit frankly the issue is uncertain in most cases. There are two Democratic aspirants for the Gubernatorial nomination, three Republicans and two Progressive. There are three each in the ranks of Republican and Democratic would-be successors of Elihu Root, and one Progressive.

Resides these, the State votes for Lieutenant Governor, Secretary of State, Controller, Attorney General, Treasurer, Enneer and Surveyor, Court of Appeals and Supreme Court candidates; State Senators and Assemblymen and a few others.

Most of the Republican Organization supports Charles S. Whitman for Governor. He is the New York city District Attorney who prosecuted the police grafters. But the "Odell crowd" is behind Harvey D. Hinman, who is strong up-State. Job E. Hedges is also running. Theodore Roosevelt and his branch of the Progressives are upholding Frederick

deposed Governor, has a strong third party following. Governor Martin Glynn, with the Murphy backing, and John A. Hennessy, supported by the Wilson men, are going it hammer and tongs for the Democratic nomination. Hennessy is indorsed also

by Mr. Roosevelt. In the race for United State Senator Elihu Root's place James Wadsworth, William M. Calder and David Jayne Hill are the Republican entries. Mr. Wads-worth is strong in the north and Mr. Calder in the South, while Mr. Hill, a former Ambassador to Berlin, has high

There is a curious situation in the Democratic Senatorial race. Franklin D. Roosevelt, United States Assistant Secre tary of State, and James W. Gerard, United States Ambassador to Berlin, are the candidates. They were both appointed to their present position by President Wilson and are considered Wilson men. Mr. Gerard has the backing of Tammany

All the candidates for Governor professed to be confident of success. John A. Hennessy declared he was certain "the Tammany crowd" would attempt frauds in certain districts, however. It s believed the result will be definitely determined by midnight. The result of the voting for United States Senator and Congressmen may also be known by that time, but complete returns for other officials may not be known before an-Secretary of other day or two. May has ordered that the votes for Govgressmen be tabulated first.

ROOSEVELT CONFERS WITH OHIO PROGRESSIVE CHIEFS

Addresses City Club in Cleveland and Will Speak in Columbus Tonight.

CLEVELAND, Sept. 28.—A conference was held here today by Colonel Theodore Roosevelt and James R. Garfield, Pro-gressive candidate for Governor of this State, in the latter's office, and other candidates and committeemen. Mr. Roosevelt spent the night at Mr. Garfield's home, and shortly after breakfast drove to the conference. The Colonel this afternoon addressed members of the City Club in the Chamber of Commerce. Immediately after the speech he left for Columbus, where he conferred with State Chairman Waiter F. Brown. The Colonel will speak there tonight.

will speak there tonight.

Upon his arrival here yesterday the Colonel received the Belgian delegation to the United States, the members of which presented to him the Belgian protest of alleged German atrocities.

After the meeting M. Paul Hymans, Minister of State for Belgium, said the delegation called upon Mr. Roosevelt to express that country's gratitude for the tone of his recent articles on the war.

DANIELS FAVORS EXTENSION OF SOUTH AMERICAN TRADE

Believes Government Should Own Merchant Ships.

NEW YORK, Sept. 28.—The Demo-crats were praised for having prevented a war panic in this country, and the pre-diction was made that the Democratic party will be successful in the next national election in an interview with Jo-mephus Daniels, Secretary of the Navy, upon his return here with the delegates to the Atlantic Deeper Waterways Association convention. He favored the opening of South American trade with ships owned and operated by the United States Government, provided private capital did not go shead with such an enterprisa.

terprisa.

Mr. Daniels said the probable building of a large per cent, of submarines and light draught war vessels in the future did not mean the passing of the dread-nought. He said the "dry navy" scheme was growing in favor, and that there was much less drinking and drunkenness in the navy now than ever before.

Secretary Daniels pointed out the utility of aeroplanes in war and said the Navy Department is building new machines and keeping up with the latest improvements in flying craft.

Child Marvelously Escapes Death WILMINGTON, Del., Sept. 28.—To drop from the third-story porch roof of a house and suffer only a nervous shock was the experience of Catherine, the 10-year-old daughter of Mr. and Mrs. W. A physician found shock was the only effect the child suffered.

OCTOBER 3 LAST DAY FOR VOTERS TO REGISTER

Nearly 200,000 City Electors Must Qualify Then or Lose Privilege.

October 3 will be the last opportunity or nearly 200,000 unregistered citizens in Philadelphia to qualify for the Novem-ber election. The division registrars' re-turns show that there are 379,577 citizens qualified to vote. In the two registra-tion days already held this year only 182,510 qualified, leaving 197,067 who will lose their right of franchise unless they register October 3.

An urgent appeal for every independent citizen to register and come to the polls in order that Penrose may be defeated has been sent out from the Washington party headquarters. Two hundred thousand cards pointing out the importance of registration on October 3 have been printed, and these will be distributed in every election division in the city. Several ministers in the city took occasion yesterday to urge every man in their congregations to vote and take a stand for the candidates pledged to the advancement of the people. Among these ministers were the Rev. Peter C. Wright, of the Gethsemane Baptist Church, Eighteenth street and Columbia avenue, and the Rev. John Wiley, of the Oxford Presbyterian Church, Broad and Ox-

The Senate Finance Committee today worked on the war tax bill. It seemed certain that a horsepower tax on auto-mobiles would be the principal Senate change, in substitution for the House tax on gasoline.

TRIO OF AVIATORS IN MID-AIR BATTLE WITH HAIL OF SHOTS

German Airman on Reconnoitre Near Lille, Narrowly Escapes English Biplane and French Bleriot.

ROTTERDAM, Sept. 28. A Dutchman who has just returned from Aix-la-Chappele gives a thrilling story of an exciting three-cornered duel in mid-air fought a few days ago by the occupants of three airships-German, English and French. The story was related to him by the German officer, who narrowly escaped death after an experience which he does not desire repeated. "Some days ago," this officer said, "I

was instructed to do some important reconnoitering in the northern district of France, especially near Lille and Maubeuge. I left Belgium in my Taube biplane with a mechanic.

"While I was flying into France I sud denly heard the noise of an aeroplane. which I soon recognized as a British military Bristol biplane, which had come to fight us. Our first tactics were to prevent the Bristol climbing higher than us, but the British machine was cleverly handled, and soon was 150 yards over us. "Several attempts were made by us to

fly higher, but the British aeroplane checked them all. It was evident that each of us feared that the other would drop bombs on him. Meanwhile we had prudently turned northward, hoping to reach the German camp before the Englishman damaged us or forced us to land. The Bristof was coming closer and closer, sels."

and we felt like a bird on which a vul-ture was going to pounce. "I said to my mechanic: I think our last hour has come." He answered with a laugh: 'Rather our last half-hour.' am sure that if the Englishman had any bombs aboard I would not be here to tell the tale, but fortunately he had none. He could not have missed us, as wing to his clever steering, he was about

30 vards over us. In this trying situation the German ofcer, though expecting to be shot or dashed to earth at any moment did not lose his nerve. He handled his craft with cleverness and care, following every movement of his adversary by a counter movement of his ship. "These, I can tell you, were terrible moments;" he tell you, were terrible moments," he said. "We fired our automatic revolvers at the enemy and he responded vigorously. Our machine was hit several times, but not in vital parts. The wings show many revolver bullet holes.

many revolver bullet holes.

"We were nearing the Belgian boundary when I saw a small Bierlot monopiane come to the aid of the Bristol. The French aircraft reached 1000 feet in no time, and then began flying in concentric circles around us, always drawing nearer, and the three machines en-gaged in an unprecedented duel, firing

volvers continually.
'Our ammunition was nearly exhausted when we heard energetic firing beneath. We had reached a German camp, where our terrible situation was speedily realized, and our soldiers were firing on the two enemy flying machines in order to cover our retreat and descent. 'We were saved, but, needless to say I did no reconnoitring work that day."
