# Government to Hunt Out and Punish Men Who Violated Neutrality by Furnishing Supplies to Cruisers.

Violators of President Wilson's neutrality proclamation or persons who were rensible for the placing on board the Norwegian steamships Fram and Sommerstad, at this port, coal and ship supplies destined for German warships are to be prosecuted.

Special agents of the Government are now investigating the cases in order to fix the responsibility, and a special commission is to be appointed either by the President or upon a Congressional resolution to conduct a rigid inquiry into the affair, to mete out proper punishment.

Shipping men here vigorously denounced those whose names have not been divulged for having any part in the transaction. They declared that a matter of this kind was likely to invoive the United States in another Alabama case.

The general cargoes of the Fram and the Sommerstad have been discharged upon the Municipal Pier at Dock street, where they are now awaiting claimants. The bunker coal, nearly 6000 tons of it, which the German cruisers Karlsruhe and Dresden would have burned in chasing merchant vessels in West India waters, had not the plans gone awry, is being lightered in midstream. While the lusty longshoremen were dis-

charging the general cargo of foodstuffs a rumor was circulated on the pler that me of the bags and boxes supposed to contain coffee and biscuits were loaded with explosives. This caused consternation among them for a time. But the failure of each carefully handled package to divulge shells or powder soon quieted No ammunition was discovered.

## U. S. AGENTS LOOK UP RAISE IN FOOD PRICES

Special Inquiry in This Section Being Made by Inspector Wiliamson.

Special investigations into the recent jump in food prices in the section of Philadelphia, Camden and near-by towns which secure their supplies from the Philadelphia markets, are now being made by agents of the Department of Justice, under Rush Williamson, special agent of the department, who came to this city several weeks ago from Washington. Williamson was sent here immediately

following the price increase of food-stuffs following the outbreak of the European war, to work in connection with the nation-wide food investigation ordered by the President. The work for the Philadelphia district is being conducted by Assistant District Attorneys John H. Hall and Edward S. Kremp. Special attention is being paid to the prices in Camden, N. J., of foodstuffs bought in the Philadelphia markets.
While no report on the work as far as It has progressed is ready, it is under-stood that an effort has been made by Special Agent Williamson to determine if fixing of food prices in Philadelphia, Camden and other nearby cities results rom any agreement among dealers in this city

Several Philadelphia commission houses suspected of being leaders in this "holdon foodstuffs, have received an Inkling of the investigations going on, and as a result prices have dropped. No one connected with the special investigation would say whether any indictments were likely to be sought by the Government as the result of the investigation, but it is believed that Williamson, who visited Washington several days ago, will involve certain Philadelphia firms who were in on the grab, but who have since fought clear

Prospects Favor Record-Breaking Season, Say the Dealers.

The oyster output for the season is to be a record-breaker, according to Phila-delphia wholesale dealers. This is a food which will not be affected by war prices so Philadelphia housewives may take comfort in the fact that there is to be a substitute for meats if the prices continue to soar, a nourishing substitute at

moderate cost. Edgar T. Hill, one of the larger Philadelphia wholesale dealers, stated today that never in his experience had the re-ports from the eysterbeds been so en-couraging. Maurice River mediums and large are plentiful and of fine flavor, while reports from the Chincoteague Island beds in Virginia, which furnish almost 50 per cent, of the Philadelphia supply from November until April, show that the output from that source may exceed that of previous years by from 10,000 to 15,000 barrels

Five Children Rescued From the Blaze by the Frantic Father.

Five children were rescued from their burning home, 227 Montrose street, early this morning, when a fire was started by a candle burning in observance of the lewish feast days. The father received deep gash in his wrist smashing s window, and other injuries when he jumped from the second floor window.

The blaze was in the home of Jacob Fineberg. He and his wife and five children occupy the second floor. The third floor was occupied by his son-in-law Israel Greenberg, and the latter's wife Morris Kaplan, 216 Montrose street, disovered the fire on the first floor. Kaplan aroused the inmates of the louse by pounding on the door. Fineberg tried to escape by the sanirway, but find-ing his way blocked by smoke and flame

ran to the second-story front window and smashed the window with his fist. The glass cut into his wrist, severing an artery. Morris Geventer, 226 Montrose street, came along just as Fineberg was about to drop his children from the window. Climbing a rain spout to the coping of

the adjoining house, Geventer took the

children fro mFineberg.

By this time the smoke coming from the first floor was so dense that Fineberg, his wife and the two remaining children vere driven from the front window. The children and their mother were assisted to the roof of a shed in the rear by Fineerg, who then became excited and, running to the front second-story window, jumped out. He was taken to the Pennsylvania Hospital in the automobile of

Fire Chief Murphy.
Firemen found the cutire first floor of the dwelling in flames when they arrived, but managed to prevent the spread of the fire to the upper floors. The candle, left burning on the table in celebration of the Hebrew holidays, had burned down and ignited the cloth.

The managers express the belief Judge Bonniwell in the Municipal Court today in increasing the period of support to the father from 7 years to 14 years. The question of increased support for illegitimate children recently has received much attention from the Judge of the Municipal Court and the District Attorney's offices. The Judges have been confronted with

cases in which a mother, being compelled to assume the entire burden of a child's upport after the first seven years, often fails in her efforts and the child i mes thrown upon public charity until it eaches working age

In three cases Judge Bonniwell ordered accused fathers to pay weekly sums for a period of 14 years for the children's support and in overruling the objections of counsel said;

"There is no law which limits the period of payment to seven years. The practice of making orders for that period apparently is based solely upon custom My experience in dealing with this class as Solicitor for the Desertion Court coninced me that it was a deplorable custom, depriving the unfortunate woman of support for her child, at the very period when its needs are actually most nerous. # JEWS CELEBRATE DAY OF ATONEMENT

Religious Holy Day Noted on European Battlefields as Well as in the Local Synagogues.

THE WORLD OVER

This is "Yom Kippur," the Day of Atonement, also "Yom Hadin," the Day of Judgment. Hebrews, scattered in their exile throughout the world, today lay aside all their work and devote themselves to fasting and prayer, facing their God and pleading for another year of life and happiness. Even on the bloodstained battlefields of Europe the 400,000 Jewish soldiers engaged in the various armies of the belligerent countries will lay aside their weapons, by special permission of their commanders, and beneath the open sky, before hastily constructed altars of wood and stone, will offer prayer.

The observance of You Kippur began last night with the singing and prayer of Kol Nidre in all synagogues. Upon their return to the places of worship this morning the worshipers will remain there during the entire day, leaving only for a brief respite at noon. In the Orthodox synagogues many of the worshipers will remove their shoes as an expression of the thought that on this holy day no man may enter God's house rough shod.

Fasting is observed as an expression of self-denial and to aid the worshipers in fixing their thoughts upon things spiritual. The fast will be concluded at sundown, after the prayer of Nehilah, followed by the blasts of the "schofar" from the altar, which will approunce officially the close of the day of atonement. The "schofar" or horn accompanied by the prayers of the congregation. Soon after it resounds, the spirit of supplication and mediation vanishes and is superseded by rejoicing and congratulations in the confidence that God will undoubtedly grant the prayers of His children.

There were no sermons preached in any of the Orthodox synagogues, this not being the custom there. At Keneseth Israel, Rodath Shalom and Adath Jeshurun, reform sermons were preached by Rabbi Krauskopf, Rabbi Berkowitz and Rabbi Klein, respectively. At the Beth El Synagogue, Rabbi Samuel Friedman officiated. At the Beth Israel Synagogue, Rabbi Marvin Nathan preach-ed, while at the Mikve Israel Synagogue the service was conducted by Rabbi Levi
