Nominee and Congressmen Kelly and Walters to Appear Before Committee in Behalf of Norris Resolution.

WASHINGTON, Sept. 30.—Representative A. Mitchell Palmer, Democratic nominee for United States Senator in Pennsylvania, is to appear before the Senate Committee on Privileges and Elections on Monday to urge favorable action on the Norris resolution. This announcement was made today by Senator Kern, after he had failed to get together a quorum for a meeting of the committee this morning.

PENROSEISM NEAR END

Roosevelt Tells Ohio Audience People Will Eradicate Evil. Toledo, O., Sept. 30.—Colonel Roosevelt in an address here last night said men of the stripe of Penrose and Lorimer were going to be completely eradicated from public life in this Government through the will of the rising people.

BETTER TRAIN SERVICE PROMISED WEST CHESTER

Pennsylvania Railroad Heeds Protest of Citizens' Committee. As a result of a protest made to officials of the Pennsylvania Railroad by a committee representing commuters of West Chester against the action of the railroad in reducing the number of trains from this city to West Chester from 13 to 6 per day, which went into effect on September 15, the Pennsylvania Railroad has decided to make certain changes in running of trains to afford West Chester better service, effective October 1.

MAN WANTED FOR MURDER MYSTERIOUSLY SLIPS AWAY

City Hall Detectives Wonder What Has Become of an Alleged Suspect. A man wanted for murder and said to have been captured by detectives of the Philadelphia and Reading Railway Company was mysteriously absent from his room at 25th and Market streets in City Hall, and, according to information received at the railroad detective's office, the only man who was arrested at the Reading Terminal a few moments ago while in the act of boarding a train. What shall I do with him? "Bring him up here," was the reply. Later the City Hall men looked at their watches. "Strange that fellow doesn't show up," they said. "Wonder what he is keeping him in." Still later a disappointed Reception Committee decided the alleged murderer must be still at large.

VANCE M'CORMICK PAYS UNHERALDED VISIT TO CITY

Calls at Headquarters of Washington Party Where He Is Not Recognized. Unheralded and apparently unexpected, Vance G. McCormick, Democratic nominee for Governor, who was recently endorsed by the State Committee of the Washington party, stepped into the State Headquarters of the Washington party, on the twelfth floor of the Red Estate Trust Building, this afternoon and inquired for a Nevin Dietrich, Washington party State Chairman. A stenographer, failing to recognize Mr. McCormick, asked: "And what is your business with Mr. Dietrich?" The explanation that the visitor was the candidate whom the Washington party was supporting for Governor brought an apology from the stenographer and also the information that Mr. Dietrich was "out to lunch." Mr. McCormick said that he would be back later in the afternoon to see Mr. Dietrich. The nature of the business which brought him to Philadelphia was suddenly and the matters which might be discussed in the "conference" with the Washington party State Chairman Mr. McCormick declined to state. He seemed very reticent, and only stated that he had arrived here from Harrisburg shortly after noon today and that he would leave for Pittsburgh about 4 o'clock this afternoon. Regarding his prospects of election he said he felt himself as confident. "The whole ticket, too, will be elected," he said.

THINKS JURY WILL FREE HER

Actor's Wife Expects Acquittal on Murder Charge. HACKENSACK, N. J., Sept. 30.—Mrs. Alice L. Seaton, accused of the murder of her husband Frederick R. Seaton, an actor, at their home here, expects to be freed before noon today by the jury which is leaving the case. The case is expected to go to the jury shortly after court convenes. Mrs. Seaton's story yesterday, in which she told of her husband's "affairs" with other women, she thinks will win her her freedom. She told the jury that her husband forced her to drink whisky on the day he was killed until she was so drunk that she did not know what happened. She said she never heard the fatal shots fired.

DELAWARE DEMOCRATS IN REPUBLICAN PRIMARIES

Their Votes Causing a Flurry Among Politicians as to Intent. WILMINGTON, Del., Sept. 30.—Did the Democrats who voted at the Republican primaries and assisted in nominating the legislative candidates in a number of districts intend to vote for them in the election, or was there a trick in it? This is the question which is now agitating some of the Republicans, and they have not found an answer, as is known by the fact that in this city a large number of Democrats either voted or attempted to vote at the primaries in certain districts. In one district the vote of one Democrat was challenged, and there came near being trouble. In some of the country districts it is alleged the same thing occurred and some declare that the "best people" went behind the Democratic and assisted in making the nominations. Some Republicans are inclined to think the thing was a trick, but others believe the Democrats are tired of their own party on account of the hard times and intend to vote the Republican ticket. For that reason they took part in the Republican primaries. Under the primary election laws of this State a man who registers within a certain time has a right to vote at the primaries which he chooses, but cannot vote at more than one primary. This year the Democrats had comparatively few contests for county offices and for members of the Legislature, and it is this which causes the doubt.

ELECTION PROBE REFUSED

Judge Johnson Dismisses Delaware County Grand Jury's Information. MEDIA, Pa., Sept. 30.—Judge Johnson late yesterday afternoon refused to permit the Delaware County Grand Jury to probe alleged election frauds in the Sixth Ward, Chester. The Grand Jury came before the courts with information that it had been furnished affidavits that a chain system had been worked in the Sixth Ward, Chester. That is to say, the first voter would go into a booth with a blank ballot which he would deposit in a chain system. The legal ballot would take away and this would be marked for the next voter, who in turn retained the official ballot handed him. In this way many voters could be illegally marked.

OLD GUARD ASKS FEDERAL EMPLOYEES FOR CAMPAIGN AID

Letters from Democratic City Committee Viewed With Suspicion as Product of Bipartisan Machine. Federal employes in this city believe that a secret investigation to determine the political affiliation of every person employed in the various Federal departments here is being conducted by agents from Washington. There is little possibility, however, of the results of the investigation being made public, the employes say, since one of the first things that will be uncovered will be the attempts of the "Old Guard" Democratic City Committee to levy political assessments upon the Federal employes. Letters requesting substantial and prompt contributions to the Democratic campaign fund have been received by nearly all the employes in the Postoffice, the Custom House and the Internal Revenue departments within the last two weeks. The letters state that the City Committee is the legally constituted organization of the Democratic party in Philadelphia. "Despite the force of their declaration," said one of the Postoffice employes this afternoon, we have not forgotten threats made by the "legally constituted City Committee" when Iyan told the nomination for Governor. We feel that to contribute to the bi-partisan City Committee would be about the same as to hand the money to Penrose. The two have worked hand in hand before, and we will have to see very conclusive proof before we will believe that the City Committee and Penrose are not secretly allied in this campaign.

LETTERS FROM DEMOCRATIC CITY COMMITTEE VIEWED WITH SUSPICION AS PRODUCT OF BIPARTISAN MACHINE.

WEST CHESTER, Sept. 30.—Senator Penrose cannot but feel that something has gone wrong when he learns that the county Republican Executive Committee, at its meeting here yesterday, forgot to adopt resolutions in behalf of his candidacy and proclaim the great service he has performed for the nation, as has always been the custom of the committee when in session in the past. When one of the committeemen hinted sotto voce that a resolution be adopted praising the Senator the support of Chester County Republicans, he was quietly told that there would be no resolution offered. In the meeting room there is a large portrait of Doctor Brumbaugh, and also one of Mr. Penrose. At the close of the proceedings, a large group took a stand before the former's portrait and said nice things of him, telling each other what they meant to do on November 3, in seeing that the Doctor got the full votes of their respective precincts. The portrait of Penrose was unnoticed. Larry Eyre, always head and front of meetings of the County Committee, was present, and in a few words fewer than he has ever known to utter on such occasions before, pointed to the great victory in store for the G. O. P. and urged every member to activity from now until the election. There was some applause on his rallying note, but it wasn't of the whole-souled order that was once heard in the committee, when Mr. Eyre called the faithful to the party colors. The meeting was decidedly short in enthusiasm, aside from a warm feeling for Doctor Brumbaugh. Chairman Fred MacDonald announced that Doctor Brumbaugh would come into the county between now and the close of the campaign and he would speak at several places, and this announcement was met with real applause.

POLITICS HOLDING CENTRE OF STAGE TODAY IN MICHIGAN

Fall Convention of Democrats, Republicans and Progressives Assemble to Make Nominations. DETROIT, Mich., Sept. 30.—Politics held the centre of the stage in Michigan today when the fall conventions of the three big political parties—Democratic, Republican and Progressive—were assembled. The Democrats held their sessions here, the G. O. P. forces met in Kalamazoo, while the Pull Moosers held forth at Bay City. Each party was to make its nominations for the offices of Secretary of State, Auditor General, Attorney General, State Treasurer and State Land Commissioner, in addition to selecting new State central committeemen and drafting platforms. Interest centered in the Democratic conventions, where the long standing feud between the "Wilson-Thomas" and the Wood-Shields factions threatened trouble. State Chairman Shields declared early today that the "organization" wing would be in complete control, although the "Progressives" promised to make a last-ditch fight for the seating of their contesting delegation from Wayne (Detroit), Calhoun and Delta Counties. Success in this fight would give the control of the convention and subsequent control of the party organization in Michigan. There was every indication that the Republican gathering in Kalamazoo would be serene and peaceful. The one chance of a serious clash apparently rested in the possibility that Chase S. Osborn, the nominee for Governor, and the party leaders might not agree on platform planks. Osborn several months ago went on record as favoring the recall of judicial decisions, but when this issue threatened to stir up internal strife in the party, he announced that he would make no effort to dictate his radical views into the party platform. Contests for places on the various party tickets were comparatively few and mostly unimportant.

WASHINGTON HOPEFUL

Bryan Thinks Prospects for Settlement Better Than Ever. WASHINGTON, Sept. 30.—Advices from Mexico City and Chihuahua, General Villa's headquarters, brought assurances to the Washington Administration that the conference at Torreon today between Villa and representatives of Provisional President Carranza would avert the upheaval in Mexico threatened by Villa's declaration of independence and bring peace at last to the republic. Dispatches from Mexico carried the news that Villa, on his way to meet the envoys of Carranza, had declared that "everything is working satisfactorily" and that peace soon would be established. This information caused Secretary Bryan and other Administration officials to declare the prospects for the end of strife in Mexico were brighter than ever. It was expected by the Washington Government that the conference would agree on a Provisional President, probably Fernando Iglesias Calderon—so that his name could be placed before the convention soon to be held in Mexico City to set up a new government for the country.

FISHERIES BODY MEETS

Society Opens Its Sessions in Capital City. WASHINGTON, Sept. 30.—The 44th annual meeting of the American Fisheries Society was opened here today, and will remain in session until October 3. Washington was selected in lieu of New Orleans, where it had been originally planned to hold the meetings. The Committee of Arrangements consisted of the following: H. M. Smith, chief of the Bureau of Fisheries, chairman; Major Richard Sylvester, Irving H. Dunlap, Walter S. Harban; Robert S. Johnson, Theodore S. Johnson, Theodore S. Johnson, W. C. Ravenel, who have planned all that was possible to make the stay in the capital of the visiting delegates a pleasant one and the meeting a success.

BETTING BEGGARS RICH MAN

Street Car Conductor Who Won \$250,000 Now Poor Again. NEW YORK, Sept. 30.—Arraigned in court today on a charge of robbing a house, Frank England, a former street car conductor, who ran up 75 cents to \$250,000, told how he had squandered his riches. "I couldn't quit the betting game," he said, "and in the end they got me—not me for everything, cleaning me out down to a nickel. In 1905 England visited Gravesend track with 75 cents in his pocket. He won, bet again and won, and by night had several hundred dollars. He quit his job as a trolley conductor and started following the ponies. In less than a year he was known to have won \$250,000. Then he broke."

AINEY OUT FOR BRUMBAUGH

Washington Party Congressman Says His Candidacy Solidifies Republicans. Congressman W. D. Ainey, of Montrose, Susquehanna county, who was elected to the National House of Representatives on the Washington party ticket, in a letter to Dr. Martin G. Brumbaugh today, expressed great satisfaction over his nomination as the Republican nominee for Governor and declared his candidacy would do much toward solidifying the Republican party in Pennsylvania. The prediction that Dr. Brumbaugh will be elected by a tremendous majority in November is made in a letter to Dr. Brumbaugh from Professor Homer F. Dilworth of the Millersville State Normal School. The scholarly attainments of Dr. Brumbaugh, his contributions to the cause of education and his worthy appeal to the citizens of Pennsylvania, Professor Dilworth declares, will insure his success.

DEMOCRATS GAIN POINT IN DELAWARE LEGISLATIVE MIXUP

Four Members Declared Eligible to Sit in Assembly. House to Decide Status of Two Others. DOVER, Del., Sept. 30.—Attorney General Josiah O. Wolcott and Code Commissioner Herbert H. Ward and T. Bayard Hesel, to whom was referred the question of eligibility of six members to sit in the special session, today submitted a report to the General Assembly. They declared that no technicalities surrounded the right to sit of Senator Harris and Representatives McDonald and Stoekel, and Speaker Holcomb. In the cases of Representatives Cooper and Swan, who are charged with being dual officeholders, they reported that there was doubt, but that the House, under the Constitution, was the judge of the eligibility of its members. After an hour's skirmishing between the Democrats and Republicans, the eligibility of Representatives Cooper and Swan was referred to a committee of five. Representative Cooper, of Wilmington, resigned on Monday as inspector of drugs and chemicals in the Philadelphia Custom House. Representative Swan is postmaster at Delaware City. Although he had informed legislators of both parties as late as last night that he did not intend to resign, Speaker Holcomb announced that he had seen Mr. Swan's resignation. Mr. Swan did not attend the session today. Representatives Swan and Cooper are Democrats. Should the committee of five to whom their eligibility was submitted throw the matter to a vote in the House, the Democrats could seat the two by a majority five votes. Ex-Attorney General Ward, who read

the opinion, representing the attorney general, said that the fact that the Federal office holding members have resigned would not qualify them to sit in the special session. He emphasized, however, that the House alone was the judge of its right of members and that no tribunal could question its acts. In explaining the drafting of the opinion, Mr. Ward told the legislators that a conference with the State Judges had been held and that the reports embodied the unanimous views of all members of the bench. Contentions had been launched against Speaker Holcomb and Representatives Stoekel and McDonald and Senator Harris by Republicans, because of minor technicalities surrounding their rights to serve. Speaker Holcomb, secretary to Senator Saulsbury, is secretary of the Senate Committee on Coast and Inland Surveys. Harris has been postmaster at Glasgow, but resigned after his election; the other Representatives had moved from their election districts. The Attorney General and Code Commissioner ruled that Speaker Holcomb's role in Washington could not be construed as a Federal position, but that he was merely holding an outside office. The committee, which will decide whether Cooper and Swan should forfeit their seats is composed of Representatives Mooney, Owens, Hammond, Grantland and the latter Republicans. The first three are Democrats and the latter Republicans.

CARE OF NORTHERN NEGRO TRANSFERRED BY PRESBYTERIANS

Freedman's Aid Society Takes Charge of Work as in South—May Devote \$100,000 to Prohibition. ATLANTIC CITY, Sept. 30.—In the interest of uniformity, the Executive Commission of the Presbyterian General Assembly today voted to transfer the care of the Negro race in the North from the Board of Home Missions to the Freedman's Aid Society. The latter body has had charge of work among Negroes in the South, and its jurisdiction is to be extended over the North also, with largely increased powers and facilities. An increase of one per cent. in the budget for temperance, recommended by the subcommittee on finance yesterday, will make \$100,000 available. It was stated today for aggressive church co-operation in States where prohibition amendments are pending. The Rev. E. P. Steffens, of Dubuque Seminary, who is here to ask the Executive Commission for an increase of \$50,000 in his appropriation, today announced an unexpected gift of \$250 by a Philadelphian whom he requested not to name.

MOTHER OF NEGRO GIRL STUDENT ALLEGES DISCRIMINATION

ITHACA, N. Y., Sept. 30.—An alleged attempt to draw the color line against her daughter, Miss Adelaide Cook, a Cornell first-year student, has caused Mrs. Catherine Charles C. Cook, a well-to-do colored woman of Washington, to file a protest with President Schurman and to appeal to the National Association for the Advancement of Colored People, of which Henry Villard, of New York, is president. Mrs. Cook says five white girl students from the South have created a situation unpleasant for her daughter in Sage Hall, a dormitory. These girls, she says, demand that Miss Cook and another colored student be barred from the dormitory, but such action the authorities refused to take. Mrs. Cook now fears that an effort will be made to segregate her daughter, and she proposes to fight.
