A nationwide response was given yesterday to President Wilson's peace proclamation. The President's request that prayers be offered that divine intervention might end the war in Europe, was obeyed by many thousands of persons. President Wilson attended services in the Central Presbyterian Church in Washington, and all the members of the Cabinet attended services. Cardinal Farley offered a special prayer in St. Patrick's Cathedral, New York city. In Chicago, Washington,

WHITE HOUSE APPROVAL
President to Issue "Blanket" Indorsement of Democratic Congressmen.
WASHINGTON, Oct. 5.—Apparently so pleased is President Wilson with the manner in which a Democratic House responded to his wishes along legislative lines that he is contemplating the issue of a "blanket" letter of indorsement for every Democratic member seeking reelection. It was indicated at the White House that the letter would be forthcoming within a few days. The President is expected, however, not to be so wholesale in his indorsement when he comes to consider

HIGH GRADE FABRICS STILL UNAFFECTED BY THE WAR
Joseph G. Darlington and Company Displays New Imported Goods.
Dinner gowns and dancing frocks of chiffon satin and chiffon velvet by Dreocoll, Paquin, Callot and other great French designers, and an exquisite line of silks and velvets, including two novelties in a new pompadour velvet and a material called "chutebo," are the features of the fall opening at Joseph G. Darlington & Co.
Many lines of goods on display are imported, the orders for which were placed months ago and were shipped to this country before the war began. The reaction to American-made goods will hardly be felt in dress goods and high-grade fabrics until the present importations are exhausted.

BURGLARS ROB CHURCH

PITTSBURGH, Pa., Oct. 3.—Burglars early today broke into the Sixth United Presbyterian Church here, dynamited the safe in the adjoining auditorium and made off with \$356.50.
The "Sixth" is a wealthy congregation and the police believe the burglars were inspired by the hope of getting hold of Red Cross funds.

Indications are that the damage will go beyond \$100,000.

HOT WATER SUITS JOHN D.: OTHER GUESTS DRINK TEA

Oil King Declines Cup That Cheers at 90-year-old Woman's Birthday Party.
"Two cups of coffee is enough; two cups, but never three," said Theodore, "will suit me to a T."
"Take back your tea; away with it," said E. G. Johnny De.
"Bring out hot aqua pura is you would resemble me."
TARRYTOWN, N. Y., Oct. 5.—Hot water instead of tea was the beverage consumed by John D. Rockefeller at a "tea party" given on his estate to Mrs. William Morris in honor of her 90th birthday anniversary. Mrs. Martha Fitzgerald, 85 years old, the oldest woman in Tarrytown, was one of those present. All the guests except Mr. Rockefeller related themselves with the cup that cheers but not inebriates.
"Golf is a great game," said Mr. Rockefeller, "and you ladies ought to play it." To prove the efficiency of the game and refute what he declared to be Mrs. Rockefeller's charge that he was getting round shouldered, he stood up and squared his shoulders. The oil king would not admit that he was getting old.

Italian Police Said to Have Seized Invention of Priest.
LONDON, Oct. 5.—A dispatch from Rome to the London Times says:
"It is reported from Aquila that a priest named Domenico Argentieri, has invented a system for receiving wireless messages from closed rooms. No poles or batteries are necessary. The apparatus is of the simplest description and may be carried in one's vest pocket. The inventor said he had received messages from the Eiffel Tower and also from German stations."
"As soon as the police learned of the invention they seized all his apparatus."

Walter Marsh, 15 years old, of 124 Mifflin street, was held in \$500 bail for a further hearing today by Magistrate Belcher at the Tenth and Buttonwood streets station on the charge of running down in his automobile 11-year-old Alexander Simons, of 68 North Eighth street. Marsh took Simons to the Roosevelt Hospital following the accident. Physicians treated the boy for lacerations of the face and head, and later the child's parents insisted on taking him home. It was testified this morning that Marsh was not to blame, the boy running directly in front of the automobile.

Two men, who said they were Benjamin Johnson, 21 years old, Seventh and Federal streets, and Matthew Locker, 25 years old, 2d and Lantonia streets, were held in \$500 bail by Magistrate Toughill this morning on the charge of attempted burglary.

DEFIES POLICE WITH PISTOL

Belain Had Started to "Get" the Man Who Discharged Him.
A desire to be revenged on his former employer led Harry Belain, 1202 North 52d street, to threaten with a revolver Policeman Whalen, of the 61st and Thompson streets station, when the latter interfered with his plans. Belain was held today in \$1000 bail for a further hearing before Magistrate Boyle.
The man was formerly employed at the Woolman dairies, 470 Lancaster avenue, but he was discharged on Saturday by Louis Moore, a foreman. He got a revolver and went to the dairy to "get" Moore, he said. Whalen saw him loitering about the place and ordered him away. Belain walked a short distance and drawing his revolver threatened to shoot the policeman.
Whalen summoned Policeman McCready and the two called upon the man to surrender. Whalen knocked the revolver from Belain's hand with a blow from his night stick. The man fought desperately against capture, but was finally subdued.

Burns received while she was preparing breakfast resulted in the death of Mrs. May Kelly, 44 years old, 18 East Oxford street, at St. Mary's Hospital today.

SLEEPLESS, SOUGHT DEATH

Victim of Insomnia Saved at Hospital by the Pulmotor.
Insomnia led George Strohm, 50 years old, 65 East Lippincott street, to attempt suicide early today by inhaling illuminating gas. His life was saved by prompt use of the pulmotor at the Episcopal Hospital.
Strohm was found on the kitchen floor of his home by his son. Tightly clenched between his teeth was one end of a rubber hose leading from a gas jet. Mrs. Strohm was awakened by the smell of gas and sent her son to investigate. She said that her husband had not slept for weeks.

Passerby Saves House From Fire

A passerby prevented what might have been a serious fire early today in the Turkish bathhouse of Abraham Buckerman, 535 South Fourth street. Buckerman and his family were asleep on the second floor when a candle he had left burning in the dining-room toppled over and set fire to the curtains. Buckerman was roused and put out the flames with buckets of water.
