

QUAY QUILTS RANKS OF PROGRESSIVES; DENOUNCES FLINN

Asserts Betrayal by Pittsburgh Boss, Whom He Calls "Democratic Boss." Returns to Republican Fold

Richard R. Quay, of Pittsburgh, son of the late Senator Matthew Stanley Quay, and a Washington party leader...

Mr. Quay made public a letter he wrote to Colonel Roosevelt on September 17. In that letter Quay told Roosevelt of the secret political manipulations of Flinn...

Mr. Quay also denounced the candidacy of Clifford Pinchot, Washington party nominee for United States Senator. He had this to say of Pinchot's candidacy: "The real Progressive of Pennsylvania believes in Pennsylvania-made products..."

Mr. Quay said that it is his opinion that that of his followers that the Republican ticket this fall will poll four-fifths of the votes that were cast for Roosevelt in 1912. "Within the last few weeks, and since the consummation of this infamous deal with the Democracy..."

WANT HUTCHINSON TO QUIT JERSEY RACE FOR CONGRESS

Many Republicans Said to Be Out of Sympathy With His Campaign.

TRENTON, Oct. 15.—Politicians were busy today with a report that the Republican leaders were not satisfied with ex-Senator E. C. Hutchinson's candidacy against J. Wiegman Thorn, the Progressive candidate for Congress in the 4th district.

The turning over of the former Senator to the Progressive fold some time ago is still to have been due to the failure of "Boss" C. Edward Murray to use his influence to have him renominated as State Board Commissioner. Later, Hutchinson returned to the regular fold, but since that time there have been many dissatisfied Republicans among the rank and file.

Hutchinson did not show up well in the primaries, while Thorn showed phenomenal strength. Many Republicans are saying Hutchinson should step out. They are dissatisfied with tactics employed in behalf of Hutchinson, the attacks on President Wilson being especially resented.

A booklet issued by the Republican County Committee, charging that the President's course in Mexico was that of a "national bully, with an utter disregard of human life, peace and order," has provoked a storm of criticism.

Charles B. Epling, chairman of the Progressive County Committee, in a statement issued today, says that a suggestion made that Thorn withdraw is an admission of weakness on the part of the Republicans and shows that "the party has outlived its usefulness." He adds that it would be a graceful step on the part of Hutchinson to get out of the race.

Mr. Quay made public a letter he wrote to Colonel Roosevelt on September 17. In that letter Quay told Roosevelt of the secret political manipulations of Flinn...

Mr. Quay also denounced the candidacy of Clifford Pinchot, Washington party nominee for United States Senator. He had this to say of Pinchot's candidacy: "The real Progressive of Pennsylvania believes in Pennsylvania-made products..."

MACHINE IMPOSES BIG CAMPAIGN TOLL ON OFFICEHOLDERS

Slim Treasury Requires Compulsory "Contributions" in Larger Amounts Than Ever Before.

The Republican Organization managers in city and State, according to affected officeholders, are "squeezing out" the political assignments more rigidly and in larger amounts this year than ever before.

Heretofore it has been the practice of the treasurer of the Organization to accept "voluntary" contributions. This year the amounts are fixed on a definite basis and no less assessments will be accepted, the officeholders report.

This extraordinary situation, where officeholders are compelled to pay on the percentage basis, is explained by the Organization as caused by the urgent necessity for money and the scarcity of assessable men under the "machine."

Before President Wilson's administration and before Mayor Blankenburg ended the system among the municipal place holders the Organization reaped a rich levy each year from the Federal, State and city officeholders. Their means of toll is now confined to State and county officeholders.

As the result the Organization, forced to have a big amount for the Penrose campaign, has made the usual "voluntary" contribution a compulsory one.

One county officeholder, who has been accustomed to contribute \$40 each year to the Republican City Committee, and the same amount to the Ward Committee, appeared the other day at the offices of the Republican City Committee to "jowl the coffers." He laid down four \$10 bills.

"No, that is not enough," said the collector. "You receive \$2000 a year, and your assessment is \$8. We cannot take less." In cases where the officeholder pleads sickness in his family, or offers another excuse to lessen his burden he is told that he must pay the full assessment that is levied.

Speakers of the evening will include Senator Charles Clark and United States Senator Ollie James. The Progressives will hold two meetings the same evening. J. Hall Anderson, Progressive candidate for Congress, will speak in Eden Hall, the general meeting place of the Progressives.

George L. Records, a State Tax Commissioner of New Jersey, will address a meeting at Fifth and Market streets. The Republicans have not decided on the date for their opening meeting, but a number of prominent Republicans will be heard in Delaware before the campaign ends.

Legislature to Consider Bill in Interest of Men Who Rarely Move. TRENTON, Oct. 15.—One of the first bills to be considered by the next Legislature is a measure to provide for the permanent registration of voters who do not move frequently from one residence to another.

It is intended particularly to be an advantage to those residents who live in one place nearly all their lives, and will make it unnecessary for them to register year after year.

The idea was originated by State Librarian John P. Dullard, and Senator Barton R. Hutchinson, of this county, is considering the plan with a view to incorporating it in a bill to be presented this winter. It is proposed to provide for a permanent registration of voters with election boards which will sit practically the year around in the court houses of the counties.

The plan contemplates personal registration in the fullest sense. It would do away with registration by canvassing in the country districts, but contemplates visits to the places of registry in cities the first year, and after that, unless a man moves from one section to another or is disqualified from voting, his voting place will always be open to him without the trouble of further registration.

LEGISLATIVE FUSION IN CHESTER COUNTY

But No Union by Democrats and Washington Party on Congress Candidate.

WEST CHESTER, Pa., Oct. 15.—In an effort to elect the Republican Legislative ticket in Chester County, the Progressives and Democrats of the county have decided to place a fusion ticket of Legislative candidates in the field, of which two will be members of the Democratic party and the other a Progressive. This move has been quietly talked over at a number of secret conferences held by the leaders in Chester and the surrounding sections.

The Washington party men were asked to withdraw Arthur H. Tomlinson, as a candidate for the congressional seat to oppose Congressman Thomas S. Butler, and name the Democratic candidate, County Chairman Norris B. Slack, in his place.

Both parties held conferences at their headquarters last evening, and the Democrats demanded that their candidate for Congress be accepted by the Progressives, but at the headquarters of the latter this was not accepted, but an agreement was made to fuse on the Legislative ticket, the Washington men presenting the names of Samuel S. Bossert and J. Coulston Reece.

In the final agreement fusion was reached upon. The Legislative ticket named, but no fusion was effected against Congressman Butler. The papers will be filed at Harrisburg today by a committee representing both parties.

DELAWARE'S CAMPAIGN

Two Parties Will Begin Speech-making Next Tuesday.

WILMINGTON, Del., Oct. 15.—The smiling campaign of the two parties in this city next Tuesday, and from that time until the end of the campaign it is expected there will be a steady flow of oratory in all parts of the State.

Both Democrats and Progressives will meet in this city Tuesday evening and it is probable the Republicans will also get into action at the same time. The Democrats have obtained the playhouse for their meeting place. Thomas F. Bayard, Chairman of the Democratic State Committee, will open the meeting and will introduce Senator Willard Saulsbury as the presiding officer. The Senator will make a brief speech, his first at a public meeting in the campaign.

Franklin Brooks, candidate for reelection on the Democratic ticket, will also speak. Speakers of the evening will include Speaker Charles Clark and United States Senator Ollie James. The Progressives will hold two meetings the same evening. J. Hall Anderson, Progressive candidate for Congress, will speak in Eden Hall, the general meeting place of the Progressives.

George L. Records, a State Tax Commissioner of New Jersey, will address a meeting at Fifth and Market streets. The Republicans have not decided on the date for their opening meeting, but a number of prominent Republicans will be heard in Delaware before the campaign ends.

PERMANENT REGISTRATION OF JERSEY VOTERS PLANNED

Legislature to Consider Bill in Interest of Men Who Rarely Move. TRENTON, Oct. 15.—One of the first bills to be considered by the next Legislature is a measure to provide for the permanent registration of voters who do not move frequently from one residence to another.

It is intended particularly to be an advantage to those residents who live in one place nearly all their lives, and will make it unnecessary for them to register year after year.

The idea was originated by State Librarian John P. Dullard, and Senator Barton R. Hutchinson, of this county, is considering the plan with a view to incorporating it in a bill to be presented this winter. It is proposed to provide for a permanent registration of voters with election boards which will sit practically the year around in the court houses of the counties.

The plan contemplates personal registration in the fullest sense. It would do away with registration by canvassing in the country districts, but contemplates visits to the places of registry in cities the first year, and after that, unless a man moves from one section to another or is disqualified from voting, his voting place will always be open to him without the trouble of further registration.

BRUMBAUGH WILL URGE LOCAL OPTION ON THE LEGISLATURE

Believes People Want to Control Liquor Traffic and Promises Zealous Work for Passage of Bill.

PITTSBURGH, Pa., Oct. 15.—"I will not sit idly by, if elected Governor, and wait for the Legislature to pass a local option bill," said Dr. Martin G. Brumbaugh, Republican nominee for Governor, on his arrival here at noon today. "I will do all in my power to force the Legislature to pass a local option bill."

This statement caused the Republicans of this community to think seriously, as nearly all the followers of the Republican party here are "wets."

"I believe the people of Pennsylvania want local option," said Doctor Brumbaugh, "and if I am elected Governor I believe that I will be able to persuade even a 'wet' Legislature to pass a local option bill."

Doctor Brumbaugh was met here by a crowd of 100 and he was escorted to the Arlington House. A reception was held for the Republican nominee for Governor, and he will rest here until this evening, when he will go to Franklin for a large mass-meeting. This afternoon Doctor Brumbaugh met the local school men, and after school hours made an address to about 300 educators from various parts of the county.

The Republican meeting at Franklin tonight will be held only a few blocks away from the Democratic gathering. Speaking at New Castle last night, Doctor Brumbaugh also discussed local option. There he said: "If we are to keep our homes and our schools and our churches as the dominant central power, then it follows that in no county in this State should intoxicating liquors be sold without the consent of the voters of that county."

"I have declared in my primary platform and have spoken all over the Commonwealth for a local option law in Pennsylvania, but there are a few people who seem to think that I have not made myself clear on that question. 'Shall I spell it for you? Surely after a generation spent in training others to speak the English language, I should know how to make my thoughts clear on any issue like that.'"

"I want you to know that I stand four square on that proposition, with all my heart. I don't want any voter or any mother or child to be taught an untruth or to have a misrepresentation of myself on a moral issue presented to them in this campaign. I will not say a thing to get a vote that I will not do after the vote is given."

Doctor Brumbaugh also renewed his pledge that good roads must be built under his administration and that any man or group of men who stood in the way of that realization would have to go.

DENVER VOTING ON RECALL

City Commissioner Charged With Inactivity in Office.

DENVER, Oct. 15.—The voters of Denver today are deciding whether Alexander Nisbet, one of the five commissioners who govern Denver, shall continue as Commissioner of Public Safety or shall be retired. A special election ordered last month by the City Council is being held. The principal candidate against Nisbet is Attorney W. C. Danker, who was put up by the petitioners for Nisbet's recall.

Nisbet is charged with having failed to enforce the laws forbidding gambling and regulating saloons and to furnish adequate police protection. The Council originally set today for the election, and then voted to change it to November 1. The petitioners want into court, however, and got an injunction preventing the change, on the ground that it was illegal.

PINCHOT CAMPAIGNING IN SOFT COAL DISTRICT

Asks Miners of Jefferson County to Help Him Beat Penrose.

PUNXSUTAWNEY, Pa., Oct. 15.—Visiting a county, Jefferson, which Roosevelt carried for the Progressives by 100 in 1912, Clifford Pinchot, nominee for United States Senator, Lex N. Mitchell, a gift of Punxsutawney, who is one of the nominees for Congressional-Large, and a good-sized local reception committee are making an automobile tour of the county with stops half an hour apart today.

This morning, before reaching Brockwayville, where the campaigners paused for luncheon, they had visited seven towns.

At Corsica, Mrs. Pinchot along, the nominee for Senator met several hundred men on their way to work in the mines. At one or two of the stops the candidates invaded the mines, Pinchot and Mitchell emerging with their hands and clothes coated with coal dust.

"I am Mr. Pinchot; help me beat Penrose," was Pinchot's invariable greeting as he shook hands. Mrs. Pinchot or one of the others followed up by handing out the Pinchot booklet. Before noon Pinchot had met and shook hands with 1500 coal miners and expected to meet as many or more in the afternoon before coming to Punxsutawney for tonight's mass-meeting.

Congressman J. M. Langham's opponent in the Washington Territory ticket in the 27th District, Charles Wolfe, of Apollo, accompanying the campaigners, was well received, and his friends predict he will give Langham, who later time had the Bull Moose indorsement, a warm fight.

There were no set speeches by the candidates today.

PANAMA CANAL TRAFFIC HALTED FOR WEEK BY SLIDE

Goethals Reports Channel Blocked for a Thousand Feet.

WASHINGTON, Oct. 15.—Traffic in the newly opened Panama Canal will be suspended for at least one week by reason of the slide in Culebra Cut. This announcement was made by the Isthmian Canal Commission today. Official confirmation of press dispatches announcing the slide were received early today from Colonel Goethals, but the engineers expressed their conviction that no further slides would occur.

The dispatch from Colonel Goethals read: "There was a break in the east bank of the canal north of Gold Hill, about 5 o'clock last evening. The channel was blocked for about 1000 feet, but there are no further movements. It is expected to have the channel open in about one week."

SHIPPERS FEAR LOSSES

Prolonged Delay at Panama Will Upset Sailing Schedules.

NEW YORK, Oct. 15.—Shippers and steamship agents of this city, in calling attention to the recent landslide in the Panama Canal, expressed the opinion today that if the accident ties up navigation longer than a few days it will cause American steamship interests an immense amount of inconvenience and monetary loss. It was pointed out that schedules for sailings have just been completed from New York, Philadelphia, Boston, Baltimore and other ports on the Atlantic seaboard. The constant increase in the traffic through the waterway calls for exact schedules.

Vessels already under way will be delayed at the entrance of the canal until the slide has been cleared away and the congestion of shipping reduced.

BREACH OF PROMISE SUIT

Attorney Faces Girl's Charge That He Failed to Marry Her.

NEW YORK, Oct. 15.—Walter L. Cahill, an attorney, son of John H. Cahill, general counsel for the New York Telephone Company, is a defendant today in a breach of promise suit brought by Miss Dorothy James for \$50,000. She alleges that the young man promised last month to wed her, but has failed to keep his agreement. She recites that preparations had been made for the ceremony, but when the time came to carry out the arrangements the supposed bridegroom could not be found. Miss James is 21 years old. She met Cahill last November.

"PENROSE BEATEN BEFORE HE BEGAN," SAYS M'CORMICK

Democratic Candidate Declares, His Party's Success in November Is Assured, Defies Dr. Brumbaugh.

CORRY, Pa., Oct. 15.—Vance C. McCormick, Washington-Democratic nominee for Governor, in the Library Theatre here at noon, declared Democratic success in November is assured. "Penrose was beaten before he began," he declared, "and nothing can stop us."

McCormick reviewed the State Capitol graft, and attacking "Bigelowism" in the administration of the State Highway Department, said: "Newspaper accounts credit Doctor Brumbaugh with declaring he will see, if elected Governor, that the State roads will be built and supervised by men skilled in road building and not by politicians. They are administered now by a Republican Highway Commissioner, named by a Republican Governor, and the would-be Republican successor of that Republican Governor is apologizing for his party. The State Highway Department, from the Commissioner down to the poorest road laborer, is working now for the election of Brumbaugh. Do you imagine they are doing this with any notion that Brumbaugh, if elected, will discharge them?"

"Brumbaugh would continue Commissioner Bigelow in charge of the State highways or he would make McAfee his successor, and we defy him to say that he would not."

Lewis arraigned the Republican organization for its record in the last Legislature. Tonight, with McCormick and Lewis as the headliners, Democrats and Progressives will join in holding a mass-meeting to be preceded by a parade, in Meadville.

Mr. Palmer sounded a note of assurance to independent Republicans who have fired of the Democratic domination and he assured them that they had nothing to fear in supporting the Democratic party in their effort to defeat Penrose.

Arriving here from Bradford, where he spoke last night, Mr. Palmer this morning began the tour of Warren, Venango and Forest counties. Vance C. McCormick, the Democratic and Washington party nominee for Governor, left the Palmer party last night at Bradford. Today with William Draper Lewis, who withdrew from the Washington party ticket in his favor, he will tour Venango, Warren and Crawford counties.

U. S. ORDNANCE EXPERTS DOUBT BIG GUN STORIES

Impossible for Germans to Use Giant Weapons on Ships.

WASHINGTON, Oct. 15.—"It can't be done," was the unanimous opinion among ordnance experts of the army and navy today, with respect to the report that Germany has manufactured a number of 16-inch guns with a range of 25 miles for use on ships. "Sixteen-inch guns can't shoot that far," said one of the army ordnance officers. "In the second place they couldn't be mounted on ships for a reason that they would tear the vessel to pieces with their concussion and recoil. The same reason would prevent their being moved from place to place for use as siege guns. We have two guns of this size, one at Montauk Point and the other guarding the Panama Canal, but they are mounted on solid concrete foundations and even then their firing jars the whole fort. We know that the Germans have a few of these guns—in fact, they know exactly how many they have—but they all are being used for coast defense."

Miner Killed by Fall of Rock

HUNTINGDON, Pa., Oct. 15.—Edward Crawford, 25 years old, is dead, and Martin Bronson, 39 years old, will die as the result of a fall of rock in the Riddisburg Company mines at Defiance this morning.
