The Republicans in this State elected al out of the 30 Congressmen. With their landslide of votes for the favorite candidates they reduced the number of Democratic Congressmen from 12 to 5. In Philadelphia the result was greater than even the most optimistic stalwarts had predicted. Even in Germantown, one of the strongholds of the independents, the Republican vote was tremendous. The 23d Ward gave the Republican can-didates for Congressmen-at-large the highest vote of any ward.

"At one time Culonel Grover was wealthy," said Mr. Eby, "but he suffered one reverse after another. He was generous to a fault. He would give a friend anything he had without counting the cost. Former Diplomat, Who Had Unexpected Defeat of Donohoe and Logue Gives Philadelphia Solid Delegation for Next Session.

> Republicans captured the entire congressional delegation from this city in the election, upsetting predictions by decisively defeating Congressmen Michael Donohoe and J. Washington Logue for re-election, in spite of their good records, Little interest attached to the first four congressional districts, as there was no doubt the incumbents, Congressmen William S. Vare, George S. Graham, J. Hampton Moore and George W. Edmonds, would be re-elected. In the 5th and 6th Districts, however.

In the 1st district Vare ran up a total vote of 20.382. Two of his colleagues beat this figure, Edmonds getting 25,094 and Darrow getting the highest vote of the local Congressmen, 37,889. John Buit, Washington and Keystone nominee, ran second best, but was far below Vare's figures. His total vote was 442. L. E. McCrossin, Democratic candidate, was given 4188 votes.

The greatest victory ever won by the Republicans of Camden was recorded yesterday. Browning got upwards of 1508 a Gloucester County and nearly 500 in Salein County, a plurality of upwards of 11,000, as against 800, when he first ran four years ago.

John B. Kates, Garfield Pancoast and Charles A. Wolverton, Republican candidates for Assembly, ran away from their Democratic opponents, their pluralities being in the neighborhood of 9200. State Senator Read also made a phenomenal run, defeating H. Graham Bleakly, a Philadelphia lawyer, by a plurality of 1006. Every Republican candidate on the city ticket was successful in the face of a strong fight made by the no-license forces and the advocates of a \$1000 license

### Democratic Congressmen Retired in General Republican Landslide.

In the 5th and 6th Congressional Districts, the only two places where there was any real fight, the first act of the defeated candidates this morning was to congratulate their successors. Congressman J. Washington Logue, of the 5th; and Michael Donohoe, of the 6th, who were retired in favor of Common Councliman George P. Darrow and Common Councilman Peter E. Costello, both declared that their best wishes were for the success of those who had taken their places.

George P. Darrow, the Republican nomince for Congress from the 6th District. who was elected to succeed J. Washington Logue, Democrat, said this morning that he was well pleased, but too tired after his vigil last night to talk very much.

"The general result not only in my district, but throughout the State," he said, satisfaction of the people with conditions as they now exist under Democratic rule. I appreciate the support given me in my own candidacy, and can only reiterate my promise to stand true to my pre-election

pledges to the people." Congressman Logue, who was retired in favor of Mr. Darrow, admitted, this morning, that he was surprised at the result. He had no idea, he declared, that the dissatisfaction with conditions was so widespread. With a smile he remarked that it was only to be expected that all the hard times would be blamed on the Administration

Pierce, Republican candidate for re-elec tion, to be the successful candidate for re-elec-tion, to be the successful candidate by at least 500 majority. Donohoe's record in the two terms he served in Congress is looked upon as remarkable. He has been declared one of the most efficient Congressmen ever elected from Philadelphia, and in view of this his defeat is all the more surprising. The Delaware River appropriations advocated by Donohoe in his two terms were as large as the combined appropriations obtained by all other Philadelphia Congressmen in the six years preceding him. He has always been an aggressive lighter for the Philadelphia Navy Yard

has fought for the cause of the and Frankford Arsenal. Logue's record in fighting for these an other improvements also has been good One of his greatest achievements was th improvement of the local postoffice sys Logue was given 22,901 votes in 1919.

In the city vote on Congressmen-at large the sweep of the Republicans was overwhalming. They carried every one of the 48 wards by large majorities. O of the four Republican candidates, John R. K. Scott got the largest vote, with a total of 166,917. In second place was Thomas S. Crago, with a total of 163,006. D. F. Lafran got 162,901 and M. M. Garland the for 162,582.

REPUBLICANS CARRY 22D WARD. The 23d Ward gave the Republicans i larger vote than any other ward. This is an independent ward, one of the strongest in the city. The high vote for the Organization Congressmen-at-large is explained by the strength of Dr. Martin G. Brumbaugh in that ward. Democratic and Washington party can-

Democratic and Washington party can-didates for Congressmen-at-large showed little strength anywhere in the city, Crosby, Democrat, had the highest vote of any of the losers, his total being 40,474. The vote for the other Democratic can-didates was: Bright, 37,035; Clark, 32,860, and Caton, 32,581. For the Washington party candidates the vote stood: Walters, 37,337; Watson, 34,509; Rupley, 37,180, and Mitchell, 35,479. Lafeen is an educator and a personal

### 'Uncle Joe" Cannon and Old Republican Guard Returned to Power.

Congressional Campaign Committee today CHICAGO, Nov. 4 .- Complete returns from Cook County on the senatorial fight give Sullivan (Dem.), 148,610; Sherman (Rep.), 89,552, and Robins (Prog.), 76,612, plurality of 59,058 for Sullivan in Cook ounty.

Returns from 1641 precincts out of 2785 down-State give Sherman a plurality of 29,110 over Sullivan.

The figures of those precincts are: Sherman, 158,753. Sullivan, 119,643.

Robins, 66,232.

Sherman, at Springfield today, issued a statement claiming his election by a safe plurality. His managers, however, admitand Gaylord, Socialists, have been elected to succeed Stafford and Cary, Republi-cans, from the 4th and 5th districts of ted that they did not hope for more than 15,000 plurality. The Sullivan managers here claimed

victory by 20,000. The Democrats, on early returns today, have lost eight members of Congress from Illinois, the Progressives have lost two and the Republicans have gained ten. Six members of the Repub-lican "old guard" who were defeated in the 1912 landslide apparently have been

With 11 county precincts to hear from, the plurality of Uncle Joe Cannon for Congress has dwindled from an estimate of 2200 last night to 523 this m In the Legislature the Democrats appear to have about held their own, re capturing the Senate, but the Republi-cans probably have gained 20 seats in the House at the expense of Progressives.

# WILSON, OPTIMISTIC, SMILES AT RESULT OF ELECTION

Satisfied at Return of Party to Power. Points to History.

WASHINGTON, Nov. 4 .- President Wilson today conferred with Secretary Tumulty, Postmaster General Burtisson and Thomas Pence, secretary of the Demo-cratic National Committee. Belated re-

turns were gone into carefully. When the conference ended, the Presi-dent said smillingly that he did not regard the Hapublican gains as being in the na-ture of a Democratic defeat, by any means. He called attention to the fact means. He called attention to the fact that only once before in the history of the country had a party which had re-vised the tariff been returned to power in Congress. This, he said, was immediately after the passage of the Dingley tariff bill, when, in 1858, the Republicans main-tained their supremacy in the House by a majority of 10. On that occasion, the President added, the Regublican success was due almost solely to the existence of
