## SOCIALISTS ELECT ONE CONGRESSMAN AND POLL BIG VOTE

Declare Increase in Nation Will Bring Total to 1,-500,000, and in This State 100,000-Maurer Wins in Reading.

From returns received by the Socialist party of Philadelphia and the State Committee of the party in Reading, it is estimated the Socialist vote throughout the country has increased by nearly 500,000, This brings the total vote of the Sociallets, over that of the last presidential election, to about 1,500,000,

In Pennsylvania the State leaders of the party say the Socialist vote will reach the 100,000 mark. This is an increase of about 25,000 over the 1912 vote. In New York the Socialist vote has been increased by 25,000, making a total of nearly 90,000. In Texas the vote has been doubled, from 24,486 to 50,000.

Gains have also been made in Okla-homa, Arizons, California, Illinois, Indi-sna, Nevada, North and South Dakota, Wisconsin, the New England States and New Jersey, where the Socialists have alected many minor city officials.

ELECT ONE CONGRESSMAN. In New York, in the 12th Congressional District, the Socialists elected Myer London to Congress. This district, which comprises the East Side, has been represented by Henry M. Goldfogie, a Tammany man, for many years. After a bitter contest, the Socialists have finally succeeded in defeating Goldfogle by a plurality of 1031, London receiving 5369

plurality of 1031, London receiving 5369 votes and his opponent 4338.

London is one of the leading figures on the East Side, being the legal adviser of the Cloak Makers' Union, which has a membership of nearly 100,000. For many years he has been working on the East Side as leader and propagandist, and his elediton was acclaimed with great delight not only in New York, but by Socialists throughout the United States. He will be the only representative of the party in the only representative of the party in Congress.

In Wisconsin Victor L. Berger, the Socialist leader in Milwaukee, was defeated by 200 votes, while his colleague, former State Senator Winfield R. Gaylord, was defeated by 800 votes, The Socialists have again carried Mil-

waukee County and elected eight Socialist Assemblymen and one State Senator. Winfred C. Zabel, Socialist, is elected District Attorney, and Edmund T. Melms, Socialist, is elected Sheriff. Martin Flehn, Bocialist, for County Clerk, may win when all returns are in.
In Chicago three Socialists have been

elegted to the Illinois Legislature.

MAURER ELECTED IN THIS STATE. In Pennsylvania the Socialists elected James H. Maurer, of Reading, to the Legislature. Maurer is president of the State Federation of Labor and has been prominent in Socialist and labor circles for the last 30 years. His election is the result of a hard and bitter fight. He was a member of the Legislature four

was a member of the Legislature four years ago but was afterward defeated by a combination of Republicans and Democrats against him.

In Haverhil, Mass., Charles H. Morrill has been re-elected by the Socialists to the Legislature for the sixth consecutive to the Socialists. tive term. In Schenectady, N. Y., the Socialists ran a close second to the Re-

publicans.
In Philadelphia, the Socialist leaders say, it is impossible as yet to ascertain the exact vote. According to them the vote will not increase very much, but will be maintained at its former status.

about 5000.

In a statement issued by Charles W. Ervin, campaign manager for James H. Maurer, this morning, Mr. Ervin said:

"The Socialist party has made a spiendid showing at the election on Tuesday. The Socialists have increased their vote throughout the country and will, in a short time, take the place of the Progressives as the third party in the nation. The time is not far distant when the Socialists of the United States will poll a trampadous vote. If we had the system Socialists of the United States will poll a tremendous vote. If we had the system of proportional representation, such as they have in other democratic countries, the Socialists would be represented in Congress by more than a score of men. The election on Tuesday showed that the line is becoming more and more sharply drawn between the capitalistic class and the working class.

"The time is not so far distant when there will be no Democratic party. There will be but two camps, one representing the capitalistic class and the other the working class. The working class today is represented by the Socialist party, which is destined to be the ruling party of this country."

Brumbaugh's Majority 145,- Leaders of National Promi-000, While Penrose Has 208,000 Over Palmer, Who Leads Pinchot by About 20,000.

Nearly complete unofficial returns of Tuesday's election only serve to emphasize the sweeping character of the Republican State ticket's triumph. Doctor Brumbaugh's majority over McCormick, according tao the figures at hand, will be 145,000, which will be increased by 3500 or more when the missing returns from Fayette County are supplied.

Senator Penrose has a plurality ap-proximating 205,000 over Palmer, who in turn leads Pinchot by a trifle more than 20,000 votes, according to incomplete returns. The appended tables give the result n Senator, Governor and Judges as so

# TARIFF TURNS TIDE AGAINST PRESIDENT, REPUBLICANS SAY

nence Give Their Opinions. "Off Year," Declare the Democrats.

Republican leaders, in their interpretations of the landslide of Tuesday, which cut down the great Democratic majority in Congress to a ragged margin, were unanimous in terming the decision of the electorate a condemnation of the Administration's tariff law and of the personal policies of President Wilson.

In this Progressives of national prominence were in perfect agreement with Republicans.

Democrats call it an "off year"; such as McKinley had in 1898; and many try to prove that local issues turned the tide in various States and not a popular rejection of Wilson men as Wilson men.

WASHINGTON, Nov. 5.-United States Benator-elect Wadsworth, of New York, in discussing the algnificance of the result, said:
"The national policy of the Demo

cratic party, particularly in relation to the tariff, has proved a failure and the public in general has lost all confidence in the ability of the Democratic party to conduct the affairs of the Government sensibly. "The people of New York clearly in-

dicated by their vote their desire that the Government should at the earliest op-portunity be placed in the hands of the Republican party, in order that confidence be restored in business circles and a condition of prosperity be re-established.

"In New York State industries were so seriously affected by the tariff schedule put into effect by the Democratic Administration that those in close touch were not greatly surprised at our victory, although the plurality was somewhat be-

yond our estimates.
"I wish to say that I do not think the President's European policy had any effect on the elections. In all our campaign speeches in New York we were careful to support the President's effort for neutrality. The Wilson Administration has met the situation excellently."

"REUNITED PARTY"-BORAH Senator Borah, in a statement, which is taken as the initial shot in his cam-paign for the 1916 nomination, expresses

the opinion that the Bull Modes, for the most part, have scrambled back to the Republican fold. He says:
"The most significant and conclusive fact disclosed by the election returns is that we have a reunited Republican party. It was apparent from the beginning that the only method of successful reuniting was to be through the action of the voters themselves. What the leaders failed to do the voters have done—they have served otice on the leaders and the leaders will

observe the notice.
"It seems to me everything points to the complete success of the Republican party in 1916. Had it not been for the effect of the European war the Repub effect of the European war the Republican triumph would have been much greater. The President was and is stronger than his party. There was a reluctance on the part of many people to seem to discredit him before the nations of the earth when we must de-pend in such a marked degree upon his poise and judgment to avoid any en-tanglements. The fear was much greater than any real danger, but after all it was

a commendable fear.
"It would be a fatal mistake to assume. as is likely to be assumed in some quar-ters, that the people want to swing back to ultra-conservatism or to some methods and policies of the past. It would be equally a mistake to assume that the people want to see any interference with the great fundamental principles of our Government by radical experiments. But they do want to see a liberal, progressive constructive policy which deals with actual conditions.

"The people have simply indicated their belief that no third party is necessary or practical."

GALLINGER'S EYE ON 1916

CONCORD, N. H., Nov. 5.—Jacob H.
Gallinger, returned to the Senate by New
Hampshire's vote, said:
"Beyond a question, a Republican will
be elected to the Presidency in 1916, and
both houses of Congress will also be Republican. The effect of the election this
very will stimulate husiness. Two years year will stimulate business. Two years hence we shall enact a tariff law that will adequately protect manufacturer and

FIELDER BLAMES THE TIMES TRENTON, Nov. 5 .- Governor Fielder,

discussing the failure of New Jersey to support the Democratic ticket and back up President Wilson, said:
"I am both surprised and disappointed. The returns from all over the country in-dicate, however, that the cause of the Democratic defeat is not local.

"There seems to be widespread disap-pointment over condition of the times, really not due to the tariff or to other national or State legislation, but to the war and the tying up of business, for which the party in power, however blameless, is always made to suffer,"

PERKINS "GRATIFIED" NEW YORK, Nov. 5 .- George W. Per-

The defeat of the Democrats is shown to be even more overwhelming when you take into account the decisive strength of the Progressive party in States like Indiana, Ohio, Illinois, California and Kansas.

"If you will take the Republican vote and the Programsive vote of the country you will see how much more emphatic the adverse vote on the Wilson policies has been than simply by a comparison of the Republican and Democratic votes alone."

HOW MITCHEL VIEWS RESULT

Mayor Mitchel said: "I ascribe the Democratic defeat to two "I ascribe the Democratic defeat to two things. First, the strong feeling on the part of Democrata generally against the autocratic rule in this city, and, second, the division of the party in this State. However, I have repeatedly said that Governor Glyan did not owe his nomination to Murphy and that if elected he would have been independent of him." Stuart G. Gibbonsy, attornay for the Comptroller of the Currency, formerly Secretary Mcadoo's partner, said: "Walle the Wilson leaders supported Glyan the rank and file of the Wilson man in this State undoubtedly voted for Whitman. Simeon E. Baldwin, who was defeated in the election, said:

"I think that the indictment of more than 20 of the New York, New Haven and Hartford Company's directors and the labeling as conspirators of a good many highly esteemed citizens of Connecticut who are in their graves had an unfavorable effect on the Democratic presentation."

WILSON VS. ROOSEVELT, NOW SPOKANE, Wash, Nov. 5.— United States Senator Miles Poindexter, Progressive, declared today that the result of the election showed that the presidential race in 1915 would be between Woodrow Wilson and Theodore Roosevelt. He made

this statement:
"The election shows there will be s straight-out fight for the Presidency in 1916 between Wilson and Roosevelt. The latter will be supported by the Progressives of all parties and will win. The West is overwhelmingly Progressive. Many Republicans won by claiming to be Progressives and for Reosevelt. Bus-American policy typified by Roosevelt."

Daniels Calls it Victory

Secretary of the Navy Daniels returned today to his duties after an extended campaign trip through New England, the Middle West and the South. Mr. Daniels shared the optimism of the White House. In a formal statement he said,

in part:
"The Democratic victory of Tuesday
was unprecedented in an off-year. It now appears that the Democrats have plurality in the House of 29 over the Republicans and actually gained two mem ers of the Senate in the election on Tuesday.
"To have held its own in the Senate.

and to have been able to organize the House by the slenderest majority under prevailing conditions, shows the confidence of the people in the Wilson policies "No party before has revised the tariff and shown such a victory in an off year. The Democratic losses in the House appear heavy, but the majority in the last House was in no sense representative of

party divisions in the country and large losses were expected. "The Democratic tariff law, the currency legislation, the anti-trust bill and the trade commission act are yet to dem-onstrate their value. They will do so in the next two years. But for the demoral-ization of business caused by the war in Europe conditions would have been so good this fall as to have given Repubicans no opportunity to 'come back.'

"The party in power must take the blame for all financial and industrial disturbances occasioned by the temporary troubles caused by the frightful foreign war. But this will pass."

## WHITMAN PREPARES TO DRIVE OUT ALL OF TAMMANY MEN

First Move of New York's Governor-elect Will Be Severe Blow to Murphy's Organization.

NEW YORK, Nov. 5 .- Plans are being considered today by District Attorney Whitman, Republican, Governor-elect, to force all Tammany politicians throughout the State out of their political berths as soon as Mr. Whitman assumes office on January 1 next. The men who will not resign will be

legislated out of office by the Republicancontrolled Legislature and the various de partments reorganized, it was announced. The Public Service Commissions are to be placed on a bi-partisan basis as created by Governor Hughes, and the prison and conservation departments will be given a thorough housecleaning. ## SALOON CABARETS CATERING TO YOUTH DOOMED TO PASS

Vice Squad Detectives Gather Some Startling Evidence at Back Room "Entertainments" in Many Sections.

Cabaret shows, such as they are, in dingy back rooms of saloons, are doomed. The score or more of saloons in this city which have been giving "entertainments" nightly for their patrons, it is understood, have ordered singers to refrain from off-color songs, long so popular in these places.

The cause of so much anxiety on the part of the owners and managers of these saloons is the news that Charles Lee and his vice equad policemen are nightly making the rounds of the cab-

Young girls, from 16 years to 20, can be seen nightly in some of the more openly run places ordering drinks without the slightest hesitancy, it is said. Proprietors of several of the cabarets, one near a police station, seem to forget to close down on the saio of drinks at midnight Saturday.

Another saloon, which for many years

was a business failure, has taken on a decided brace and is now a big moneymaker for the owner, since he placed th sign "Cabaret" outside his place in large electric lights. The "Cabaret" consist of one man and one woman, who sing sug gestive songs.

streets, there is much competition in the "cabaret" business. Three saloons, each with its own show, bid for business. One of the favorite spots in their neighbor-hood went bankrupt recently, in trying to put a few extra frills on decorations of the place.
Some of the "cabaret shows," run in

backrooms of neighborhood saloons, have been life-savers for the run-down busines of many places about to relinquish their icenses.

This done, orders are issued to the bartenders to serve and not to question the age of young people, even though their appearance indicates they are not 21 years old. In some instances, an electric plano is the entire "cabaret." The police say many of these cabarets with their "entertainment" sham are breeding places for vice.

The police have a list of most of these establishments, and as a result of the vice squad rumor many have recently vice squad rumor many have recently been turning away some of their regular customers, consisting of girls not more than 16 or 17 years old. They have forth these girls that they must wait un-ti' the "storm blows over," when they will be welcomed back.

## OREGON VOTES "DRY"

United States Senator.

PORTLAND, Ore., Nov. 5.—Returns from all parts of the State today show clearly that Senator George Chamber-lain, Dem., has been returned to Congress. Otherwise Oregon went cleanly Republican. The State went dry by a heavy plurality. The law, however, does not go into effect until January, 1918.

COLORADO ALSO "DRY" DENVER. Col., Nov. 5 — Colorado went dry by more than 5000 votes in Tuesday's election. United States Senator Charles Thomas, Dem., may pull through. Edward T. Keating, Dem., has probably been re-elected to Congress by a slight plurality, but Congressman Seldonridge appears to have been defested. Congressman Edward T. Taylor won by a small majority. Carlson, Re-publican was elected Governor.

Is Arrented. George Dennison, 127 Seville street, Manayunk, almost went to jail today for throwing a china bowl at his own head and inflicting a severe scalp wound. Dennison, the police say, meant to hit his wife with the china. Her plea saved him from a jail sentence at the hands of Mag-

Istrate Grells in the Manayunk station. The police took Dennison to St. Tim othy's Hospital to have his scalp wound treated, following an altercation at his home. At the station it developed that Dennison picked up a heavy china bowl and started to throw it at his wife to emphasize his point in an argument. The bowl was so heavy that Dennison's feet slipped from under him. This spoiled his nim so that he hit the floor with the bowl. He hit the bowl with his head as

## SOURCE OF SUPPLY FOR GERMAN WAR CRAFT A MYSTERY

Kaiser's Cruisers Prey on Commerce for Three Months Without Having a Naval Base.

Maritime circles in this city are amazed at the news that German warships, minus any naval base either in the Atlantic or Pacific Ocean, still are able to prey upon commerce.

The activities of the warships are surrounded with mystery. Since the war began three months ago these ships have been steadily at work sinking vessels with regularity and dodging the British warships when they desired or giving battle and sinking a few like they did off the coast of Chili a few days ago.

The chief mystery to shipping men here surrounds the source of supplies. Early in the campaign German warships were coaled and provisioned by vessels out of this port. This was made certain when the captains of the Norwegian steamships Sommerstad and Fram confessed they had cargoes on board their vessels intended for delivery at sea to the Ger-man cruisers Karlsruhe and Dresden The exposure resulted in the cargoes being returned to the original shippers.
Publication of the vessels' manifests
made the exposure possible, but an incentive and aid to shippers of contraband
cargoes, according to shipping men, was
the order issued last week by the Treasury Department prohibiting the custom officials to show manifests to any person not in the Government service until 30

days after the vessels had left port.

Speculation as to the ways and means of the supplying of the warships is rife in maritime circles. The Karlsruhe and the Dresden in the Atlantic and the Emden operating in the Far East are probable keeping, up their supplies for the control of the cont ably keeping up their supplies from the large number of vessels they have cap-tured and sunk.

As these warships have no port to take their prizes they are compelled to sink them. Before applying the mine beneath their hulls the ship's stores and as much coal as needed are transferred to the war-

# DIRECTUM I TO

Will Be Driven by Roy Snedeker Over Kirkwood Track—After Dan Patch's 1:55 Mark.

Ray Snedeker, of Grand Circuit fame, will drive Directum I, 1:58, by Directum Kelly, against the world's record today at the Kirkwood mile track at Kirkwood, Del., in a special exhibition to beat 1:55 held by Dan Patch. The son of Directum Kelly will be paced by two runners and an automobile will carry the windshield. The introduction of the automobile is a striking innovation and it will be the first time in history of the turf that a motordriven vehicle will be used for such a purpose.

Every indication points that the record made by Dan Patch September 8, 1906, at St Paul will be lowered, as the horse is in the greatest pacing shape of his career. In a letter received today from a noted horseman, who lives near the Kirkwood track, he says: "With the weather that is prevailing, the stallion should have no trouble in creating a new

record."
"Just to give the public an idea of

"Just to give the public an idea of what they may expect," writes the horseman, "on Sunday last Ray Snedeker warmed the great sidewheeler up in three slow miles of \$142, 215½ and \$112½, respectively, and let him step the next heat in 2024, without a pacemaker and urged only by the voice of his driver.

"When he rounded into the stretch he was cut loose and paced the final quarter in 25½, Tuning him to what mustcians term 'concert pitch,' Snedeker sent Directum I another lap in \$105."

The following sentlemen have been named as officials: Judges—Joshua Evans, Philadelphia: Jefferson B. Foard, Middletown, Del., and Joseph Davidson, Wilmington, Del. Timers—A. B. Coxe, Paoli, Pa., H. T. Wallace, Wilmington, Del., and C. W. Baker, Aberdeen, Md. "Fred" Schreve, of Philadelphia, will be the starting judge.

Another race following the main event will bring together Lucy Van, \$1134; Direct Tone, 2004, and Beau Ashton, 2144, all trotters out for the trotting champlonship of Wilmington. Two other contests will also be decided. In addition there will be many horses out for breaders' records.

## MACK AT MEETING

## "HOUSE-CLEANING" BY BRUMBAUGH TO **BEGIN IN CABINET**

Bigelow Sure to Leave Highways Department—Francis Shunk Brown May Be Attorney General.

An entirely new Cabinet, so far as the principal officers are concerned, will probably be appointed by Governor-elect Brumbaugh. The general opinion of political leaders is that he will make wholesale changes "on the hill," and that he will clean house thoroughly when he makes his appointments. Speculation over the probable member-

ship of Brumbaugh's cabinet was gen-

eral in political circles today. A new Attorney General, a new Secretary of the Commonwealth, and a successor to E. M. Bigelow as head of the Highways Department, are the principal changes expected. John C. Rilling, of Erie, has been spoken of as a leading candidate for Secretary of the Commonwealth. He was formerly chairman of the Democratic State Committee, but has been inactive in politics for many years. He is a close personal friend of the Governor-elect, and assisted in framing the school code, for the enactment of which Doctor Brumbaugh

worked hard. Rilling is an attorney, and

the Governor-elect is known to have a high regard for his ability. TENER HAS PLACE FOR M'AFEE. Robert McAfee, the present Secretary of the Commonwealth, is expected to be appointed to a place on the Public Service Commission by Governor Tener. There is a vacancy on that commission now. It pays \$10,000 a year. The vacancy occurred last spring, but the place was held open until after the election, supposedly for the purpose of "taking care" of State Senator William E. Crow or some other Republican organization leader in the

State in the event of his defeat.

Now that Senator Crow, who was the most favored candidate, has been reelected, Governor Tener is expected to announce McAfee's appointment soon. Francis Shunk Brown is most promi-nently mentioned to succeed John C. Bell as Attorney General. Mr. Brown is favored by the Vares, but not by the Penrose-McNichol faction of the Repub-lican State Organization. In view of the vote that South Philadelphia gave Penrose, however, it is thought by politicians that Penrose will not oppose the appointment of Brown, should Brumbaugh wish to appoint him.

James S. Hlatt, who managed Brumbaugh's campaign for the Brumbaugh Citizens' Committee, and Robert Grier, of the speakers' bureau of the Republican State Committee, are both prominently mentioned as probable appointees as sec-retary to the Governor. William H. Shoemaker, a lawyer and a member of the Board of Viewers, has also been men-

BIGELOW SEEMS SURE TO GO.

It appears to be amost certain that
Bigelow will go. Several times during
his campaign Doctor Brumbaugh pledged
himself to clean house in the highways department, and on one occasion it was in answer to a direct question as to whether he intended to oust Bigelow, Bigelow's probable successor has not been discussed.

Other offices over which the Governor holds the power of appointment are Adholds the power of appointment are Adjutant General, Insurance Commissioner, State Fire Marshal, Secretary of Agriculture, Commissioner of Forestry Factory Inspector, Chief of Mines Departement, Superintendent of Public Buildings and Grounds, Superintendent of Public Printing and Binding, State Librarian and Commissioner of Fisheries.

Governor-elect Brumbaugh is expected to retain Dr. Samuel J. Dixon as Com-missioner of Health, and John G. Groome as Superintendent of the State Police.
Both are regarded as "fixtures" because
of the services they have rendered. William H. Smith. Commissioner of Banking, and Dr. Nathan C. Schaeffer, Superintendent of Public Institution, are also
expected to be retained.

There are at present two judicial vacancies in the State, one in the Municipal Court of Philadelphia, caused by nicipal Court of Philadelphia, caused by the death of Judge Mellon, and the other on the Montgomery County Common Pleas bench, caused by the death of Judge Weand last May. U. B. Sends Islands 47 Per Cent. of Imports

America sends French Ocsania muse than if per cent of its imports, and receives in return a trifle over 50 per cent of its exports. The United States does only a little less business with those islands than the rest of the world combined, notwithstanding a preferential teriff in favor of France and its other colonies. This is principally due to the relative geographical situations of Papeste and sian Francisco, which is the nearest important world port, and to the established business relations of long standing between merchants of the two cities.
