Pastor Advances Plan to Prevent Loss in Membership.

A follow-up system to keep members Reformed churches interested in church work, when they move from one community to another, was proposed this afternoon at a conference of the Minisiterial Association of Reformed Churches of Philadeiphia and Vicinity. largely attended. The proposal was made by the Rev. Dr. F. W. Berloman, who spoke on "The Problem of Our Lapsed Memberships." Prominent clergymen declare hundreds of members are lost each year to churches because of changing of resi-dence. The plan is to have records made of members moving from one part of the city to another, or from this city to other cities, or from other cities to this city, so that the ministers whose churches are near the homes of the new residents may invite them to join in the work of these churches. The Rev. Dr. R. C.
