# DU PONT FACTORIES BUSY TURNING OUT POWDER ORDERS

Shipments of \$1,000,000 a Week Manufactured. Company's Plants Are Working at Top Speed.

WILMINGTON, Del., Jan. 25. For the fest time in a number of years the upper milis of the du Pont Powder Company m this city are busy and are turning at tons of powder. For a long time they and been idle, but recently they resumed operation. Night and day forces are now

at work.
It is understood that the demand for smokeless powder is so large that it is impossible to ship all of the orders in time to sult the purchasers, and in conseguence of this a considerable number of them are taking black powder, which is made in a much shorter time than the smokless variety. According to reports, a million dollars' sorth of powder a week is now being manufactured and shipped by the du Pont manufactured and shipped by the du Pont

manufactured and shipped by the du Pont Powder Company, most of which is shipped from the Carney Point plant, opposite this city. The other smokeless powder plant, at Haskell, N. J., is also working swrtime in order to supply the demand for powder. Trainloads of powder are being shipped from Carney Point, and large shipments of black powder are being sade from this city. The company has a large number of black powder plants in sedition to the one in Wilmington, the one at Keokuk, Ia., being larger than the one in Wilmington, and considered the largest in the world.

## EDISON PLANT BUSY AGAIN

\$2,000,000 Fire Only a Temporary Halt.

WEST ORANGE, N. J., Jan. 25 .- A lit-WEST ORANGE, N. J., Jan. 25.—A lit-tle more than six weeks after the fire which, on December 3, destroyed the ma-jority of the buildings at the Edison plant here, entailing a loss of about \$2, 600, the various branches affected are sgain normal, and today Mr. Edison de-ciared that "things are going along mer-rily and without a hitch. We are rapidly becoming normal, and we are turning out products night and day."

Already the five-story concrete adminis

tration building is in use, after having been repaired, and the large six-story building is again being used to manufac-ture records. Men in the storage battery buildings are working night and day.

Every Employe Ordered to Report for Work.

PITTSBURGH, Jan. 25.-Every man in the employ of the Pitsburgh Steel Com-pany at Charlerol and Monessen was or-tered to report for work today. All departments of the company's plant were placed in full operation, and according to a statement made by an official will be kept at work for months to come.

300 Men Resume Work on Full Time ELIZABETH, N. J., Jan. 25.—Full-time sork has been resumed in the tool room of the Singer factory here, giving employment to 300 men. This is the second department of the plant to go on full time since the first of the year.

WORCESTER, Mass., Jan. 25.-The with works of the American Steel and pany resumed six and five day schedules this morning in several departments. The new schedule affects 2500 men and adds one day to the working hours in the simp in October.

## THIEVES, TAKE NOTICE!

Boy Scouts Are Seeking Men Who Stole Sweaters.

Tou had better not wear your sweater today if you have one. You may get "pluched."

Persons all over the city who put on aweaters this cold morning will wish they hadn't before the day is over. They are seing trailed by a Boy Scout detective, who may have told his fellow Scouts too. In fact, the entire body of 2000 Boy Scouts may be on the lookout for persons wearing sweaters.

The startling intelligence leaked out through a succinct letter to the Evening Leogen, which reads:

Last night, at 6123 Vine street, there was a robbery going on. Three or four men went in a drygoods store to put men went in a drygoods store to put on sweaters to buy. But as they had them on they ran away. The store-keeper went to the police station at flist and Thompson streets. The men all got away. I regret that. AUGUST PAGEL. 6113 Callowhill street. Troop 73. ### STATE BOARD HANDS DOWN PUBLIC COMPANY RULING

Corporations Must File Intentions Concerning Discounts, Etc.

HARRISBURG, Jan. 25 .- The State Pub-Service Commission, in an opinion handed down this morning, makes a rule on all public service companies, in effect March 1, on five days' notice, requiring that all such companies file in their sched-ules of rates and tariffs their intentions concerning rates, discounts and penalties Steel Co. Adds Day to Working Hours for prompt or delayed payment of bills. The companies must provide, in their posted and filed tariffs, a rule clearly exact circumstances and conditions under which, penalties are imposed and dis-counts allowed, and in the case of allow-ance of discounts stating in clear and un-ambiguous terms whether or not pay-ments malled, as evidenced by the United States Postoffice mark on or previous to the last day of the discount period, will be deemed by the company to be a pay-ment of the bill within such discount

period.

The commission expresses no opinion with respect to the advisability of the continuance or adoption of a rule providing for the mailing of payments on the last day of the discount period, but issues the ruling merely for the purpose of requiring that such practices as are in vogue, or as may be adopted, shall be clearly set forth in the tariff and applied equally and without discrimination or preference to all shippers, consumers and patrons under like conditions and under similar circumstances as provided by the

# COPPER COMPANIES PREPARE PROTESTS AGAINST SEIZURES

31 Cargoes, Worth \$5,500, 000, Retained by England. John Bassett Moore Retained to Push Case.

NEW YORK, Jan. S.-Experts in international law who are familiar with the attempts of the American copper interests to obtain from Great Britain the release of more than \$5,000,000 worth of American copper now interned at various European ports by the British Admiralty, believe that a crisis is rapidly approaching, and that the long controversy must soon be settled. John Bassett Moore, formerly counselor to the Department of State, the foremost American authority on international and admiralty law, has been retained by five of the largest copper companies to push a series of charges now before the State Departnent that Great Britain is deliberately BE COMBINED SOON throttling the American copper industry, which, the companies say, amounts to more than \$107,000,000 a year.
