

ZEPPELIN DROPS TEN BOMBS UPON CALAIS

Five Civilians Killed in Air Raid on Coast City—Another Attack on Railway.

PARIS, Feb. 23.—A Zeppelin airship bombarded Calais yesterday. It dropped ten projectiles which killed five persons belonging to the civil population and caused some unimportant material damage.

This official War Office bulletin, issued last night, is supplemented by a dispatch to the Havas Agency from Calais which says that a German dirigible dropped a number of bombs on the St. Omer, Hazebrouck and Dunkirk Railroad line in the vicinity of Fontinettes.

Only slight damage was done and train service was immediately re-established. Two incendiary bombs damaged several dwellings in the village. Fontinettes is a small station 2 1/2 miles southeast of Calais.

Dispatches from Berne say that Swiss soldiers opened fire yesterday on an aeroplane, said to have been German, which flew over Bonfraz. The machine was struck by three bullets and the pilot was forced to descend at Ferrette.

Dutch officers at the frontier post of Eede's squadron of Zeppelin airship and a number of aeroplanes flying westward early Monday morning. They were apparently headed toward England.
