

SHARP RECOVERY FROM LOW MADE BY RAPID TRANSIT AT CLOSE WHEAT MARKET DOWN

FIVE-POINT BREAK IN DISTILLERS' ISSUES Company's Stocks and Bonds Recede on Unfavorable News Regarding Yearly Earnings.

NEW YORK, March 2.—Continued recovery by shorts in the fact that there was a little stock offered at the market today caused strength in stocks at the opening today. The strength continued throughout the morning and afternoon, being up as much as 1/2 point, although the advances were, for the most part, confined to good-sized fractions. On the whole, the action of the market was very similar to that of Great Britain in respect to the fact that the market was generally up to the close of the day.

A few minutes before the close bids at 1/2 found no takers and the price was raised to 3/8, over 1000 shares being taken.
