TAILLEUR COSTUMES IN THE MODE

The skirts here are about as near to trousers as they could be made, foreshadowing pantalettes in the near future. The gray suit shows some of the new slashed pockets.

DISTINCT WAR INFLUENCE IN THIS EFFECT

The coat is cut in military tunic style, with a sort of Turko-Belgian air to the hat. The embroidery is suggestive of the Balkan States.

THE GREEK COLONY BUZZES WITH WAR TALK

This sort of scene may be witnessed any day among the Locust street stores, where the Hellenes read the Greek papers and wonder how long it will be before their country joins in.
