> THE MEN'S BIBLE CLASS CENTRAL TRUTH OF TOMORROW'S LESSON (April 25, 1915-International Series-1 Samuel, xvil, 1-51.) THE TRIUMPH OF TRUTH By GEORGE G. DOWEY

"David and Goliath" is one of the best-known hero stories of the Bible. Its details are fascinating; how David, the strippling, was sent to the camp to inquire about his big soldier-brothers; how he found the two opposing armies on opposite hills, each waiting for the other to

combatants; the daily challenge of Gollath; the fear possessing Israel; the courage of David in accepting the giant's challenge, and his brother's rebuke; his appearnuce before King Saul and rejecting Saul's armor. Then the selecting of five stones for the sling and David meeting the giant single-handed. The combat was short; one stone from the shepherd's sling felled the Philiatine champion and his army was routed. The central truth has special, typical significance

all this we find more than a battle of human armies; it GEO. G. DOWEY was a conflict of principles, of right and of wrong, of ruth and of falschood. The armies representing these principles had met and clashed often, but the issue was finally decided by the two individual champions. Goliath represented the gods of evil and falsehood; David came

in the name of the God of Truth, and Truth was triumphant. The conflict of these same principles is waging today. The Divine Principle of right and truth against the world principle of evil and error. The church and the world have been in constant clash; first one, then the other, seems to triumph. If the Bible be true, all these battles will head up in a combat between two individual champions, Christ and Satan, and the preat usue of the universe will ultimately be decided when the two thiefs meet.
