Doyle ran out the fly, and after turning first and seeing the ball coming toward him, reached out, caught it and threw it to the Braves second baseman. Burns had scored long before the throw from Moran reached Doyle's hands, but the Braves put in a kick against Doyle's action in catching the ball, and Umpire Quigley ruled in their favor, declaring Burns out for Doyle's interference, and the run did not count. EDDIE M'ANDREWS WINS BOUT OVER BUCK FLEMING

Clever Boxer Outpoints Slugger in Fairmount Fray.

**** 13

Eddle McAndrews defeated Buck Fleining in the final bout at the Fairmount Athletic Club last night. It was a cunning boxer, who possessed a wallop in

ning boxer, who possessed a wallep in either hand, matched against one who de-pended on his ability to hit and get away to win, and the former triumpled. Fleming held the margin or advantage in the first two rounds. His method of attack proved too puzzling for McAn-drews to solve. He would allow the Man-ayunk boxer to lead and then, before McAndrews had time to regain his squi-librium, he would step in with a short, snppy, right uppercut or a stiff left jab, which found lodgment repeatedly. However, during the last four sessions

which found lodgment repeatedly. However, during the last four sensions McAndrews did not attempt to box Flem-ing at long range, but continually rushed the latter, and getting in close he would send a volley of left and right swings to Fleming's midsection. In the third routhd a hard right swing started blood flowing from Fleming's mouth and McAndrews landed often chough thereafter to entitle him to the decision by a cenerous marcin.

Tough thereafter to entitle him to the decision by a generous margin. Young Jack Toland meted out a nifty lacing to Eddle Chvanaugh in the semi-windup. Toland worked a nest punch with rapid-fire precision during the con-test, and he succeeded in penetrating Cavanaugh's guard repeatedly with rights and lefts to the bady. and lefts to the body.

Choosing a School for Your Son or Daughter

is a very difficult thing to do unless you have personally visited and investigated a large number. In order to help you and save you a great amount of correspondence and tiresome investigation, LEDGER CENTRAL sent out a college graduate to visit schools and colleges. He has spent several months visiting all the best schools in the East, securing all sorts of information at first hand and is qualified to help you find the school best suited to the peculiar needs of your boy or girl, at whatever price you can afford to pay. The service is free, and we suggest that you get in touch with the Bureau at once, as many schools are registering pupils now, and will be filled to capacity before June. Call, write or phone.
