LABOR LEADERS OPPOSE PLAN TO EMBARRASS PRESIDENT

Executive Council of Building Trades Favors Attitude Toward Germany.

ATLANTIC CITY, June 11.—The proposition of Congressman Frank Buchanan that organized labor go on record as protesting against President Wilson's stand in the negotiations with Germany met opposition here this morning from labor leaders in the executive council of the building trades department of the American Federation of Labor.

Congressman Buchanan, who has been leading the "peace" movement in the Middle West, declaring that the Lusitania incident is not sufficient cause for resentment on the part of the United States, which is said to have a large German-American population.

Leaders in the executive council received Buchanan's proposal in silence without any show of enthusiasm. They feel that adoption of his proposition would make organized labor the target of an attack on the ground that it was seeking to embarrass the President in the discharge of a great national duty.

What ordinary soaps do to the skin

ORDINARY toilet soap makes your skin look white and clean to the naked eye—but look at it through a magnifying glass. You will find that the "free" alkali, which ordinary soap contains, has roughened, irritated and parched your skin; and this may in time cause blotches, pimples, blackheads and other skin troubles.

You need a soap which not only cleans your skin, but also soothes, heals and protects it—that is why you should get a cake of Resinol Soap from your druggist. This pure and delightful toilet soap contains the same medication as Resinol Ointment, the standard prescription for skin troubles. It therefore affords an antiseptic protection to the skin, which merely pure soap does not do. Resinol Soap keeps the skin in a clean, healthy condition and insures a clear, natural complexion. Resinol Soap and Resinol Ointment are sold by all druggists. For trial size of each free, write to Resinol Chem. Co., Baltimore, Md.

WAR IN ATMOSPHERE, SAYS CONGRESSMAN AT MONUMENT UNVEILING

Representative Graham, Speaking in West Chester, Warns Country on Need of Preparation. Patriotic Cheers at Memorial for Soldier Dead.

A call for the citizens of the United States to be prepared for war was sounded by Congressman George S. Graham, speaking this afternoon at the unveiling of the Soldiers', Sailors' and Marines' Monument in the Courthouse Square, West Chester. Although he did not mention Germany or the sinking of the Lusitania, Congressman Graham said "war is in the atmosphere."

When he asserted that at any time it may become necessary for patriotic Americans to emulate the patriotic dead in whose honor the monument was erected, and answer the bugle call to arms, he was greeted by rousing cheers. "It is our duty to be patriotic and stand together in defense of the flag," he exclaimed.

More than 35,000 persons packed the Court House Square, when 11-year-old Ethel Peters Butler, daughter of Major Smedley D. Butler, drew the cord which unveiled the monument there. As the outline of the monument was revealed suddenly the United States Marine Band burst forth in the strains of "The Star-Spangled Banner" and in an instant heads were bared as a thrill of patriotism swept over the great throng.

A few minutes earlier with bowed heads the thousands had listened to the Rev. Jay B. Dickinson invoke the Divine guidance upon the destinies of the American nation in the present crisis. The unveiling of the monument to the American heroes who have fallen in battle, brought with striking force to the minds of the crowd a picture of the terrible toll which a war at this time would mean.

The entire ceremony was marked by a martial air. More than 200 seats on the Courthouse lawn were filled with veterans and their friends, and a little further away stood 1200 men of the 1st Brigade, United States Marine Corps. In addition there were present the Spanish War veterans and the 6th Regiment and Battery.

The final speaker was Senator Boies Penrose. Howard A. Deal, Jr., chairman of the Committee on Arrangements, presided and introduced the speakers. The monument was presented on behalf of the County Commissioners by W. W. MacElree, and the speech of acceptance was made by Captain W. E. Underwood.

LANE WILL REPRESENT U. S. HERE JULY 4TH

Secretary of the Interior Named by President to Attend Great Celebration.

Word came from Washington today that Franklin K. Lane, Secretary of the Interior, would be selected by President Wilson to represent the Federal Government at the national Fourth of July celebration in Philadelphia. Mr. Lane is regarded as one of the best orators in the Cabinet. He has a ready command of language and ranks next to ex-Secretary of State Bryan as a speaker.

An Congressman William S. Vane will preside at the ceremonies, the national Government will thus have two representatives at the celebration. Governor Brumbaugh will represent the State, but because of the inability of Mayor Blankenburg to be present the city will be represented by Director Porter.

The Mayor has promised to attend the dinner which opens the Fourth celebration July 3, at the Bellevue-Stratford. The Fourth of July Committee will ask Secretary Lane also to accept an invitation to the dinner, so that the opening function will have national, State and city representation.

That the coming celebration will bring beneficial results to the city generally is evidenced by the requests for reservations now being received at many of the hotels. Delegations from the New England States, on the way to visit the Panama-Pacific Exposition, are arranging to stop over here for the celebration.
