ander and Mayer Hold Moran's Men in First Place-Athletics Slowly Round Into Form-Malone Will Play Third Base. New Move to Play Faster Baseball,

the brilliant work of the Phillies during the last week has been the same of the baseball world. When the Phillies started the tour it was ally believed that they had struck the toboggan after being badly trounced paston and Brooklyn. But, instead of allowing these defeats to disorganize sum-work, Moran's men fought harder and the breaks finally came their Wonderful pitching carried the club through the West at a terrific clip the hitting was not consistent, but apparently the team has found itself alls due to hit as it should,

Alexander and Mayer Continue Winning Pace

Alexander and Mayer continue to baffile opposing batamen, and so long stay can keep going at their present speed there is no danger of the sales falling very far behind the leaders. It is only natural to expect a sep from Alexander and Mayer at some time, but when that happens it is that Chalmers, Demaree and Rixey will be in winning form. These three are pitched splendid ball, but they seem to get but little support in the field at at bat from the rest of the team.

is the meantime the Athletics have been steadily improving in all departmeta particularly in pitching, and it is only a question of a few weeks before by will be mounting in the race. St. Louis was beaten three out of four, but s Indians surprised the Mackmen by taking two out of three. The brilliant est of Guy Morton and Willie Mitchell on the mound was responsible for sue defeate, as the Athletics played excellent ball in all other departments at latting. The return of Schang has been a big help, though Lapp was siching better ball than he has in four years. Lajoie and Oldring are rapidly covering from their injuries. They will be back in the game in a few days, ed then the team will be intact for the first time in six weeks.

The poor work of Eddie Murphy during the last week has caused Manager Back to supplant him with Thompson. The latter will play in centre with srunk in right until Murphy shows a return to form. The change was made jet in time, as it was Thompson's single that drove home the winning run minst the Tigers Saturday, and it was Strunk's catch of a long drive that aved the game in the eighth inning. It is not discrediting Eddle Murphy to ay that he would not have been anywhere near this ball, as there are few out-

Malone Will Be Shifted to Third Base.

Two interested spectators at the first game with Detroit were Joseph T. wine, a crack trapshooter of Baltimore, who is the father of Louis Malone, nok's star young infielder, and Brother Gilbert, athletic director at Mt. St. hugh's College. The latter coached the ball team at Mt. St. Joseph this spring, at developed three youngsters who have been signed by major league clubs. Buy are Malone, with the Athletics, and Cahill and Meadows, with Washing-The latter has been sent to Richmond, of the International League, for brider seasoning.

Immediately after the game, Manager Mack and Brother Gilbert held a stle consultation, and the latter imparted the good news to Mack that Malone No. as a better third baseman than second. Local fans will find this hard to hive after watching the sensational youngster perform during the last week, E Brother Gilbert insists it is the truth.

That Manager Mack was surprised and pleased at the news is putting it ally, and it means that young Malone will be shifted over to third when Lies returns to the game. At the present time Kopf is playing fine ball, there is little need for a change, but it is becoming more apparent every by that Mack must find a place for the brilliant Malone when Lajoie returns second. Malone will remain in the regular line-up.
