Financial Briefs

The gross earnings of 34 railroads in the second week of July were \$10,852,144, de-crease \$1,216,066.

The Bank of England reports the amount of currency notes outstanding at £46,556.554, against £49,38471 last week. The amount of gold held for the redamption of such notes remains at £28,500,000.

It is said Isaac Rice and his family realized \$3,590,000 from the rise in Elec-tric Roat Company stock, and invested their profits in high-grade bonds.

New York banks jost \$55,000 to the Bubtreasury yesterday.

The property of the United States Metals Products Company is to be sold by Special Master John J. Townsend on

August 2. Commercial failures this week in the United States were til, against 436 last

week. Rumor has it that England is considering a \$100,000,000 loan here with American bonds as collateral, as in the case of the recent arrangement with France.

The American Linseed Company announces a reduction in the price of lineseed oil to 54 cents per gailon of 74 pounds. This is a reduction of 20 cents per gailon and is due to a continued lowering of the prices of the aced, due, it is said, to lack of demand for the raw

PENNSYLVANIA STEEL JUMPED NINE POINTS

Stock Bid Up From 71 to 80 in A Few Minutes - Cambria Steel Remained Quiescent.

Overshadowing all else on the Philadelphia Stock Exchange this morning was the suffden upbidding of Pennsylvania Steel preferred. The stock jumped nine points in as many minutes. Opening at The against it, yesterday's close bids appeared in rapid succession which could not be filled and the next actual sale on the tape was at 80. No news accompanied the unusual movement, which was said to have been engineered by the same control exists. was said to have been engineered by the same cotorie which has been taking up other local issues of late and rushing them to higher levels. It was pointed out, incidentally, that if there was anything in the merger rumor with Cambria Steel, which of course was promptly revived, that Cambria would have shared in the rise instead of remaining dull as i did. A bid of 25 was made for Pennsyl vania Steel common, a stock very rarely dealt in either on or off the exchange. There is authorized \$25,000,000 each of the

two classes of stock, but there is only \$10,750,000 of the common, of which the Pennsylvania Company owns \$7,388,900. The same company owned, until recently, \$9.158.300 of the preferred, and the Railroad Company owned 534,700 of the preferred Whether the Donner option has been exercised as yet could not be learned today. The last previous sale of Pennsylvania Steel common on the Stock Exchange. Steel common on the Stock Exchange was in 1910, when it sold as high as so and as low as 60. At that time, however, the preferred was ruling around

A new high record for Baldwin Loco-motive was about the only additional enlivening incident of an otherwise uninteresting Saturday session. Brokers of-fices, however, were not so empty as is usual at the end of the week during the summer time, many traders foregoin; their customary out-of-town trips because Government note to Germany. After it was seen that the market was not going into hysterics, but on the contrary remained perfectly firm, the crowds around the tickers gradually thinned un-til the normal half holiday inertia again

The rise in Baldwin to a new top price The rise in Baldwin to a new top price was effected with very little effort, a trifle over 600 shares changing hands. There was a report going the rounds that stock-holders were to be allowed to subscribe pro rata for half of the stock of the new Eddystone Munitions Company. Lake Superior also hardened, as did Cramp Ship-building. Many usually active issues did not even appear on the tape. About the only weak spot was Cumbria Steel, which lest a substantial fraction, but railied at the close, when Pennsylvania Steel caine into the ilmelight. into the limelight.

York Railways jumped a point on the statement of earnings for June, which showed a decrease of 1.4 per cent, in gross but a 11.2 per cent, cut in operating expenses resulted in an increase of 3 per cent, in net income. The surplus was \$5049, an increase of 45 per cent. For the seven months' period the surplus was \$50. 963, a decrease of 3.3 per cent, from the corresponding period a year ago.
