Convention Granting Important Concessions to Balkan Nation Signed at Constantinople -- Expected to Be Price of Peace.

LONDON, July 25,

A dispatch to the Times from Solia, dated Friday, says that a convention coling to Bulgaria the Turkish portion of the Dedeashach Rallway was signed in Constantinople Thursday.

Conflicting accounts as to the nature and scope of the negotiations which for many months have been in progress between Bulgaria and Turkey have been published from various sources.

Announcement of the arrangement on a modus vivendl between the two countries in the dispute over Bulgaria's protest against interference with traffic on the Dedeagach Rallway reached the Bulgarian Legation in Washington on July 17 in mail reports.

If in mail reports. The Bulgarian Minister, Mr. Panaret-off, asserted at that time that the nego-tiations had nothing to do with any pro-posals from either the Quadruple Entente or the Germanic allies concerning Bul-garis's entrance into the war. The ar-rangement reached between Turkey and Bulgaria, he said, permitted direct rail-way service between Sofia and the Bul-garian port of Dedeagach on trains that did not stop at any point in the Turk-lah territory. Ish territory.

Frequent interforences with passengers and freight over the road by Turkish au-thorities, the Minister explained, brought a sharp protest from Bulgaris, which in-cluded a demand that the strip of Turkish territory which the rallway was forced to cross be ceded to Bulgaris. Turkey refused to do that, but agreed to yield the right of way, including the rallway station in Adrianople. Bulgaris answered station in Adrianople. Bulgaria answere-1 that she could not accept a proposition that left strongly fortified points within her own border. The matter was then settled by accepting a modus vivendi, so Mr. Panaretoff averred.

Tastes differ-in fashions, foods and pretty girls. Also in cigarettes.

A cigarette that started out to please every man's taste would end up by pleasing none.

Most of us like our cigarette smoke deliciously cool and refreshing. The Mexican likes his hot and dry, with a nice little peppery sting in it.

Some men like a cigarette wholesomely, fragrantly mild. Others of us hunt for a cigarette almost as heavy as a black cigar.

Most of us want an "easy" cigarette-a SENSIBLE tter now steadily or how many we smoke, we'll feel as fit as a fiddle. Other men, though, don't care about that. They smoke only a few-so they want a kick like a mule's in each puff.

flavor. But if you smoke quite often - if you would like to smoke whenever you feel like it and without any effect on the tongue or throat or any fear of a heavy or "heady" feeling afterwards-then you should choose some cigarette such as Fatima, a cigarette composed of all-pure tobaccos of considerable aroma, mellowed by being aged and carefully blended to produce a fragrant and wholesomely mild, yet "full-bodied," smoke. And the smoke must be noticeably COOL. For otherwise your tongue or your throat will soon signal you to stop smoking so often.

If you will ask any Fatima smoker, he will tell you that Fatimas never make him "feel mean"-no matter how many he smokes.

Somewhere-among all the brands on the market-is the one just-right cigarette for YOU!

Maybe it's the very one you have now in your pocket-but are you SURE ! Maybe it's some entirely 'different'' cigarette-it may or may not be Fatima.

But "find it!" Until you do, you're cheating yourself out of a whole lot of smoke-pleasure. Also you're wasting some money.

## How to Find "yours"

To avoid blindly trying too many different cigarettes, ask yourself, first of all, this question:

"Just what do I like in a cigarette ?"

If you smoke only a few every day, you may prefer a cigarette which is rather rich or heavy and "oily." Or you may like one which has a rather strong "oriental" taste with a pungency almost like perfume. Or you may want a cigarette with that noticeably "sweetish" Egyptian

TWO TESTS FOR ANY CIGARETTE

That is why Fatimas are considered the most sensible cigarette by such a large majority of smokers. And that is probably the main reason why hardly any Fatima smokers ever switch! They like a sensible cigaretta -and one with a good, pure taste to it.

## But the Taste is up to You

All cigarettes are pure, but when it comes to the taste, nobody can help you choose. You simply have to decide for yourself.

Of course, Fatima's taste may not appeal to you. But most men who try Fatimas like the taste so well that they seek no further-otherwise Fatimas could never have won and held their enormous and growing leadership amounting to over one and a half BILLION cigarettes a year.

The one purpose of this advertisement is to ask you in a fair and square way to give Fatimas (20 for 15c) a good trial. If they don't happen to suit your taste, you'll quit smoking them of course. But if you like Fatimas as well as MOST men do, you'll be mighty glad you read this advertisement—and ACTED ON 1T1
