#### SNEERS AT FENCIBLES ANSWERED BY CHIEF AT CAMP BROOMALL

Major Lanard, Opening Instruction Camp, Reviews History, Praising Citizen-Soldiers for Bravery

STRIKE RECORD CLEAN

By a Staff Correspondent

BROOMALL, Pa., Sept. 4.—Before be-ginning the first day's exercises at Camp Broomall today the members of the Fencibles Battalion were assembled in front of headquarters and addressed by Major Thomas S. Lanard, the commanding officer. The major talked to his men on the duties of a soldier, and told what would be expected of them during their atay in camp.

He reviewed the history of the Fencibles since 1812, pointing out the wars and riots in which the organization had participated. He then referred to the trolley strike of 1910, and declared that at that time the Fencibles had been called out by Director Clay for the sole purpose of dis-crediting the citizen-soldiers. He said the reports circulated that articles of equipment had been taken from the Fencibles by the mob were absolutely false and

He then reiterated his offer to award \$1000 to any person who could produce such an article of equipment with the exception of about six hats that were lost while proceeding to the scene of duty in automobiles.

Troupe Sues Theatre Manager Members of the "College Den Girls" troupe, consisting of two young men and eight girls, who were booked-to play a week at the Strand Theatre in Richmond, Va., by Miss Mae Russell, 1905 Vine street, this city, are stranded in Richmond, according to dispatches received today. Walter Baker and Ravie Troy, male members of the troupe, have employed an attorney to enter suit against R. L. Welsh, manager of the Strand, accusing him of breach of contract. Acaccusing him of breach of contract. Ac cording to the dispatch, Welsh offered the managers of the troupe \$225 to call off their act, after they had played for three days to small audiences. This was refused as the contract called for \$350

SCHWAB BROKE PLEDGE Neutrality Violation Seen in Report 10 Submarines Were

Sent to England

U. S. TO PROBE CHARGE

WASHINGTON, Sept. 4.

The United States Government is to incestigate the report that 10 submarines. built in this country since the war began, have crossed the Atlantic and are now units in the British navy. This became known here today on reliable authority. No officials would discuss the matter, but it was learned that the story is given credence. If the submarines are now in the war zone

entered into by Charles M. Schwab with W. J. Bryan, when the latter was Secreary of State, has been violated. This Government would regard such a move as a distinct violation of neutrality and

as a distinct violation of neatrality and it is reliably reported that immediate action will be taken. If it is proved that the story is true.

While the rest of the world has been dreaming of the day when the transatlantic submersible would be an accomplished fact, the thing has been done by American genius and American craftsmanship.

the first rive months from the time that Charies M. Schwab, of the Bethienem Steel Company, signed a contract for the submarines with the British Government, the "little vipers," as they have come to be known, were turned over to British crews at the Vicker-Maxim yards in Montreal, where they were built jointly by the Bethlehem Steel Company and the Florities Rest. Electric Boat Company, and started for
