THE BOARDWALK GIRL HAS A NEW TIMEKEEPING METHOD

Ankle Watches on High Russian Boots Are Not Only avenue, has gone to Chelsea to remain Predicted, as in Fashion Stories, but Are Actually Worn by the Ultra-Fashionable

ATLANTIC CITY, Sept. 4.

THE Boardwalk girl has adopted a new I method for keeping up to the minute. She now wears her watch on the left side of her tall Russian boots. Whether she finds it just as "timely" to wear her watch on her ankle as on her wrist is a question. However, the new fad has novelty to recommend it, and that is about all a fad needs. Boot watches will probably not be very generally worn.
