Meet Daily Carry Germs

of Disease

WASHINGTON, Sept. 23 .- You meet from 50 to 100 persons every day from whom you are likely to get diphtheria. At least 1 per cent. of all the people are carriers of this disease germ.

In announcing today the result of an extended investigation into the subject, the United States Public Health Service asserted that most of these 1 per cent. are perfectly well themselves, but they carry the diphtheria germa.

Inquiry was started in Detroit, Mich. A total of 4093 persons were examined there by the health service experts, and 1 per cent. of these were found to have the germs concealed about their persons.

A gigantic American flag, 100 by 50 et, composed entirely of members of the Knights Templar banner com-anders, will be fung out at the ex-bition field, Belmont plateau, Fairthe mount Park, on Saturday, at the close of one of the most elaborate field days in the history of the Philadelphia and castern Pennsylvania commanderies.

The unfurting of the human fag to-norrow will symbolize the pledge given by officials of the Knights Templar that 50,000 members of the order, drilled and wady for service, will be waiting should the United States ever call upon them to defend the country. Unusual atten-tion has been given to activities dealing with military service during the entire last year at all meetings. The result of this will be a martial review, eclipsing anything ever presented by the order.

The meeting tomorrow will be the 15th annual field day of the Knights Templar of Fhiladelphia and castern Pennsylva-nia. Between 4000 and 5000 members of the order will be represented. Officials of all commanderies, aware of the stimu-lated interest in military affairs, have de-voted earnest attention to improving the corps in drill and tactics. "For God and Country" will be the keynote of the dem-omstration tomorrow.

Bir Bradley W. Lewis, grand com-mander of Fennsylvania, will be in charge of the field day. Under his direction the special drill corps of the Knights Templar will perform the evolution of the human

Knights Tempies will leave the Ma-mult Tempie at 2.30 formorrow afternoon and take special trains from the Broad Bireet Station. On their arrival at Bel-mont Plateau they will be marshaled into formation by Superintendent of Police James Robinson, acting as field adjutant, and by the adjutants of the commanderies represented acting as his aides.
