## ENGLAND ANNOUNCES **BULGARIA WILL CAST** LOT WITH GERMANY

Sir Edward Grey Says Teuton Officers Are Directing Operations of Bulgar

Troops

WAR AT ANY MOMENT

LONDON, Oct. 1. That Bulgaria is making preparation to se to war on the side of the Teutonic Allies was officially announced here to-

Sir Edward Grey, the British Foreign Secretary, issued the following official statement through the Government Press

German and Austrian army officers have been arriving in Bulgaria for several days with a view to taking an active part in directing the operations of the Bul-

"This action," the statement added, "is recisely similar to that which preceded urkey's entrance into the war on the Turkey's entrance into the war on the side of our enemies. It will be romembered that German officers forced Turkey to make an entirely unprovoked attack on Russia in 1914. Since the Allies are bound to support the States threatened by such proceedings, the news from Bulsaria is regarded very gravely."

The statement from the Foreign Office

created a sensation here. Everywhere it was taken as an indication that Bulgaria has finally cast her lot with the Austro-Germans and is about to enter the war.
Dispatches to Rome newspapers from
Turin report that Bulgarian troops have
invaded Servia at three points, driving
back border patrols that attempted to

oppose them.

The dispatches are printed with the comment that official confirmation has not yet been received.

A Bulgarian patrol at Tritchouke is re-ported to have attacked Servian sentinels, who retreated. The Bulgars crossed into Servian territory, where they remained for several hours.

Bulgarian troops are said to be digging trenches all along the frontier and pro-tecting them with barbed wire entangle-

The Tribune's dispatches assert that mobilization is proceeding under the di-rection of German staff officers, but not be completed before another fortnight. King Ferdinand, it is re-ported, has received a promise from Ber-lin that 800,690 Austro-German troops will undertake a march through the Balkans to Constantinople. Three hundred thousand Germans have

been concentrated at Temesvar, Hungary miles northeast of Belgrade, with cannon, including 50 siege guns and so aeroplanes, but will not be ready for an attack in less than two weeks.

#### BOYS ACCUSED AS CRACKSMEN

Two Youths Caught in Store About to Crack a Safe-Will Be Arraigned Today

Two youths were arrested by the police today accused to attempting to crack a Company, 2731 Germantown avenue. The youthe are Richard Page, 16 years old, of 1369 North Philip street, and Harry Smith,

According to Policeman Malone, of the Germantown avenue and Lycoming street station, he became suspicious of a grating sound coming from the store early this morning, and upon investigation found that one of the panels in the front door, had been broken.

door had been broken.

Informing Sergeant Moeller of his discovery, the policemen went into the place, one by a rear door and the other by the main front door, and found the youths about to crack the safe.

They were arrested and taken to the Central Police Station, where they will be arraigned today. Numerous files and tools were found in the possession of the

#### WASHINGTON EXPECTS VON PAPEN'S DISMISSAL

Plans to Obtain German Attache's Safe Conduct Under Way

WASHINGTON, Oct. 1.-Officials close to the President declared today that they expected definite action for the elimination of Captain von Papen, the German military attache, as an embassy attache, will be taken very shortly. It is understood that Count von Bernstorff already has had it made plain to him that the usefulness of the captain in this country is at an end. Whether a direct request that he be

sent home already has been made was a matter on which officials would not comment. But it was considered certain that already plans to secure him ande conduct to Germany have been discussed by Acting Secretary Polk, and it is very probable that at tomorrow's conference in New York between Secretary Lansing and the German Ambassador definite ac-PETERSONS RECONCILED

## Wife of Murdered Man's Partner Re-

turns to Him Olaf Peterson, who was held for nearly

Olaf Peterson, who was beld for nearly a month as a material witness in connection with the murder of Samuel S. Cord, the wealthy Philadelphia and New Jersey real estate man, effected a reconciliation with his wife this afternoon in a lawyer's office in the Betz Building. Mrs. Peterson, who had stood by her husband during the first few weeks of his detention in the Camden County jail, despite indications that he was to be the leading figure in the case, announced two weeks ago that she would have no more to do with him. Bhe made this declaration after it had been shown that Peterson had served a term in the Essex County jail at Newark, N. J.

Peterson went to the lawyer's office, where his wife was waiting for him. They fell into each other's arms, and Mrs. Peterson went and vowed she never would leave him. Then the Petersons went back to their home in New Jersey. Peterson announced in Camden before he came to Philadelphia that he would resume his real estate business.

## FRENCH GUN WHICH IS WREAKING HAVOC AMONG THE GERMANS

The "soixante-quinze," or French 75-millimetre gun, is the weapon chiefly employed by the French in their artillery "curtain of fire" being dropped on the German trenches. It fires a three-inch shell 25 times a minute.

## NEW ORLEANS' DEATH **TOLL 20 DURING STORM**

Property Damage in City Estimated at \$15,000,000-Nine Boats Sunk

NEW ORLEANS, Oct. 1.-Twenty lives were lost, property damage estimated at \$15,000,000 was wrought and a large part of the city was covered by water from two to three feet deep for 36 hours by the terrific hurricane which struck New Orleans Wednesday morning and lasted until 3 o'clock Thursday morning.

Nine boats were sunk in the harbor and several large drydocks containing vessels were blown from one side of the river to the other. About \$5,900,000 damage was done to the river front. Illinois Central officials are estimating damage to their containing the state of the river front. road alone at \$2,000,000.

Most of the dead were negroes who took refuge in sheds and small buildings which were demolished. Virtually every nouse in the city and more than a score of churches were damaged. Five churches were completely destroyed. All schools are closed today, as are the theatres and exchanges.

New Orleans was completely shut off from the world and business was at a standstill. The velocity of the wind at one time was 120 miles an hour and the barometer was lower than during either of the Galveston storms. Three persons were drowned when the

steamship F. M. Owens capsized and sank north of the city. Street cars were running today and a big force of men was cleaning the debris from the streets Land communication was restored this

## BOY KILLED BY CHUM IN TARGET PRACTICE

Youth Shot to Death When Companion Pulls Trigger of Loaded Weapon

MEDIA, Pa., Oct. 1.—Henry E. Mat-zinger, 18 years old, was shot in the lead and instantly killed this morning at 7:30 o'clock, at Lima, by George Darlington, while the two were preparing to shoot at a target. Matzinger and Darlington boarded with Mrs. Ella Crawford and went into the rear yard with a shotgun

While Matzinger was putting up the target Darlington took the gun, which he believed was empty, aimed at the target and pulled the trigger. Matzinger falling at the shot. Matzinger's home is someat the shot. Mathinger's home is somewhere on the White Horse pike. New Jerney, this being the only address Mrs. Crawford knows. He had been working with a farmer near Lima. Darlington is a nephew of Mrs. Crawford and his home is in Philadelphia.

#### REAR ADMIRAL SIGSBEE ILL Former Commander of Battleship

Main Suffering From Nervous Breakdown NEW YORK, Oct. 1.-Rear-Admiral

harles D. Sigsbee, commander of the Maine when she was blown up in Havana harbor in 1908, was in the naval hospital at Brooklyn Navy Yard this afternoon suffering from a nervous breakdown. His illness is said to be serious. Because of his advanced age, it was said, everything was being done to pre-vent an operation. Admiral Signbee is 70 years old.

Firemen Honor Comrade

Firemen of the 61st and Thompson streets station clanged all the bells and gongs in the place, pushed the engine into the street and pumped a stream of water high into the air today as a demonstra-tion in honor of Charles K. Meyers, of 431 North filst street, who left the Fire Department after 20 years of service. Meyers was first stationed on the fireboat Edwin S. Stuart, After service with Edwin S. Stuart. After serving with other fire companies he was assigned to the sist and Thompson streets house 13 years ago. One of his legs and several ribs were broken when he was on duty at fires. With Mrs. Meyers, the fireman will retire to a farm at Ivyland, Pa., which he purchased recently.

#### GERMANS FAIL TO HALT FOES' RUSH ON LENS

Continued from Page One

the pressure of the British drive against Lens.

All of northern Belgium is quaking be neath the thunder of monster guns which are engaged in a continuous duel. British warships are shelling the German positions on the North Sea coast, while from Nieuport to the Ypres-Menin road French. British and Belgian cannon are keeping South of Arras the Germans are vig-

orously shelling the French positions on both sides of the Somme River, and it is indicated that they will try to effect counter offensive there. North of Souain, in the Champagne

where the French have driven a salient into the German line reaching to Sainte Marie, the Germans are battering at both sides of the French extension to cut it off and thus remove the menace to the German lines of communication. Aeroplanes are taking a more prominent

part in this battle than in any other which has been fought on the western front. Not only are the Allies' aviators being used for acout duty and to find artillery ranges, but they are attacking the railroads within the German lines and are shelling ammunition depots and troop columns behind the German front. The French flotilla of air machines that took part in the bombardment of Guigni-court, between the Oise and Aisne Rivers, consisted of 72 aeroplanes, the greatest number that has taken part in any raids since the war began. Guiginicourt is on a narrow-gauge railway, which lies between Complegne and Rethel, north of the Alane River. One branch of this line runs to Laon, the headquarters of General von Heeringen's German army.

#### GERMANS CHECK BRITISH ATTACKS NEAR LENS

REBLIN, Oct. 1.-Forces west of Lens have been fought to a standstill and the German counter-attacks in the region of Loos are making progress, it is officially announced by the German War Office. An official statement from the War Of-fice today states that French attacks north of Arras and in the Champagne have been successfully repulsed and that the Germans have taken 104 officers and 7019 prisoners from the Champagne dis-

irict alone.
In the Champagne the French have hurled forward an immense mass of troops from seven different divisions taking part in the storm attack against the German positions north of Massignas.

## PENROSE FOR HOLDING G.O.P. CONVENTION HERE

Denies Supporting Chicago's Claim, Though He Thinks It Is Logical Place for It

Senator Boles Penrose Issued a state-ment today denying reports from Balti-more that he had expressed himself as ravoring Chicago as the place for holding the next National Republican Convention in 1816, which the Chamber of Commerce and business men have been trying to obtain for this city.

The Senator said that every effort would be made to secure the convention for Philadelpria and that he had been misquoted at Baltimore, where he had gone to address a convention of the P. O. S. of A. He had said that Chicago was the logical place to hold the convention, on account of transportation facilities, but Philadelphia would put up a strong fight to obtain it. fight to obtain it. The Senator's statement is as follows

The Senator's statement is as follows:

"I said that there would be an earnest effort made to secure the National Republican Convention for Philadelphia. Delegates to the convention held in this city in 1900 were all pleased with the city, but the fact cannot be overlooked that Chicago is the natural place for a convention for people coming from all parts of the United States.

"When such a matter is under consideration it is natural that transportation facilities and hotel accommodations should be important factors in coming to a decision. I believe that the tendency will be continually stronger hereafter in the Republican, Democratic and all other

# —A Knife that Cuts Two Ways-

THROUGHOUT the country and (Philadelphia is not excepted) retailers of Men's Clothing recently have adopted a plan to increase the sale of clothing by offering an extra pair of trousers with every suit sold at a given priceusually \$15.

On the surface this seems to be an advantage to the buyer, but careful analysis will put a different complexion on the plan.

For 54 years Wanamaker & Brown have manufactured good clothing for men.

Our assertion that both the producer and the consumer suffer when clothing is made and sold at \$15 "with an extra pair of trousers thrown in" is backed by the voice of authority.

Two things are bound to happen: The maker must cheapen the cost of his materials to provide the additional trousers and the buyer, therefore, receives an inferior suit.

This transaction is a knife that cuts two ways. The producer sells inferior merchandise. The buyer, receiving neither wear nor worth, becomes dissatisfied, and a dissatisfied customer is no customer at all. HE DOES NOT GO BACK TO THAT STORE! The buyer has lost the value of his money and the seller has lost his customer. Both lose!

It is the business of a good store to meet fair competition fairly, but not to meet unfair competition unfairly.

Wanamaker & Brown cannot sell suits at \$15 with an extra pair of trousers and give good \$15 value-therefore, Wanamaker & Brown will not undertake to do so.

We prefer to rest with our often repeated assertion that our Suits at \$15 are the best we have seen anywheremost of them are pure fiber worsted Suits in winter weights and there are thousands of them newly ready for our customers but none has more than one pair of trousers!

Wanamaker & Brown Market at Sixth For 54 Years
