HOSPITAL HOLDS  
"SPEECH CLINIC" FOR  
TONGUE-TIED KIDLETS  
The Polyclinic Hospital, three times a week has a class of children who have to be taught how to talk, because of defective articulation. The picture shows a little girl being shown how to form syllables by watching her own lips.

CHILDREN BEING EXAMINED FOR  
CORRECTION OF SPEECH TROUBLES  
The picture illustrates how the youngsters who have difficulties in their speech pass in review before Mrs. Mary Cummers Steel and are told how to correct deficiencies that have arisen from sickness or nervous ailments.

ENROLLING RECRUITS AT THE DREXEL BIDDLE TRAINING CAMP IN LANSDOWNE  
These civilians are some of the business and professional men who are to take the six week-end courses in military instruction on the grounds of the Biddle country home. They will observe all the rules of camp life, but will sleep in dormitories instead of tents.

FOUNDER OF THE BIDDLE TRAINING CAMP  
Anthony J. Drexel Biddle, with Mrs. Biddle (standing) and Mrs. George W. Childs Drexel, who came out to see the recruits undergoing their first drill.
