PUT HEALTH AND SUNSHINE IN YOUR POULTRY HOUSE

Keep Your Flock Healthy and Happy and Your Success Is Insured

Carbola, the disinfecting, germ-killing white paint, will do this thoroughly and inexpensively. Eggs are high in price now because they are scarce. Hens simply cannot lay steadily when suffering from any of the many diseases which are common now—when tortured by vermin—when confined in dark, cheerless houses. Health and comfort are absolutely essential.

All trap nests and interiors at the North American plant, where Lady Eglantine made her record—314 eggs in 365 days—are kept sweet and disease-free with

CARBOLA

DISINFECTING
GERM-KILLING WHITE PAINT

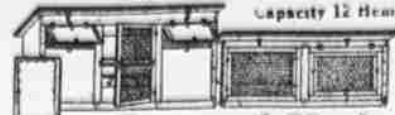

quickly corrects these evils. It is a wonderful germicide, which instantly kills poultry disease germs, it exterminates lice, mites and other poultry vermin; it cleans and brightens up the buildings, making them light and cheerful. And it costs so little that every poultryman may use it freely. But 10c per gallon for this permanent mineral paint, which truly works wonders.

MADE IN PHILADELPHIA

EUREKA Price, Quality, Efficiency

A Great Combination

The Eureka Colony Breeder Stove

Don't be afraid of this stove because of the price. It is made by a large stove manufacturer and sold on a manufacturer's basis of profit. I am satisfied with the low profit—you get the benefit.

Solid Cast Iron \$11.00 — \$15.00
Two Sizes

The Stove With the Corrugated Fire-Pot

Why pay double that amount when you can get a stove that is just as efficient and durable as any made. There is nothing cheap about this stove except the price. I am a large manufacturer of stoves, and there is not a more durable stove made in my foundry at any price.

SPECIFICATIONS	No. 1 Capacity 500 Chicks	No. 2 Capacity 1200 Chicks
Height to top of stove	20 in.	23 in.
Height to top of magazine	26 in.	30 in.
Diameter of cylinder	11 in.	12 in.
Diameter of hover	42 in.	52 in.

Duplex grate, which stirs up the fire when shaken and cleans out absolutely.

No dampers in smoke pipe to throw back gas. Fire regulated by thermostats, which open and close check draft on top of stove. Magazine on top, which adds to the coal capacity and heating surface. Bottom of ash pit is raised 3 in. from the floor, and has asbestos board insulation. Ash-pit door hinged, which prevents breakage and being misplaced; fire-pot is corrugated, which adds to the weight and strength. The stove is self-regulating and requires absolutely no attention, except coaling once in 48 hours and raking once in 24 hours. The hover has a cast-iron ring on top, which sets firmly on top of stove, and furnished with wire hook, to which pulley may be attached to raise hood. Burns hard coal or natural gas as ordered.

Put the price of one hen into a subscription for **The Country Gentleman** and read Judge W. H. Card's criticism of the breeds. He points out their merits and faults. Now appearing.

The Leading Poultry Judge in America discusses the place and importance of each breed; how it was founded; its development; its strong and weak points; and its place in the poultry industry. This series is the most up-to-date and authoritative statement that has ever been written.

The Poultry Calendar is a weekly reminder and guide for every one who keeps chickens. It provides a timely schedule for every detail and gives the best methods for the fancier, the commercial egg and meat producer and the amateur. It will keep you from forgetting what to do and when to do it. It will give timely advice on breeding, hatching, brooding, remedies for diseases and pests, and plans of houses, coops, trap nests, roosts and feed hoppers.

Answers to Your Hard Questions Free by Mail. Simply write to our "R. F. D. Letter Box," inclose stamped envelope, and you get the advice of one of our 100 experts.

The Best of All Farming Everywhere is covered thoroughly in the scope of this national agricultural weekly. Every state, every kind of farming, every crop, all livestock and all farmers' interests are included.

The Country Gentleman gives you the biggest weekly poultry department in the country—52 times a year—at the new subscription price—\$1.00. On the news-stands it is five cents a copy.

The Truth About Poultry

Get the Facts by Reading **The One-Man Poultry Plant**
Successful Methods of Men on Farms or Small Acreage. Complete in twelve parts; printed in one volume.
By DR. N. W. SANBORN.
REAL work, with real poultry, on a real New England farm. This is the simple story of what has been done, by men at 40 years of age, low level and city educated, getting out of practice of medicine. Buy a small farm in the hill country and making a success of the venture. Not only is the raising of chicks and management of adult fowls completely covered, but the interesting side issues of fruit growing, grain raising and the production of milk that cannot be escaped on a real farm. You get rugged facts rarely found in print. The truth about poultry as found in actual life on a one-man poultry farm.
You Can Do the Same: Book Tells How. **OUR SPECIAL OFFER**—The One-Man Poultry Plant, in twelve parts (book form), and the American Poultry Advocate, one year, for only 50c. In one volume, three years, for only \$1.00. If order is sent at once.
Our paper is handsomely illustrated, practical, progressive and up to date on poultry matters. Established 1882. 44 to 15c per month. 50c a year. 3 months trial, 10c. Sample copy free. Catalogue of poultry literature free. Address
