

NEGRO SEGREGATION GOES INTO EFFECT IN BOROUGH OF COLWYN

Residents of Progressive Little
Town Believe New Ordinance
Will Stand Test and
Prove Effective

HEAVY FINES POSSIBLE

All negroes of Colwyn, a small town
west of Darby and near Shiloh Hill,
will be segregated, according to the
provisions of an ordinance passed by
the council of that borough. The document,
introduced by Burgess S. W. Waterman,
was passed by a vote of 6 to 1, and is
now being enforced.

In order that the ordinance might not
violate the provisions of the Constitution
of the United States prohibiting discrimi-
nation against negroes, the Council care-
fully framed the law to segregate white
persons as well. Those who drew up the
document hold that, by prohibiting white
families from inhabiting the negro dis-
trict and the negroes from the sections
occupied by the whites, no discrimination
is shown and the document is legal.
Although Colwyn comprises about 300
houses there has been a strong race feel-
ing here for several years. The borough
is one of the most progressive com-
munities of the country.

NEW STEP IN NORTH
The Borough Council contends that the
new ordinance is the first of the kind
in the North. It is as follows:
"As ordinance to prevent conflict and
friction between the white and colored
people in the Borough of Colwyn, and to
prevent the public peace and promote the
general welfare by making reasonable
provisions requiring the use of separate
blocks for residences by white and colored
people, respectively."

Section 1. It is ordained by the
Chief Burgess and Borough Council
of Colwyn that from and after the
passage of this ordinance it shall be
unlawful for any white person to use
any house, building or structure, or any
part thereof, located in any colored
block, as the same is hereinafter de-
fined; and it shall also be unlawful
for any colored person to use as a
residence or place of abode any house,
building or structure, or any part
thereof, located in any white block,
as the same is hereinafter defined.

The ordinance goes into a detailed
definition of what shall be considered
"white" and "colored" blocks. Each
block comprises houses on both sides of
the street between intersecting streets. A
block of any color is determined as
any person occupying any room therein
as a sleeping place, whether as owner,
tenant, dependent, boarder or otherwise.
It is further provided that such occupa-
tion is necessary to constitute such occupa-
tion as necessary.

CHURCHES OR SCHOOLS.
In exception of this rule is made in
the case of negro or white servants. The
ordinance continues:
"Section 2. Be it further ordained by
the Chief Burgess and Borough Council
of Colwyn, that after the passage of
this ordinance, no building or
portion of a building in the
borough of Colwyn shall be used as a
church or for the purpose of conduct-
ing religious services, or for a school,
a dance hall or an assembly hall, by
white persons in a colored block, as
the same is defined in this ordinance,
and after the passage of this ordinance,
no building or portion of a building in
the borough of Colwyn shall be used
as a church or for the purpose of conduct-
ing religious services, or for a school,
a dance hall or an assembly hall, by
colored persons in a white block,
as the same is defined in this ordinance."

PERMITS GUARDED.
The ordinance further provides that in
all future building operations in Col-
wyn a permit is not to be issued by the
building inspector until he is satisfied
that the house is intended for persons
entitled to live in the section in which
the house is to be built. On all streets
upon which no house is occupied or built
the color of residents, schools and places
of assembly are to be governed by the
adjacent streets.

In conclusion, the ordinance provides
that violations of the provisions of the
document shall be punished by a fine
of not less than \$5 nor more than \$50 for
each day the violation continues. In
default of the payment of the fines, the
ordinance stipulates that a prison sen-
tence shall be imposed. The document
became effective when passed on Monday
night.

ing of more extensive club quarters, the
creation of a social prestige which will
make the club the representative organiza-

CHRISTMAS SHIP LATE

Gales Responsible for Disappointment
of Many Kiddies

A boisterous sea and counter gales will
disappoint many of the little folk this
Christmas season. The Dutch steamship
Kettebergen, from Rotterdam, put into this
port last evening two weeks late, and
carried a cargo of 183 cases of Christmas
toys intended for the present shopping
season.

The crew of the vessel reports other
boats late and battling with the gales on
the high seas. The British steamships
Rosebank and Coniston Water, the former
from Valencia, Spain, and the latter from
Civita Vecchia, Italy, also arrived last
night and both were overdue.

WALNUT STREET URGED TO IMPROVE PROPERTIES

Get Busy and Brighten Up, Real
Estate Board President
Tells Owners

The newly-elected president of the Phil-
adelphia Real Estate Board, Edgar G.
Cross, has called on the owners of prop-
erty along Walnut street to improve their
places if they are interested in the de-
velopment of that thoroughfare. Mr.
Cross said the street will not reach the
development it should have until owners
start cleaning up.

"Heretofore," he said, "owners have
merely tinkered in improvements, think-
ing that a new bulk window and minor
improvements would be sufficient to at-
tract business men as tenants. They are
now awaking to the possibilities of at-
tracting modern business by substantial
improvements. The Walnut Street Busi-
ness Men's Association is making a com-
mendable effort to bring this about."

"The future of Walnut street's develop-
ment is assured, and even now there are
signs which presage an enhancement in
values west of 8th street at which which
characterizes Walnut street east of 8th
street at the present time."

"The Rittenhouse square section, lying
west of Broad street, is having an in-
creasing growth. Whereas in former years
there was a demand for residences, now
apartment houses seem all the go. Corner
properties in that section are becoming
valuable sites for apartment houses. The
demand for modern apartments is shown
by the thriving business of those erected
within the last few years."

"Not only Walnut street really values
but Chestnut street from 18th to 19th
streets is destined to undergo marked
changes in a few years. This is due
to the fact that realty values on Chest-
nut street east of 18th street have reached
their high point, and the section west
of 18th street is favorable for growth."

"Market street, from Broad street to
the Schuylkill river, has shown an active
building market. The tendency of busi-
ness men and manufacturers has been to
locate near the center of the city. For
this reason they have seized upon all
available sites in close proximity to City
Hall. So that loft buildings, office and
business structures, particularly for au-
tomobile needs, have come up at a rapid
pace all along west Market street."

GERMANY'S FAMINE REVEALED BY PAPER PRINTED FOR BLIND

Raised Letters Escape Pen of
Censor—Show Dire Straits
of Men, Women and
Children

TOLD BY HELEN KELLER

NEW YORK, Dec. 22.—Through the
medium of a journal in the Braille system
of raised letters for the blind, which
escaped the vigilant eye of the censor,
what is probably the most authoritative
article on Germany's lack of food has
reached this country. It reveals that
every man, woman and child in Germany
is living on slender rations, doled out by
weight, determined on after a conference
of chemists, scientists and physicians in
Berlin.

The journal which brings the informa-
tion is Die Neue Zeit, or The New Time,
a socialist publication for the blind, issued
in Berlin. It was received a week ago
by Miss Helen Keller, Miss Keller, who is
a socialist, made an address recently
against preparedness. Much of the in-
formation on which she based her objec-
tions to preparedness, she said, came from
the journals for the blind which she re-
ceives from Paris, London, Berlin and
Vienna.
