his obtained the limit in his present empoyment and who knows that to accure further
personal advancement be must enter wider
fields.

The change of environment where a man
has the opportunity to study, learn and
work himself up in another business often
brings out unknown thoughts and efforts and
frequently is the means of developing latent
ability.

This is an excellen constructly for the
man who carnestly delires to increase his
income and by hard work develop himself
to a noultion where his future income would
be limited only by his ability to do a profitable business and his caracity for supervisiing, directing and controlling others in the
work. For the right kind of man this position should be worth 55000 a year and should
show a yearly increase.

We see looking for that type of man. We
are particularly interested in a man who
is at present holding a good position,
in writing, states are and intuire on husiness
now energied in. Applications will be considered strictly confidential. Box E 40, Ledger Central.
