more closely reproduce the personal performance of an artist than any other Player-Piano made. It is the only Player-Piano used in high-class conservatories of music to instruct the advanced pupils in the various renditions of the world's leading pianists.

The Lester Player-Piano permits the performer who never took a music lesson to produce such exquisite shades of expression as only the most accomplished artists ordinarily achieve. The easy accenting is due to the unusually easy pedaling.

The Lester Player-Plano is a famous Philadelphia product, having been developed to its high state of efficiency by the same men who have made the Lester Piano a household word clear across this continent.

It has this well-known piano as its basic foundation, with its marvelously rich tone and wonderful durability. The most accomplished musicians are delighted with the astonishing indi-viduality and startling expression which any performer can give all selections on the LESTER PLAYER-PIANO.

With all its superiority, it is as easy to own a Lester as one of the many inferior makes. Being sold direct, all "in-between" profits of agent and jobber are eliminated. The terms are easy and confidential. We will gladly show you how conveniently you can have a Lester Player.
