

"There Are Adequate Means of Defending Ourselves, and We Will Use These Things," President Asserts-Speaks in Milwaukee This Afternoon

at Racine, Wis.

ABOARD PRESIDENT'S SPECIAL TRAIN, RACINE, Wis, Jun. 11.-Rap-ping at those who are charging that the

ping at those who are charging that the demand for preservedness has upring from those "interested in supplying the flow-ernment with instruments of war." Presi-dent Wilson, in an address before several thousand persons here today, advocated Government manufacture of all countitions. "I, for my part." he said. "have all along advocated and always shall advo-cate that the Government, so far as pos-sible, manufacture these things (war sup-plies) for itself, in order that at any rate it may control the prices at which those articles will be sold to the Government. It is not necessary for us to protect our-gelves against those who would make money out of the necessities of the namoney out of the necessities of the na-tion. There are adequate means of de-fending ourselves, and we will use these

#### means. DO NOT BE MISLED.

"But," he added, "I do not believe the impulse for preparedness comes from these sources.

There are some things being said that

There are some times being said that I hope you will not believe," the Presi-dent continued. "It is being said among other things that this agfastion for na-tional defense comes chiefly from these who are interested in samplying the fox-ernment with the munitions of war and from those who are simplying the battle-ships with their armament. There are some times to battle-ships with their armament.

"Genilemen, do not allow yourselves to be misled by statements of this sort. Anything that the Government does is going to make more: for somebody, but the impulse for the thing does not come

The impulse for the thing does not come from those quarters. The impulse comes from men disinter-ested, men who know the actual circum-stances of the country and who know these things are immediately necessary."

HEADED FOR MILWAUKEE. HEADED FOR MILWAUKEE. Building 10 minutes late, President Wil-son bit flache at 11.55 and boaded for Milwaukee, where, this afternoon, he is expected to make one of the inductant addressess of the preparedness tour. All along he was accorded a great re-ception. At each point where a stop was made he was forced to wait reversit mile uses before he could begin to pical. Thou wands of children were in the full stop of the fourt of a could be the fourth of the fourth between the full stop of the fourth of the fourth the reply. The documents show that the du Pont Securities Company was conceived by Furthe S. du Pont, John J. Raskois, R. R.

Rands of children were in the tirring: that greated him. At one time when he had to pause to quiet these the President said.

"It is not necessary for us to protect ourselves against those who would make money out of the necessities of the nation.

There are adequate means of defending ourselves and we will use these means, "It is being said that the agita-

tion for national defense comes chiefly from those who are interested in supplying the Government with the munitions of war. "Anything that the Government

does is going to make money for somebody, but the impulse for the thing does not come from those quarters,"

## THE WEATHER

There are weather experts and weather experts. experts. Some modestly confine themof the effects of heavenly the the War Star, upon human destinies. Madame de Thebes, for instance, does not worry about anything like drizzies and fogs, as we do; her time is taken up by what the late Mr. James called the "cos-What the fate Mr. James called the "cos-mic weather." She sees storms in the leavens on sumy days and predicts five more years of war, while we are trying to cheer up humanity to pick up heart to chigoy fine weather while it is here. Our optimizan goes so far as to call this a sumy day, even when it isn't. Yet that is not as big a fib as Madame commits wery time she prophesies. For even when where the she prophesics. For even when she is right in her guesses she is wrong in spirit, because she always discourages humanity and makes such little things as We prefer to prattle of sunny days.
