### MICHOLSON REBUKES CHURCH MEMBERS FOR HYPOCRITICAL WAYS

angelist Lashes Christians Wanting in Spiritual Cleanliness at Darby Meeting

#### TOP WORK TO BEGIN

Stinging words of rebuke were hurled " the faces of hypocritical church memof Darby and neighboring towns afternoon by Evangelist William P. nolson in the Darby tabernacle, when preached his first week-day afternoon rmon. He may have struck home with rapid-fire assault on sin and the devil ide the church, but if he did, the church unbers were not eager to make it known. it then his quick, Irish wit and amusing brases were intermingled with his serious inburdment of their short-comings and at probably helped to keep them in a sod humor. At any rate they laughed and applauded heartly even though his crusts at their hypocrisy were far from

Card playing, "long tongue" gossiping, cashy novels and the substitution of rital or as he put it "formality" for "spiritmil" in worshiping, in the churches, all came in for their share of the assault.

Doctor Nicholson preached on "The Bristian Life-Empty," and asserted that he one great reason why there has been in little of the revival spirit in many thurches and the reason why the saloon and ain had been permitted to exist near the churches was because worldly pleasures and "devil's food" have been crowding into the lives of church members,

HIS TEXT FROM HOSEA. His text was Hosea x, t, "Israel is an Empty Vine, He Bringith Forth Fruit Unto Himself."

"When we speak of a life being empty."
he said, "we do not mean that there is
nothing in that life. In a very real sense a life cannot be empty. We cannot live in a vacuum. What we mean is that many a life is filled with that which was never intended to fill it, and in that sense is empty. There are many Christians today who, in that sense, are living empty Christian lives. They are filled with everything excepting those things they were intended to be filled with. Let us consider some of the things Christians are commonly filled with."

At this point Doctor Nicholson began his tirade against the worldly pleasures that are crowding out the spiritual from the lives of the men and women who should be shining examples for the un-

the lives of the men and women who should be shining examples for the unsaved to follow.

"Some are filled with worldly pleasures," he shouted. "They have no place or time for the things of the Lord. Their whole life is taken up with worldy pleasure, and they have no room for the very things they were saved to be filled with. Theatres and card parties and social functions engage all their time, and the Lord has such a small place in their lives Others are filled with selfishness. They have no time for anything else, and the whole philosophy of their life is 'What shall I eat; what shall I drink, and wherewithel shall I be clothed?' Others are filled with shall I be clothed? Others are filled with sin They know more about sin than about the Lord's power to save from sin. They never get rid of it or overcome it. Others are filled with unrenewed dispositions, such as bitterness, haired and jealousy. such as bittercess, hatred and jealousy. Others are filled with business and the making of money, not that the Lord makes a. man any the less a good and diligent business man, but he is not to be filled with it."

### CARES AND WORRIES.

plitics, self-development, self-control and

The preacher blamed this condition entirely on imperfect surrender, deficient faith and the neglected communion. And he insisted that, if Darby is to have a successful campaign and many persons are to be led through the sawdust trails and away from sin, boxe and the paths of the devil, the church men and women must assives be revived.

Loud amens were heard in all parts of the tabernacle and many persons gave assurance that they would pray harder and try to live nearer to the Master and become faithful personal workers to help the evangelist to lead hundreds to the "glory rows." glory rows."

#### FEDERAL AID INVOKED FOR FLOOD SUFFERERS

Appeal Forwarded to Congress by New Orleans Commercial Exchanges

NEW ORLEANS, Feb. 22.—An urgent appeal for Federal aid for sufferers in the Louisiana flood district was forwarded to Congress today by the commercial exchanges of New Orleans. Accompanying the plea for relief was a copy of resolutions adopted by exchanges asking for Federal control of the Mississippi River.

Conditions were serious today in the parishes that have been flooded as the result of the break in the river wall, Twenty-five sand boils have been found in the levees near Pointe Coupee, and a break there is anticipated. A crevice at that point would flood the entire rich Atchafalaya district. Governor Hall has wired the War Department asking permission to use tents belonging to the Louislana National Guard for refugees who have been driven from their homes.

### WILSON'S ARMY PLAN TO BE INCORPORATED IN HOUSE DEFENSE BILL

Committee Agrees to Recommend Standing Army of 147,-000 and Militia of 428,000. Hay Bows to President

#### PROVIDE FOR RESERVES

WASHINGTON, Feb. 22—Chairman Hay and other members of the House Committee on Military Affairs have bowed to the wishes of President Wilson regard-ing the fighting strength of the army.

The fundamental features of the army reorganization bill—one of the two major measures of the national defense pro-gram—were agreed upon yesterday by the Committee. The big outstanding feature of the committee's plan is the fact that it provides for a total peace strength of 575,000 men in the standing army and National Guard combined, with reserve systems to more than double the force

Other big points resulting from the committee's deliberations are a standing army of 147,000 men, the complete Federalization of the National Guard, doubling of the number of cadets at West Point, the construction of a Government summinutes plant and the creation of a ammunition plant and the creation of a

The committee will be unanimous in recommending the bill for passage, and Chairman Hay has been authorized to prepare the measure, which is looked upon as a compromise for the conti-nental army plan advocated by ex-Sec-retary of War Garrison.

The complete federalization of the National Guard will be substituted for the proposed continentals, and the White House was informed during the day that the committee was a unit in supporting

#### the plan. WANT MILITARY SCHOOL

The expense for the whole establishment this year is roughly estimated at \$174,000,000, exclusive of Panama Canal defenses, carried in another bill, proposals for additional military schools in all States, carried in the McKellar bill, favorably reported by the committee, with an appropriation of \$3.840,000 for this purpose, and whatever may later be decided upon in carrying out a scheme to foster the fixation of atmospheric nitro-gen in the United States, giving the country its own supply of ingredients for explosives. To complete the committee's compre

mise with President Wilson on the conti-nental army, the bill will authorize the increase of the regular army to the total many church members and crowd out the desire to live the real Christian life and to help win men from sin. Among those he mentioned were cares and worries, corrow, philanthropy, temperance, intemperance lar authorize the mentioned were cares and worries, corrow, philanthropy, temperance, intemperance lar authorize the many church members and authorize the peace strength of 147,000 by adding 10 field artillery, 52 companies of coast artillery, 15 companies of engineers and 4 members and authorize the peace strength of 147,000 by adding 10 field artillery, 52 companies of coast artillery, 15 companies of engineers and 4 members are supported by the regular army to the total peace strength of 147,000 by adding 10 field artillery, 52 companies of coast artillery, 15 companies of engineers and 4 members and crowd out the members are companies of infantry. aero squadrons. This is the exact regu-lar army program mapped out by ex-Secretary Garrison before the unfavorable reception of the continental army scheme led to his resignation.

Under the tentative bill, the regular army would have an organization capable of being expanded to 275,000 men in war time, and a reserve provision will be in-cluded designed to produce annually 75,000 reservists, obligated to return to the colors under call. It will provide also for the creation of 30 cadet companies to be attached to regular regiments to be trained for early entry into an officers' reserve

### ARMY MAY BE 200,000.

While the House Committee was busy with this plan, the Senate Military Com-mittee was working on its proposals for the regular army, framing its measure on the basis of the Chamberlain bill, which provides for an army of approximately 200,000 men on the basis of the War College plan of 1912. It is expected the committee plans to make its bill authorize a thorough reorganization of the army with a peace strength of from 160,000 to 200,-

The Federalization provisions will ex-ceed the proposal of the National Guard Association's tentative bill in many re-spects, including the maximum strength authorized.

authorized.

It is proposed to empower the President to draft members of the National Guard into the Federal service in wartime, setting at rest any question of conflict of authority over the troops when they are needed for purposes of the nation.

### Police Court Chronicles

Bill Duff will always accept a dare. He goes where brayer men falter. He has a reputation up in Kensington for climbing telegraph poles because it benefits the general system and has been the means of providing him with many free meals of providing him with many free meals at the House of Correction. Bill was com-plaining of an annoying thirst in the neighborhood of Kensington avenue and Cumberland street, when a few of the regular hangers on offered to give him immediate relief in the shape of a pint of whisky. But there was a condition. It was to the effect that Duff must roll a peanut with his nose for a distance of 50

Bill agreed. A peanut was tossed on the sidewalk and he started off bravely. Naturally the performance attracted a growd which followed the peanut roller

down the street. This interfered with cars and automobiles. A policeman who heard there was a hold-up rushed to the scene just as Bill was about five yards from the finish.

from the finish.

"You're never satisfied unless you're unhappy," said the cop.

"No. I was just trying to be happy," declared Bill truthfully. But as he was in the habit of collecting crowds from pure habit, Duff was taken before Magistrate Dietz at the Trenton avenue and Dauphin street station.

"The primaries was officially charged with

Pauphin street station.

The prisoner was officially charged with obstruction traffic, but the Judge was amazed when he heard of the means unpleyed. As Bill was painfully housest in the matter and proved that he had not about the cause commonton he was given as other charges for liberty on the promise that he would be moral in the future.

### CHICAGO MAYOR, WIFE AND CHUM ACCUSED OF FILCHING WOMAN'S PAY

Council Orders Inquiry Into Charge That Employe Was Forced to Help Support Mrs. Thompson's Sister

### ALLEGES '\$543 TAKEN

CHICAGO, Feb. 22 .- A committee of city council today started an inquiry into charges of graft involving Mayor Thompon, his wife, his sister-in-law and a num of Mrs. Thompson. The committee will hold its first session on Thursday to take up the charges and hear witnesses.

The political bomb was set off at last ight's council meeting when Alderman Rodriguez, Socialist, demanded investiga-tion of charges made by Mrs. Page Waller Eaton, Reutenant of Mayor Thompson during his campaign and his appointee as perintendent of social survey at a salary

\$3000 a year. Mrs. Enton charges, according to the Mrs. Faton charges, according to the alderman, that approximately one-third of her salary was extracted from her regularly by Mrs. Louise Osborn Rowe, commissioner of public works and Mrs. Eaton's superior. Mrs. Eaton asserts the money was forced from her by Mrs. Rowe with the explanation that she too was contributing and that the orders for contributing came from Mrs. Thompson wife tributing came from Mrs. Thompson, wife of the Mayor.

According to Mrs. Enton's charges, Mrs.

Rowe explained that the fund was for the support of Mrs. Thompson's sister, Mrs. Margaret E. Mivelaz, a widow. The contributions were to continue, Mrs. Eaton says she was told, until Mayor Thompson ould find a place for his sister-in-law on the municipal payrell. Mrs. Eaton, according to Alderman Rodriguez, is prepared to prove that \$543 was extracted from her in this manner from the middle of June until early in January. Mrs Eaton resigned last Saturday,

Mrs. Rowe, who is one of Mrs. Thomp-son's closest friends, today said she had heard that some such charge was to be made against her and that she "welcomed

#### BIG ZEPPELIN SMASHED BY FIRE OF FRENCH

Continued from Page One

at their task and soon the balloon was set SWEPT BY FLAMES.

Flames from the incendiary shells raced dong the gas bag and soon the entire structure was a fiery mass. The balloon began to descend very slowly, with pieces of burning wood and silk dropping

When the flames reached the car there was a terrific explosion and the balloor was torn asunder. As the air craft was split apart the wreckage began droppin at frightful speed and the men could b en amidst the flames trying to throw the

remaining bombs from the car.

There were a series of other explosions before the remnant of the balloon touched the ground. Thirty bodies, including an officer, were found in the ruins. Each was blackened with fire and the clothing had been burned from all the corpses Zeppelln was one of the newest and big-

which Allied aviators met Teuton nirmer at various points from northern France to a Turkish position east of Suez, was fought yesterday. More than 77 aircraft of various types and sizes were engaged and the battles raged in size from duels to combats between great air squadrons. A Zeppelin in flight over the French lines in the Argonne was brought down by a squadron of anti-alreraft guns mounted on motorcars. The dirigible was

More aerial engagements, with greater losses of aircraft, were reported yesterday Inst than during any previous 24 hours of the Pa.

Six enguire ranging from duels between aeroplanes to engagements between upward of a score on either side, were fought during the day, according to the French official re-

### 12 TOWNS RAIDED.

Four Allied raids, one by the British sing 26 aeroplanes, were carried out. Including bombardments by German airmen. 12 towns in all were attacked. The opera-tions extended from end to end of the western front, and are supplemented by the report of an exploit by a British air-man in Egypt. This aviator, according to a dispatch from the British commander in the Mediterranean, in the course of reconnaissance of an advanced Turkish post east of Suez, descended to a height of 600 feet and destroyed the enemy's ower station at Ey Hassana with a 100-ound bomb. The French War Office issued the fol-

lowing report today.
"On Monday evening a Zeppelin flew over Luneville and dropped some bombs, but none of them caused any material

"When our aviators ascended to give battle the Zeppelin fled in the direction of The French War Office statement is-

The French War Office statement issued last night says:

A Zeppelin, proceeding from St. Menehould (on the Alsne) toward the south, was shelled by a section of auto cannon at Revigny. Struck by an incendiary shell the Zeppelin fell in flames in the neighborhood of Brabant-le-Roi.

"The day was marked by a number of alr fights. Over Tagsdorff, east of Altkirch, one of our aeroplanes, attacking a Pokker at close quarters, fired 15 shots at him. The enemy machine alipped over on its right wing, then fell.

"In the region of Epinal an Albatross machine was brought down by our artillery fire. In the region of Bures, north of the Forest of Parroy, a German machine attacked by two of our machines was brought to earth in our lines. The pilot and passenger were killed.

"A squadron of seven aeroplanes gave combat to four enemy aeroplanes in the region of Vigneulles-Les-Hattonchatel. Two of the latter were forced to make a landing. The other two took to flight.

landing. The other two took to flight. 15 IN AIR SQUADRON.

"Enemy aeroplanes have bombed Fismes, Bar-le-Duc and Revigny, Near the last named place an enemy squadron composed of 15 machines was attacked by one of our pursuit sytuadrons and was forced to give fight, in the course of which a German machine was beaten down near Givery-en-Argonne. The two aviators were made prisoners. A second

enemy aeroplane was pursued into its own lines.

"One of our bombing groups, composed of 17 machines, dropped 56 shells of heavy calibre on the aviation field at Habshelm and on the freight station at Muelhausen. Another group of 28 machines dropped a number of projectiles on an enemy munition factory at Pagny-sur-Mosells. Following these different operations all our seroplanes returned to their landing ground."

A news agency dispatch from Zurich reports that a Zoppelin was wrecked at Friedrichshafen in Tuesday's storm and that another was damaged.

ROME, Feb. 22.—Austrian aviators made an attempt to raid Milan yesteraday. Driven off from the city they dropped bombs on towns in the Lake Garda reston killing four civilans and injuring several. The military daming done is abstract the insignificant. The towns affected were Desension on the southwestern above of Laka Garda, Salo, to the north of Personano, and Tanzo.

### BANK OF FRANCE STOCK DECLINES; HELPS EXCHANGE

Sales of Securities in London Are Facilitated Without Charge

PAYS INSURANCE FEES

### By YVES GUYOT

Editor L'Agente Recnomique et Financiere.

Special Cable to the Evening Leager. PARIS. Feb. 22 -The capture of Erzeum is of considerable importance, as it nakes impossible the expedition against Egypt, which was perhaps never a seri-

ous menace, but tied up the English army and made the stock of the Suez Canal fall between three and four thousand france, with no buyers. It puts a defi-nite end to any Turkish enterprises against Persia and the Persian Gulf. while the Bagdad Railroad will certainly o for a long time a bad financial specu-tion as it has been a bad political affair. Stock of the Bank of France issued at 00 francs and which has been selling at 4500, has fallen to 4450. This prob-ably is because of the fear of the people due to the Government's plan to tax war profits, but nobody need be frightened on that account, as all charges against the bank are determined by law, and new laws

Application has begun of the arrangeentered into between Alexandre Hibot, Minister of Finances, and Reginald McKenna, Chancellor of the Exchequer, for sale of French securities on the London Stock Exchange through the Bank of France as Intermediary. A notice pub-lished by the Bank of France shows the Only stocks held by onditions of sales. Frenchmen in good faith can be sold and do not necessarily have to have paid the French stamp tax of 2 per cent, but only have to pay the English tax. This is very important point.

There are other advantages. The Bank of France pays the expense of transmis-sion and insurance charges, with no com-mission, and charges nothing against the seller except what the bank itself has to

Thus the bank not only gives its servand the bank favors stock sales in London because they help to regulate exchange. Sellers receive their money in francs in Paris at the regular rate of exchange, but the Bank of France leaves in London the money it receives for the stock and uses it for the needs of French commerce.

### EXPERTS TO DISCUSS FEEBLE-MINDEDNESS

Physicians, Social Workers and Educators Will Speak at Exhibition

Three night meetings, Physicians' Night cial Workers' Night and Educational Night, with speakers of international re-nown on the subject of feeble-mindedness, will feature the last week of the exhibit feeble-mindedness held in the Widener Building February 23 to March 5. This will be under the auspices of the Public Charities Association and is free for

dults. No children admitted.
The alm is to show the need of adequate revision and additional appropriations by the 1917 Legislature.

Physicians' Night, the first of the three, is February 28. That night addresses will be given by Dr. Thomas W. Salmon, of the National Committee for Mental Hygiene, New York, and Dr. J. M. Murdock, superintendent of the Western Pennsylvania Institution for the Feeble-Minded, Polk,

Social Workers' Night will be March L Besides the Zeppelin, five German flying machines were shot down and two others Madeleine Hallowell, superintendent of the ided. Vineland, N. J., and Robert D. Dripps, execu-tive secretary of the Public Charities As-sociation of Pennsylvania, with headquar-

ters in this city.

Educational Night will be March 2.
The place the school can take in the life of the feeble-minded will be shown that of the lecole-mined will be shown that night by E. R. Johnstone, superintendent of the Training School for the Feeble-Minded, at Vinciand, N. J., and Miss Elizabeth E. Farrell, inspector of the un-graded classes of the public schools of New York city, will speak.

Workers are gratified that the Philadel-Workers are gratified that the Philadei-phia County Medical Society has indorsed the exhibit on feeble-mindedness, and that at the last session of the society adopted a resolution going on record as willing to sanction the exhibit. They, as members of the medical profession, find that more adequate provision should be made in Pennsylvania for the feeble-minded, as a protection for the rest of the community.

### Southern California Edison Co.

6% Five Year Convertible **Gold Debentures** 

Due March 15, 1920 These bonds may be con-verted at any time into common stock, now paying 6%, on the basis of 11 shares of

stock for each \$1000 debenture. The earnings of the Company are steadily increasing. After paying all fixed charges and setting aside 15% of gross earnings in a separate depre-ciation fund a sufficient surplus remains to warrant a 7% divi-

dend on all stock outstanding. Price and full information on request for Circular No. 336.
