He Claims They Have Only Two Unreleased Chaplin Pictures. He Ought to Know

By the Photoplay Editor Charles Chaplin is on his way to California to take charge of the preliminary work making ready his studios in Los Angeles.

Mr. Chaplin left New York Thursday on the Twentieth Century, concluding the Broadway solourn which brought him the world's greatest salary, the Mutual's contract for \$670,000 a year.

"In departing, I want to emphatically deny that the Essanay Company is holding a large stock of unreleased films of my productions with which to flood the market," said Mr. Chaplin. "There are to come from this company only two 2-reel releases, 'Carmen,' and another which has had the working title of 'Police."

The circulated reports that a flood of Chaplin films was to be turned loose on the market have absolutely no foundation in fact, and the spreading of such gossip can do no one any good.

'I am glad to be on my way to Cali-fornia. I've had a bully time in New York, and I have enjoyed every minute of it, but now I feel like going back to work

"As I have so often said, I have felt that this was to be my big year. I know it is going to be.
"I am pleased with the terms of this contract beyond the somewhat important financial return. It means that my efforts will get before all the people, that my pictures will have adequate distribution through the Mutual's wonderful machine of 48 exchanges."

exchanges.
is the expert estimate that not less "It is the expert estimate that not less than 256,000 persons a day will see me in the films distributed by the Mutual. This ought to be an answer to some of the folks who make snippy remarks about any salary. If a Broadway star or an artist of the opera can set, say, from one to two thousand dollars a night, as some of them do, for an appearance at a theatre, appearing before that small audience at a theatre, why may not the man who can reach a quarter of a million a night receive a commensurate salary?

"Anyway, each party to this contract is satisfied with the bargain, and we know that it is a fair one."

Gall Kane, who recently was nearly frozen to death while filming "Her God," will be seen in a new picture, "The Twin Sister," on the Equitable program.

The next picture in which Francis X. Bushman will appear is "The Wall Hetween." It will be released on the Metro

Henry B. Walthall, co-star with Edna Mayo in the Essanay series, "The Strange Case of Mary Page," never signs his name without the "B." The reason? Well, there are 13 letters in "Henry Walthall" and the additional "B." drives away the bad luck. Mr. Walthall isn't superstitious, but he doesn't believe in taking any

With the close of the engagement of "Prohibition," the Opera House has closed for one week while repairs are being made. The reopening will be under new management, which promises entirely new and novel style of motion-picture entertainments. March 20 is announced by the management as the date when the newer policy will go into effect, and the largest film-producing firm in the country, which has recently signed up the highest priced r in the world, will probably first show ir product to Philadelphians at this

From the Mutual press agent we get Chaplin was introduced to Caruso the

other night. "Ah! Ze Caruso of ze cinema, I greet ou," exclaimed Caruso with his characteristic modesty.

Chaplin hesitated only a second, advancng smiling and with outstretched hand.

LOAN ITEMS TOMORROW

Committee Will Attempt to Remove \$210,000 Vare Snag

Further consideration of the various terms of the \$28,800,000 municipal loan will be taken up by members of Councils' Finance Committee at a meeting scheduled Finance Committee at a meeting scheduled for tomorrow afternoon. According to Chairman Gaffney, a thorough understanding of all the items will be arrived at and every effort will be made to remove the same incident to the finding of a \$210,000 item to repay Senator Vare for work done prior to 1913 in League Island Park and for the grading of Government avenue.

The Vare item appears in a provision of \$1.250,000 for the Department of Public Works which is so worded as to provide payment for work "heretofore done." Chairman Gaffney in reply to criticism of this item will make the statement that Senator Vare will first have to prove the

Senator Vare will first have to prove the Senator vare will hirst have to prove the justness of his claim before any bill is introduced in Councils to provide payment after the passage of the loan. The item, he says, is in no way defective. Should Senator Vare fall to have the necessary legislation passed or fall to secure a verdict in a court of law, the money in-volved could and would be used for other work. This is a bill that former Mayor Blankenburg and former Director of Pub-lic Works Cooke refused to allow on the grounds that it involved no just debt on

the part of the city.

Chairman Gaffney has denied that the item was included secretly and insists that every item of the proposed loan will be closely scrutinized at the meeting to-morrow. Just what will be done with the transit item has not been determined, but Chairman Gaffney asserts that the item in no way affects the controversy over plans and should be included together with the estimates of other departments with

HUNT BOYS WITH 'TUMMY ACHE'

Cops Try to Find Robbers Who Raided Candy Cases in "Five and Ten" Store

Police of the 26th and York streets station today are hunting for boys suffer-ing from "tummy ache" in the firm belief that search along this line will result in the rounding up of the thieves who raided the candy and jewelry counters of the Alt-man Five-and-Ten-Cent Store, 1601 Susquehanna avenue.

When A. I. Epstein, a clerk, opened the when A. I. Epstein, a cierk, opened the store this morning, he quickly discovered that all was not well with the establish-ment. The floor was littered with candy and many pounds of gum drops, peanut brittle, molasses tany and other varieties of sweets were missing. Glass showcases were covered with the daubs of sticky fingers, giving evidence of a wholesale candy orgy. Fifteen dollars was miss-ing from a cash register, and many "sparklers" were absent from their accusomed places in the 10-cent jewelry case.

The looters gained entrance to the store by crawling up a rainspout in the rear and climbing through the window of a storeroom.

"It is the work of boys," said Samuel "It is the work of boys," said Samuel Altman, proprietor. "It looks as though that, after they had eaten all the candy they could hold, they had stuffed their pockets with gum drops and other sweets.

Acting Detectives Williams and Richardson are making the rounds of homes in search of "tummy ache" sufferers. This is the second time that the Altman store has been robbed within two years.
