PENROSE TO DECLARE WAR ON BRUMBAUGH AT PITTSBURGH TODAY

Senator Expected to Indicate His Plan of Campaign to Defeat Governor's Designs by Booming Knox

ISSUE SQUARELY DEFINED

Snyder for Auditor General Against Ambler or Any Vare Candidate

Senator Boles Penrose will probably de-clare war before nightfall on the recently announced plans of Governor Brumbaugh with a statement today at Pittsburgh, where he and the Governor will attend the cornerstone-laying ceremonies of the City-County Building.

Senator Penrose will oppose the Governer's effort to control the Pennsylvania delegation to the Chicago convention by declaring in favor of the election of uninstructed delegates. This was made plain to several hundred Republicans from western countles who called upon him today

ern counties who called upon him today and last night.

If was accentuated in a speech by Senator George T. Oliver last night at a luncheon at the Duquesne Club, in which Mr. Oliver declared that there could be no sincerity behind the candidacy of either the Governor or Senator Penrose for the presidency. If a Pennsylvanian was to be considered in connection with that great office, he said, Philander C. Knox stood out prominently as Pennsylvania's offerout prominently as Pennsylvania's offer-ing, but he argued that the delegation should not be instructed even for Mr.

PENROSE'S PLAN OF CAMPAIGN. These additional facts have developed turing the long series of conferences held by Penrose at Pittsburgh:

That he will make war upon the Gov-grnor's plans, including State officers and delegates-at-large, and from the congres-sional districts proposed by the Vare-Brumbaugh combination.

That E. Y. Babcock and D. L. Gillespie, of this county, will appear upon the slate of Penrose delegates-at-large if they are willing to go into a fight with the Penrose forces, and that he wants State Chairman W. E. Crew to stand as a candidate for delegate-at-large.

delegate-at-large.
That he will stand by Senator Charles
A Snyder, of Schuyikill, as a candidate
for Auditor General against Charles A.
Ambler or any other candidate for this
office that may be suggested by the Gov-

ernor and his allies.

Developments indicated today that the Developments indicated today that the Governor certainly cannot depend upon any support from Senator George T. Oliver in a fight based on the Governor's own presidential candidacy; that he has little reason to count upon any assistance or the neutrality of State Chairman W. B. Crow and probably less reason to figure that Congressman W. W. Griest, of Landau and Congressman caster, is either an ally or a neutral. All three had been figured more or less as neutrals or allies of the Governor and as other they would have been distinct osses to the Penrose organization.

PITTSBURGHERS IN CONFERENCE. Although none of those present would make a statement, it was learned last night that it was attended by a group of men potential in the politics and business life of Pittsburgh. Among them were Mayor Joseph G. Armstrong, Henry P. Haas, Senator George T. Oliver, State Senator Charles H. Kline, Samuel C. Jami-Senator Charles H. Kline, Samuel C. Jamison, Coroner of Allegheny County M. G. Leslie, A. C. Gumbert and Frank J. Harris, County Commissioners; Frank J. Lanaham, D. L. Gillespie, John F. Casey, John. P. Moore, County Comptroller; ex-Congressman James Francis Burke, William McConway, J. D. Callery, Samuel Moody, D. B. Oliver and Edward S. Swindell.

Announcement was made in this city today that the Brumbaugh campaign will be pushed in every county in the State, starting early next week.

SHOOTS AT OLD HORSE SEVEN TIMES: MISSES

Man Who Wanted to Get Target Practice Fined \$10

A 12-year-old white horse, blind in one eye, crippled in one leg, suffering from the heaves and hard of hearing, was intorrupted during his breakfast graxing on a pile of rubbish in a lot at Fairhill street and Indiana avenue, and was obliged to look on this morning while a man took careful aim with a gun and shot at him seven times. The horse was not hit. The marksman was arrested for crucity to animals on complaint of Paul Wagner, of 2939 Fairhill street, owner of the horse.

The prisoner said he was Michael Gen tel, of 3360 D street. "The horse was old, Judge," said Wagner, "and being shot at is bad for his heart."

"Why did you do this shooting?" Mag-istrate Dietz demanded.

"I am going to Mexico and I thought I ought to get target practice. I didn't think any one owned the horse," replied

The Court adjourned to look at Ex-lbit A. The horse, whose name is Caesar, shifted his feet painfully beside the hitch ing post where he was tied and turned a mournful eye on the Court.

HALF FARE FOR MINISTERS

P. R. R. Extends Reduction to Clergymen in Interstate Traffic, Resuming Former Practice

The Pennsylvania Railroad, after a lapse of two years, has again resumed its sale of half-fare interstate passenger tick-

ets to clergymen.
This means that a clergyman may travel. from one point within this State to any point outside the State at half fare, or from any point outside the State to any point within for half fare. No tickets be sold at the reduced rate on account of dist Episcopal Church and the Methodist

On the Penceylvania lines tickets may be bought as far West as Chicago and St. Louis, and from these cities no diffi-culty will be experienced in extending the privilege wherever clergymen may wish to go. The Fennsylvania adopted this class of ticket in 1872 for all points east of Pittsburgh. The matter was brought to a head here by George Italias Dixon, vice president of the Fennsylvania Railroad, in order to meet the competition of the Eric Railroad. The point raised was that with other reads selling half-fare tickets, the practice resulted in a discrimination against Philadelphia.

"GIRLS WHO WOULD STAY PRETTY SHOULD BECOME SECRETARIES"

Advice of Business College Heads, Who Say Good Jobs Are "Going Begging"

WAGES ARE HIGHER, TOO

Girls who would be pretty and stay pretty, and be perfectly satisfied with life should become private secretary to some business or professional man. This is the advice of vocational school experts of this city. They may that such positions are 'going begging' because of the dearth of young women trained for such work. Wages are higher than ever before, and there were never such signs of prosperity, they say. All agree that the leaviest de-mand is for the private secretary, or high-cines stenographer, the two being often

Thirty requests a day for trained girls and young men are received by the Banks Business College, according to Arnold M. Lloyd, secretary of the college, and Milton F. Stauffer, of Temple University, said today that 50 requests for stengraphers had been received by that institution in the last 10 days.

"The demand is unprecedented: we can't fill the orders," said Mr. Stauffer, "Even incompetent stenographers are in demand and can secure places easily. The average salary of a girl stenographer. Thirty requests a day for trained girls

Mr. Lloyd said that the Banks College is deluged with demands for both young men and young wemen with any kind of business training. "Of course the higher secretaryships de-

ates who have held other positions," said Mr. Lloyd. "There is a great difference between wages now and featherly. Time was when either a boy or girl was eager to snap up a \$3.a-week salary for the chance to wedge in; now \$8.59 and \$10 salaries are waiting for beginners."

L. B. Moffett, director of the Peirce School, said that "becoming private secretaries preserves girls" beauty and keeps them from growing old." He drew a contrast between this vocation and teaching school, which, he said, two-thirds of the girls who must work for a living prepare for. The latter, he said, causes them to age more rapidly.

All the vocational school experts agreed that a high school education was necessary for a girl to get one of the higher positions as private secretary.

AGAINST "HYPHENATES."

Scarcely had the Rev. Dector Parkin concluded his remarks when a dozen of the ministers jumped to their feet, claiming the floor. Bishop Berry, who was presiding, recognized the Rev. Dr. C. M. Boswell, who was elected yesterday as head of the delegation to the General 'onference at Saratoga Springs in May, the said he was not in favor of "hyphen-ited" bishops, and believed that the mo-ion should be voted down.

The next man recognized was the Rev. Dr. G. H. Bi kiey, who said he was in favor of the amendment. "We are satisfavor of the amendment. "We are satisfied with white supervision, and we assume that the colored people are also satisfied with it. But just as we have racial ambition and pride, so has the negro race, and I am in favor of waiting until a man of sufficient railibre to lead his race is found and then giving them a leader of their own kind."

The Rev. Dr. Boswell tried to claim the floor again, but was voted down on a point of order. The Rev. Dr. Alpha G. Kynett sald that it would be a dangerous thing to have a negro bishop appointed to care for the negro race. He said that the conservative element among that posple is not yet ready to trust a negro with such a responsibility. The discussion was continued with vigor for more than threequarters of an hour.

MORAL CONDUCT NEW REQUISITE AT U. OF P.

Law School Will Not Grant De. grees to Students of Questionable Character

Moral character, as well as scholastic ability, will be taken into consideration bereafter at the University of Pennsylvania in granting a degree from the Law School. No candidate for a degree will be given his sheepskin unless the faculty mark his character O. K.

It is understood to be the first time that any educational institution in America has incorporated such a regulation in its requirements. The action to make moral rectitude requisite in the granting of degrees was taken at a recent meeting of the Law School faculty.

The regulation, which already has been announced to the students, will be rigidly enforced, according to Dean William E. Mikell. It reads as follows:

Mikell. It reads as follows:
Resolved. That the faculty of the
law school of the University of Pennsylvania regard the degree of bachelor of laws when conferred by the

> MOTIVE FOR SUICIDE MYSTERY Coroner's Detectives Investigate

Shooting in Bourse for the suicide of Thoma The reason for the suicide of ramas C. Rahston, grain broker, who shot him-self in his offices in the Bourse Building yesterday, was the subject of investiga-tion today by Raiston's partner, Josiah Philips, and by deputies of the Coroners.

Philips is as much puzzled as to the motive as those who investigated the shooting yesterday. He has denied that Rulston was involved financially in grain denis. Mrs. Philips said today her husband could not account for the suicide. "Mr. Philips was in Lancaster yesterday when he heard of Mr. Rulston's suicide," shis said. "He said he couldn't account for it. He does not helieve that Mr. Rulston was speculating, or that his af-Phillips is as much puzzled as to the Raiston was speculating, or that his af-
