SALUS VOTE IN FOURTH OPPOSED BY WOODRUFF

Registration Chairman Says Senator Seeking Ward Leadership Doesn't Live There

Clinton Rogers Woodruff, chairman of he Board of Registration Commissioners, oday said he did not believe State Senator amuel W. Saius entitled to vote in the ith Ward, which is in the district Saius epresents in the upper house of the egislature and where he is fighting Journy Commissioner Robert J. Moore for

Chaleman Woodruff did not vote when Chairman Woodruff did not vote when the registration commissioners a week ago decided that Salus, maintaining a legal residence in the 4th Ward, was entitled to vote there. He issued a statement today, setting forth his minority opinion that Salus really lives in Germantown and that Salus the Ward residence is merely a "voting residence." The Salus case will come up before the election court in Common Pleas Court No. 2 tomorrow.

However, the chairman is not in favor of the practice of maintaining two real-dences—one a voting residence and the other for domestic purposes—and he is strongly of the opinion that this practice should not be countenanced by the board. equally noncommittal as to possible action by his department in the matter. "Does not the charge made by Mr. Stern Corrupt Practices act?" he was asked.
"I do not care to discuss the question at this time." was his reply.

"Ao you intend to call upon Mr. Stern to produce his evidence upon which his

charges are based?"
"I will not discuss that phase of the question, nor will I make any statement at this time," was the rejoinder. United States Senator Penrose, who re

turned to his office in the Commercial Trust Building this morning, after a visit to New York, declined to discuss the Stern charges against the Governor. "I think that is a matter for Mr. Stern and Mr. Kolb to talk about," he said. They seem to have the matter well in

hand."

George H. Earle, Jr., president of the Real Estate Trust Company, in which institution the \$5000 Kotb-Brumbaugh transaction was carried out, was not to be seen today. At the office of the Trust Company it was said that Mr. Earle was spending the day in New York.

Stern, who is attorney for the Penrose-McNichol wing of the Republican City Committee and candidate for re-election Committee and candidate for re-election to the Legislature from "Jimmy" Carey's 5th Ward, made the sensational charges and threats last night. He issued a formal statement, in which he reviewed the Oliver check incident and set forth the new charges and threats and then pub-licly read his statement at a Penrose-McNichol political meeting held in the 5th

William H. Ball, secretary to the Gov-ernor, gave out the following statement this afternoon: "The Governor has re-ferred the matter to Mr. Kolb and will have nothing further to say."

"NEVER ABUSED CONFIDENCE." Colonel Kolb came to the defense of the overnor immediately after the charges are made. Stern's specific allegation was that Koib, who is one of the directors of the Real Estate Trust Company, bor-rowed \$5000 from that institution and it to the campaign account of

Martin G. Brumbaugh, who at that time was the Republican nomines for Governor. Stern charged that the Governor did not account for this money in his sworn statement of campaign expenses.

"My answer is that Governor Brumbused either my confidence or my noney," said Colonel Kolb. Asked how much he gave Doctor Brumwaugh for campalen expenses, he replied:
"I forget just now, but I think it was

about \$3000. Anyhow, it was made pub-lic in Doctor Brumbaugh's accounting to the Sebretary of the Commonwealth." "I don't know Mr. Stern." he continued "but I suppose he is an American citizen, and, as such, he has a perfect right to talk if he wants to. I am not interested de vaporings, however

the campaigns? "The Governor is my warm and good friend. Mr. Stern discourteously inti-mates that my reason for giving Doctor Brumbaugh financial aid in his campaign was that I was flattered by the close as-sociation with a man about to become the Chief Executive of Pennsylvania. I was flattered, I always have been flattered, and I always will be flattered by the and I always will be flattered by the friendship of a man so good and great as Martin G. Brumbaugh. That he is Governor cannot make me feel more proud of his friendship than if he were the humblest citizen. I know him, I cannot be deceived in him, for he is my friend in every sense of the word. And Pennsylvania chould feel fortunate in heaving his vania should feel fortunate in having him

This is the second such charge preferred against the Governor, the first being made by David B. Oliver, of Pittsburgh. The latter charged that the Governor had failed to account for a \$1000 check. As in the case of the Oliver check, it is alleged that the Kolh contribution was to be used by Doctor Brumbaugh for political pur-poses in his campaign, and that, there-fore, it should have been accounted for in the campaign expenditures and receipts. as required by the Corrupt Fractices act.
In view of all the charges, Mr. Stern
urged that the Governor promptly call a special session of the State Legislature in order that he may seek a vindication. Then Mr. Stern clearly indicated the Penrose-McNichol proposal to impeach the Governor in the 1917 session of the Leg-

ature when he said:
"If the Governor refuses to follow that course (call a special session) it must be accepted by the people of Pennsylvania as an admission of guilt. In such an event I shall demand a Legislative investigation of all of the facts alleged, and upon the findings of that investigation, if the results justify it. I shall immediately institute impeachment proceedings."

Mr. Kolb, who is alleged to have made Mr. Kolb, who is alleged to have made the \$5000 contribution, was appointed a member of the Governor's military staff. Mr. Stern asserted that Colonel Kolb bor-rowed the \$5000 from the Real Estate Trust Company, of Philadelphia, and im-mediately deposited that sum with the same complany to the account of Doctor Promphary.

Brumbaugh Senator Edwin H. Vare was told of Mr. Stern's charges at his home, in Ambler.
"Mr. Kolb is the only friend of Gov ernor Brumbaugh who should be asked for

a statement in regard to these charges he said. "As for myself, I am satisfied that they are entirely untrue."

When he was asked what he thought of Mr. Stern's demand on the Governor to call a special session of the Legislature to investigate the charges, under threat

of inaugurating impeachment proceedings the next session, Senator Vare said: "Stern is a blatherskite and irrespons for any charges he might make.

don't pay any attention to him." Mr. Stern's statement follows: "On April 8, David B. Oliver, of I'tts burgh, publicly charged that he had con-tributed \$1000 to Dr. Martin G. Brumbaugh for campaign purposes in the lat-ter's candidacy for Governor, and that the said \$1000 was never accounted for either by Governor Brumbaugh or by any of his campaign committees in the public accountings, as required by the provisions

corrupt practices act.
his answer to these charges Gov ernor Brumbaugh admitted that he had received the contribution referred to, that he had expended it and that it had not been accounted for, either by himself or by any campaign committee. His expla-nation was that Mr. Oliver's letter, which

RUMORS OF OTHER CONTRIBUTIONS "Since the details of the Oliver contri ution became a public accusation there have been persistent rumors throughou Pennsylvania to the effect that there had been other political contributions, in the form of checks, which, similarly, had been unaccounted for, as required by law. Up to the present time Governor Brumbaugh has taken no steps to disprove these additional allegations or to clear himself of the suspicion that the Chief Executive of Pennsylvania violated both the spirit and letter of the corrupt practices set.

"Governor Brumbaugh is now an avowed candidate for the Presidency of the United States. An aspirant for that high office should be above the breath of suspicion: As a citizen and as a member the Pennsylvania Legislature I consider it my piain obligation to lay before the people of Pennsylvania certain ad-ditional facts, at the same time urging that Governor Brumbaugh immediately take action legally to disprove the alle-gations resting against him, if such alle-gations are untrue.

"The facts relating to this second un-

accounted-for campaign check are these:

"In June, 1914, following the primary election in which Martin G. Brumbaugh was nominated for the office of Governor upon the Republican ticket Louis J. Kolb horrowed \$5000 from the Real Estate Trust Company, of Philadelphia, which money he thereupon immediately depon-ited with the said Real Estate Trust Company to the account of Martin G. Brumbaugh, with the explanation that it was to be used by Doctor Brumbaugh for po-litical purposes in his campaign.

\$5000 STILL UNACCOUNTED FOR 'So far as is known no part of this \$5000 was ever accounted for in the campaign acounts of either Doctor Brumbaugh or any of his campaign commit-There is every reason to believe show that it was drawn upon by a series of checks signed by Martin G. Brumbaugh, between June and October, 1914, the fund being exhausted just prior to the November election of that year. "It is well known that every one these checks was drawn either directly or indirectly to the Governor himsel, f or to one of his closest political assoor to one of his closest political asso-clates, and that the money was expended during the campular during the campaign by the Governor or by his immediate representatives. This contribution clearly was a gift without other consideration than that it was to be

ised during the campaign.
"The people of Pennsylvania are entitled to an honest Executive. Governor Brumbaugh owes it to himself and to hem to give the citizens of this Com-

In such an event I shall demand a legis-lative investigation of all of the facts al-leged; and upon the findings of that in-vestigation. If the results justify it, I shall immediately institute impeachment proceedings. Governor Sulzer, of New York, was impeached and ousted from office for a failure properly to account for campaign contributions amounting ap-proximately to \$7000.

"Colonel Louis J. Kolb, the contributor

of the 15000 compaign check referred to this second public acceptation against Governor Brumbaugh, was intensely fattered by his intimate associations with a prospective Governor; and, for a time, be entertained applicable a suggestion that a prospective Governor; and, for a time, he entertained seriously a suggestion that he become a candidate for Mayor of Philadelphia, and to this end a dinner was given in his honor at the Bellevue-Stratford, Philadelphia, at which a fulsome telegram of indorsement was read from the Governor."
