NEW ACME STORE CONCERN

Syndicate of Bankers Financing Company to Take Over Grocery Corporation Business

Announcement has been made that a syndicate of bahkers, comprising Chandler & Co. and Cassait & Co. of this city, and Merrill, Lynch & Co., of New York, are financing the Acme Tea Company, Incorporated, of Philadelphia, a new company being organized to take over all the business, assets and goodwill of the present Acme Company.

of the present Acme Company.

The Acme Tea Company, a \$2,000,000 concern, founded by the late Thomas P. Hunter, operates a chain of more than 400 grocery stores in the city and neigh-boring towns. Following Mr. Hunter's death, about a year ago, there was some controversy over the settlement of his \$4,000,000 estate, half of which amount was in stock of the Acme Company. A clause in the Hunter will directed that a preference should be given to John Gienn, president of the company; William M. Crowe, vice president, and Archibald Mc-Kinlay, treasurer, in the sale of the \$2,-000,000 in stock. An offer was made by these employes for the purchase of the stock, and there was some question of the heirs agreeing to the sale. Former Judge James Gay Gordon was appointed master in the case, and an amicable adjustment was finally reached in March of this year, the heirs agreeing to the sale of the stock to Mersrs. Glenn, "rowe and McKinjay, as designated in Mr. Hunter's will. These men helped the founder build up the business and of late years have been in active

NEW WOOL CLIP PRICES HIGH

Canadian Combings Are in Good Demand in United States

MONTREAL, May 11 .- The new wool

MONTREAL, May II.—The new wool clip prices in Canada are being held at a very high level and all offerings have been quickly taken up. Canadian mills, however, are now well supplied with stocks, having made heavy purchases earlier for military orders.

There is a strong demand for Canadian combing wools from the United States dealers, which is augmented by the difficulty in obtaining New Zealand cross-breds and English wools for that market. This demand bids fair to keep prices in Eastern Canada wool markets at a very high level. high level.

RUSSIAN ARMY ONLY 100 MILES FROM BAGDAD

Capture Warishirin, Northeast of City, and Great Munition Stores

HEADED FOR RAILWAY

PETROGRAD, May 11.

A Ruesian army has fought its way to within 100 miles of Bagdad.

The War Office announces last night the capture of Warishirin, northeast of the sacred city. With the town were taken great Turkish munition reserves, a camel supply caravan and three guns.

The British reverse at Kut-ei-Amara, instead of causing the Ruesians to abandon or change their plans for an advance on Bagdad, appears rather to have inspired them with a fresh incentive for reaching one of the principal objectives of their Caucasian campaign.

Since General Towhsheme's capitulation the Russians have made conspicuous progress along the difficult roads of the Persian mountain province which borders on Mesopotamia. According to the latest information, they have strongly fortified Serinal-Kerind, recently captured, and have driven the Turks from another series of positions far to the westward and close to their own frontier.

Persian expedition, which is far removed from the other Caucasian armies, but in the concerted Russian efforts to drive the Turks southward from Mush in the direction of Diarbekr.

This direction provides the shortest route to the Bagdad railway, the possession of which by the Russians would, it is generally agreed, be equivalent to Turkish renunciation of Mesopotamia.

The Turkish attacks before Erzingan apparently have come to an end without result. An immediate resumption of the offensive by the Russian central armies is expected. More than 2000 delegates had registered today, and it was believed that the res-

NO SIGN OF AGREEMENT UPON THE ARMY BILL

Senate Insistent on Volunteer Plan

and Force of 250,000 Regulars WASHINGTON, May 11.—Prospects of agreement on the army bil today grew dimmer. The dynamite in the Mexican situation strengthened the resolution of the Senate conferees not to yield an inch in their insistence on acceptances of the Federal volunteer army and the 250,000 regular army plan.

Senator Chamberlain, chairman of the Senate Military Affairs Committee, declared he would oppose surrender of these two important features of the bill even at the risk of final deadlock.

It is not suggested that these lessons will make you an expert pianist-but they will give you sufficient knowledge to enable you to play ordinary music, such as the accompaniment for popular songs. And what is more to the purpose, they establish a good foundation for future study.
