POINT SCORERS IN ATHLETIC GAMES AT STADIUM AS PREDICTED BY RED AND BLUE'S FAMOUS ATHLETE

By TED MEREDITH THE above chart is my choice for the point winners in the intercollegiate track meet at Cambridge, Mass., on Saturday.

I picked this group after carefully looking over the performances of the past season and from a talk with Lawson Robertson, who did not look altogether so brilliant to me as he has been in the past.

This picking puts a very different aspect on the final outcome in the total of points. Cornell easily is the winner with 39 points, Stanford is second with 29 and Pennsylvania comes third with 21.

I was very much surprised when I reached the totals to find Princeton so low down in the list, but when you glance over this sheet it is easy to see that the Tigers have been given about as much as they possibly can earn.

I gave Smith, of Michigan, the choice over Teschner in both sprints, as he is the present champion. Also he is a better man to repeat than Teschner and will stand the two days' work in better shape.

I gave Lennox, of Michigan, the choice over Teschner in both sprints, as he is the present champion. Also he is a better man to repeat than Teschner and will stand the two days' work in better shape.

MORTON AGAIN IS SLATED TO OPPOSE "BULLET" BUSH

Indians Not as Confident as They Were When They Arrived Here

HARD FIGHT EXPECTED

Guy Morton, Cleveland's star hurler, who won five consecutive victories, will try to break the winning streak of "Bullet" Bush, of the Athletics, this afternoon.

Morton's task will be doubly hard as he is going better than at any time in his career, and the Cleveland wonder will have quite a battle on his hands to beat Bush.

Yesterday's postponement was welcomed by Fohl's men. They wanted a chance to rest, as the jump to Cleveland and back for one game with Washington on Sunday was not relished, particularly as the reward for the trip was a heart-breaking defeat.

Rube Olingr probably will be back in the game again this afternoon. Olingr returned on Monday, but after playing a few innings was forced to retire as his eyes bothered him. Olingr has been suffering with a heavy cold, which is just breaking, particularly as the reward for the off day in bed and believes that the day's rest did him a lot of good.

The purchase of Marty McFale at the waiver price from the Red Sox came as a surprise to the Cleveland players since they believed that Fohl would stand pat on his present staff. McFale was obtained on the recommendation of Tris Speaker, who thinks the spit-baller is one of the best relief pitchers in the league.

Bingles and Bungles

Yesterday's homers: Vaughn, Cubs; Schulte, Phillies; Moyer, Phillies; Hornsby, Cardinals; of Ragan, Braves.

The White Sox broke their losing streak. It rained.

It was a wet day everywhere for American League teams. All games were postponed.

The worm will turn. The Cubs won their first game from the Phillies after losing eight straight to them.

The bat work of Wildfire Schulte and Hippo Vaughn's hurling were too much for the Quakers. Schulte, besides getting two singles, blanketed the ball from the Red Sox with two on while Vaughn struck out six and kept the hits scattered.

Ho, hum. The Giants won their 12th straight game by beating Cincinnati. Three games behind the leaders now.

The Dodgers gained a full game on the Phillies by beating the Pirates. Fred Pfeffer blanketed the Pittsburghers, 4 to 0, allowing two costly hits.

Hornsbury's slickwork and Reesman won for the Cardinals. The Braves' 10 to 0. The Cardinals' infielder scored both runs.

Owner Charles Comiskey says there isn't going to be a shakeup on the White Sox team. "The boys have just struck a slump," he said.

Congress Asked to Bar Bets on Races

WASHINGTON, May 24.—A bill barring from interstate commerce race bets, lottery tickets and other forms of gambling was introduced in the House today by the Interstate Commerce Commission.

TED MEREDITH

In good condition, but now he has a felon on one of his right fingers which greatly handicaps him. I have given him a place, and I think he will get one in spite of his injury.

It was a hard job picking the thirds, fourths and fifths in some of the events. Reports from Cornell may be less than ideal, but I have given him a place, and I think he will get one in spite of his injury.

Jack Moakley always springs a surprise at the intercollegiate, and his men come through where the others fall down.

It is rumored that House, Stanford, will be declared ineligible at the meeting tomorrow night, but he is now on the competitive list and will be unless ruled out at the last minute.

According to the way I have figured out the points, the totals will be: Cornell, 39; Stanford, 29; Michigan, 21; Pennsylvania, 15; Princeton, 11; Yale, 10; Harvard, 9; Dartmouth, 8; Williams, 7; Lafayette, 6; Brown, 5; Colgate, 4; Hamilton, 3; Swarthmore, 2; Bryn Mawr, 1.

In case House is disqualified, Norton, Stanford, will move up to second place; Savage, Bowdoin, to third; Fohl, Cornell, fourth; and Hammett, Penn State, fifth, according to Meredith's table.

From the Cinder Path

Everett Smalley, the Central High School hurdler, has not lost a race over the last 12 months. In the Eastern school ranks he is in a class by himself as a hurdler.

During his entire scholastic campaign Brooker, Brewer, of St. Albans, has not been beaten in a 100-yard scholastic race and only once has he been beaten in a 50-yard event.

George Green will succeed Carl Smith, resigned, as director of athletics at the University of St. Albans. He developed Brewer, Maxim, Crawford and Wallace. He is a Philadelphian.

An all-round contest between Murray, of Stanford, and Grinnon, of Princeton, at 110 pounds, is in the air. Grinnon has done 12 feet 10 inches in the pole vault, but Foss is the more consistent in big competition. Curtis gets third place, due to his past performance, and Haydock and Buck, fourth and fifth, respectively, because of their 12 feet 6 inches vault in the Yale-Harvard meet.

If the Westerners are going true to form the hurdlers will win the hammer, as he has thrown it 166 feet on the coast. Leadbetter threw it 156 feet in the New England intercollegiate, which is better than McConnell's 154 feet in the relays. It is a toss-up between Mathews and Pudrith for the other two places, but I favor Mathews.

The shotput is a puzzle. None of these men except Maxfield ever has done better than 46 feet. Maxfield can do 47 feet when

recorded in the dope. Last season Brookline dropped something like ten out of twelve on the road, and then came back for a spin of nineteen out of twenty-four, or thereabouts, at home. But the olive wreath for record reversals goes with the 1915 Giants.

Slipping It to Stallings

When the Giants started West they had two games and dropped 13. They had a percentage around 147. What club, we asked Stallings, "do you figure will give your club the hardest fight—Brooklyn or Philadelphia?"

GIANTS FORGOT THEIR ALIBIS WHILE LOSING BALL GAMES; NOW THEY HAVE MADE GOOD

By GRANLAND RICE

The Answer

When the battle breaks against you and the crowd forgets to cheer; When the Antell Chorus echoes with the essence of a jeer;

When the knackers start their panning in the knacker's nimble way; With a rap for all your errors and a josh upon your play—

There is one quick answer ready that will wrap them on the wing; There is one reply forthcoming that will wipe away the sting;

There is one elastic come-back that will hold them, as it should— Make good.

No matter where you finish in the mix-up or the rout, There are those among the rabble who will pan you anyhow;

But the entry who is sticking and delivering the stuff Can listen to the yapping as he giggles up his cuff;

The loafer has no come-back and the quitter no reply; When the Panell Chorus echoes, as it will, against the sky;

But there's one quick answer ready that will wrap them in a hood— Make good.

THERE is a case of a certain fan. When the Giants had dropped their thirteenth game out of fifteen starts he said to us: "This is the worst looking ball club McGraw ever had. The Giants will finish a year ago."

RED AND BLUE NINE TO MEET FOURTH STREET

Star Baseball Players From Many Colleges Will Be in the Line-up

Coach Roy Thomas' ball team will meet the 4th Street Ball Club this afternoon in a contest which will be at 3:30 p. m.

The 440 yards and 880 yards I gave myself, because I won them last year and because I don't think a man should ever enter a race thinking he hasn't a chance to win.

Robertson thinks Moore will beat Wilcox these men several times, and would rather race Moore than Wilcox.

Windnagle will win the mile and half mile, but I think my picking of these events will be right. Should one of them lay out of the half trials on Friday, I think that that one will win the mile, but with the other both doing the same work.

Windnagle can beat Overton in the sprint home in the mile should the pace be fast, but this will take so much out of him that he cannot repeat and beat him in the half.

The two-mile will see three Cornell men in the first, second and fourth position. Cornell, Penn, will be third. He has picked up a lot of running in the past three weeks and should do well under 9:40.

MEREDITH HOUSE MAY BE BARRED FROM BIG MEET

Star Stanford Hurdler Violated Rule by Competing in Meet

CERTAIN POINT WINNER

BOSTON, May 24.—Meredith House, star hurdler of Leland Stanford, who was looked upon as a certain point winner in the intercollegiate meet at the Harvard Stadium today and Saturday, has been found to be ineligible.

The I. C. A. A. has a rule that forbids from competing in a freshman who has won a prize in an open meeting. House has won a prize in an open meeting. House is a freshman and he competed in the Junior A. U. championships at San Francisco, where he finished third in the 440-yard hurdles.

House did the low hurdles in the Stanford-Michigan dual meet last Saturday in 21 seconds flat. The intercollegiate record is 22 3/4. He is able to run the 120-yard high hurdles in 15.3-5, and he has been timed at 23.3-5 in the low barriers. He was sure of a place in the meet, and he was possibly both Saturday. Stanford still has Murray, another excellent hurdler and a winner in the five events last Saturday, but the barring of one of the class men will improve Cornell's chances of capturing the meet.

The Stanford star meets a fate like that of W. A. Schick, of Harvard, in 1912, Fred. A. Burns, of Brown, in 1913, and Nicholas of the University of California, in 1914. All were declared ineligible on the same grounds—that he is unable to compete.

Arthur Duffy, of Georgetown, fared likewise when he was a freshman, and Georgetown appealed to the directors of the I. C. A. A. to rescind the rule in his case. The board refused, Stanford will appeal for House at the meeting of the board in the Boarding Plaza Thursday night, but there is little doubt but that the rule will be lived up to.

The disqualification will be a sore disappointment to the Stanford team, which has made a cross-country trip with the University of California, and had excellent chances of capturing the meet. Both Western teams are practicing at the stadium daily.
