Virginian Who Harassed Northern Army Received Pardon From Grant

ADMIRED BY HIS FOES

Used Only Picked Men and Made Each Man of Command "Seem a Hundred"

COL. JOHN S. MOSBY Famous Confederate leader, who has succumbed to old age.

WASHINGTON, May 20,—Colonel John 8 Mosby, the daring Confederate cavalry leader, died here today in Garfield Hospital. Since Sunday his condition had been critical. He was 83 years old and had been suffering from a complication of

Colonel Mosby, one of the last of the dashing figures of the Civil War, was admired both by North and South—although he had many enemies in both sections. He was the originator of the Mosby method of warfare; to use only picked men and to "make each man seem a hundred." So dangerous was he to the North that he was declared an outlaw and denied the right of surrender at the end of the war. Cavalrymen searched for Mosby in the Virginia mountains until General Grant, ap-

pealed to by Mosby's wife, ordered the outlawry order canceled. STARTED LIFE PEACEABLY. Colonel Mosby started life peaceably enough at the Mosby plantation at Edgemont. Powhatan County, Va., where he was born in 1833. He was graduated from the University of Virginia, a full-fiedged

lawyer at 19, in 1852. Three years spent at his parents' home salled on him, and he started the practice of law in 1855. Soon thereafter he married Miss Pauline Clarke, daughter of Judge Beverly J. Clarke, who had served as member of Congress and United States Minister to Guatemala.

When the Confederacy called for troops Mosby enlisted with General J. E. B. Stuart's 1st Virginia Cavalry. In Stuart and Mosby the Regiment furnished the South two of its most famous officers.

Stuart, then colonel, became cavalry leader for the South and it was to him that Mosby outlined the plan he had conceived for Mosby's men.

WASPLIKE CAVALRYMEN.

In the winter of 1862-1863 the plan was completed and launched. Mosby, given a mmission, circled to the rear of General Burnside, facing that of Lee along the Rappahannock River. His raid there was the first of many that took the heart out of the Union men who felt the sting of his little band of wasplike cavalrymen. It was Mosby's plan to hit quick and hard—always from behind, when he was cut off from all help with hostile troops between him and his people. He was captured once and wounded several times. When he was captured he was taken to Washington. It was a matter of regret for the North that he was soon exchanged and sent back to his army.

After the war and after General Grant, by his magnanimous order, had the order of outlawry against him lifted. Mosby started to practice law in Warrenton, Va. He startled the South when, in 1872, he voted for Gran, a hated Republican, for

left Warrenton and went to Washington. He practiced law until he was made Consul to Hongkong. On his return in 1885, he was put on the legal staff of the Southern facilic in San Francisco. He resigned and stok a place in the general land office, investigating land frauds.

In 1905 he entered the Department of Justice as special attorney. He was removed as "senile" by Attorney General Wickersham in 1910. Coincident with his removal, he published a book on the cavalry maneuvers of the Battle of Gettysburg that seemed so far from "senile" that it was seemed so far from "senile" that it was seemed so far from "senile" that it was adopted as a text book by the War College. Since his removal from office Colonel Mosby had made his home with his daugh-ter, Mrs. Stuart Coleman, in Washington.

ONE KILLED, 7 INJURED IN TRAFFIC ACCIDENTS

Child Hit by Motortruck Dies in Camden-One Driver

John Hagstrom, 14 years old, of 1911 River avenue, Camden, died today at the Cooper Hospital from injuries received late yesterday afternoon, when strucke by a motortruck of the Sharpless Brothers Commotortruck of the Sharpless Brothers Company, at River avenue and the Pennsylvania Railroad, where he was playing. Seven other injuries complete yesterday's toil of reckless driving in Philadelphia and vicinity. Frank G. Kennedy, of 2027 Green street, a member of Post No. 2, G. A. R., lies near death at his home as a result of being injured a few days ago by an automobile.

William H. Brown, 40 years old, of 2808 Frankford avenue, is in the Episcopal Hos-pital suffering from internal injuries. He is another motorcar victim. Joseph Blatz, of 2015 Cambria street, was held in \$300 ball 2015 Cambria street, was held in \$300 ball by Magistrate Wrigley, after a hearing in the Belgrade and Clearfield streets station, charged with running Brown down last night at Frankford avenue and Somerset street. The hearing was continued until June 6, when Brown will appear against Blatz, if he is able to leave the hospital.

The list of other injured persons during the last 24 hours: the last 24 hours:

Harry Houseal, 49 years old, of 633 Commissioner street, leg broken and other injuries. Knocked down by a motortruck at Broad street and Allegheny avenue. Fe is at the Samaritan Hospital.

Marie Ambruster, eight years old, 1222
West Oakdale street, cut scalp and possibly
fractured skull. Struck by automobile
driven by Mrs. Alida Hasser, 1229 Tucker
street, at 13th and Tucker streets. She is
at the Samaritan Hospital.

Wallace Merrill, 21 years old, 1738 Green street, concussion of the brain. Injured at 15th and Fairmount avenue. He is at St.

Joseph's Hospital.

Joseph's Hospital.

Mrs. John Berryman, 1620 South 6th street, Camden, and her son, Orlando, 6 years old, slight injuries. Struck at Markst and 2d streets by a wagon recklessly driven by Frank Kenan, of 15th street, below Morris. Mother and son received medical attention at the Jefferson Hospital.

Merrill, trying to avoid one team of orses, crashed into another and was thrown across the street. He was picked up uncon-scious and taken to the hospital by the 9th district police, who placed the drivers of both teams under arrest. They are Rich-ard Davis, of 18th street above Spring Garard Davis, of 18th street above Spring Gar-den and Leroy Owens, of 51st street and Haverford avenue. Both were released upon promise to appear when wanted. Houseal was on the rear seat of a motor-

cycle, driven by Samuel Morton, of 149 East Allegheny avenue, when it was struck by a motortruck driven by John Fistler, 732 Gray's Ferry road. Morton and Fistler were arrested, but the former was discharged in the night court by Magistrate Pennock, while Fistler was held for a hear-ing after Houseal leaves the hospital, being

released on his own recognizance.

According to Mrs. Alida Hasser, of 1229
Tucker street, driver of the automobile which knocked down little Marie Ambruster, the girl ran directly in front of her car. She asserted that the machine was being driven slowly. Witnesses of the accident substantiated her statements, and she was released on her own recognizance by Magistrate Carson for a further hearing

n Friday Kenan was arrested after a chase down Market street, from 4th street, by Sergeant Daly, of the traffic squad, after his wagon has knocked down the Camden woman and child. He declared that Kenan had been driving recklessly and that the accident was the direct result of Kenan disobedience of the order to stop when told by the traffic coliceman. Kenan was locked up at City Hall for a hearing.

Seventy-six per cent. of accidents, in which pedestrians are injured or killed by automobile trucks are due to the carefess-ness of the pedestrians, according to Lee Eastman, president of the Philadelphia Motortruck Association, who has made an appeal for more drastic police supervision of the walking as well as the driving public. He did not state how he arrived at the per-

centage.

At the same time he severly criticised the reckless driving of many motortruck men. One way to remedy this particular phase of the situation, he suggested, was to adopt measures which will restrict the granting of operators' licenses to such as are fully qualified to drive machines with intelligence and respect for the public lligence and respect for the public safety.

He also asserted that when a chauffeur was found to have caused an accident on the city streets the Motor Truck Association would devote all its resources to aiding in his prosecution and conviction. He main-tained "reckless pedestrians," those who disobey traffic policemen's instructions, should be arrested as well as reckless

should be arrested as well as reckless chauffeurs.

A contributing cause to the number of accidents, he added, was that the "governors" of the trucks had been removed after they had come from the manufacturer with a speed of 15 miles an hour. The removal made possible a speed of 30

PENROSE'S 'MIND OPEN' IN PRESIDENCY BATTLE; NO PERSONAL CHOICE

'Situation Is One Calling for Careful Study and Deliberate Procedure," He Says

OFF TO CHICAGO THURSDA

Senator Penrose is going to the Republi-can National Convention without a personal choice for President, or at least without a candidate whose cause he is prepared to push without first carefully surveying the ground at close range in Chicago.

"I am going to the convention with an open mind," the Pennsylvania Senator said at Atlantic City today. "The situation is one calling for careful study and deliberate procedure. What the Republican party procedure. What the Republican party needs at this critical juncture is a man who can win in November."

Senator Penrose returned to Philadelphia this afternoon. He will leave for Chicago on Thursday morning.

ROUNDING UP DELEGATES.

The Penrose Organization today is hav-ing a hard time rounding up delegates to attend the meeting of the Pennsylvania delegation to the Republican National Con-vention, which was called by Senator Pen-rose to be held at the Bellevue-Stratford Following close upon the official an-nouncement made last night by Attorney

General Brown, manager of the Brumbaugh fight against the leadership of Senator Penrose, that the proposed "caucus" was irregular and that the Brumbaugh delegates would not attend, word was received that many of the Penrose delegates would be unable to come to Philadephia for the meeting.

While there is little doubt in the minds of the politicians that Senator Penrose will have a majority of the 76 delegates at the meeting, strenuous last-hour efforts are being made today to get in touch with alternates, both for delegates-at-largel and district delegates to meanly unearly district delegates, to prevail upon them to attend in the places of the delegates who have indicated that they would remain away rom the meeting.

Alternates have been secured to attend in the places of many Brumbaugh delegates who will not attend the "caucus," as well as the Penrose delegates.

The Brumbaugh delegates will remain away as the result of instructions received by the Attorney General. Many Penrose delegates also will not attend for various reasons. Several have wired that they cannot get here for the meeting while others.

not get here for the meeting, while others have given no reason for saying that they will not be at the Bellevue. FEW FROM PITTSBURGH.

An instance of this is the Allegheny County delegation. Only three of the eight delegates elected in that county have signified their intention of attending. The five who will not attend at William A. Magee and Dr. R. J. Black, both Brumbaugh dele-

Two alternates will attend in the place of Magee and Dr. Black, and alternates also have promised to attend in the places of the three Penrose delegates. The five Allegheny "proxies" will be John B. Barbour, William Price, Henry P. Haas, E. H. Swindell and Frank J. Lanahan.

Thei "caucus" of the delegates will be held at 2:30 o'clock tomorrow afternoon. Tomorrow morning at 10:30 o'clock the new State Committee will meet and will elect Senator Penrose Republican National Committeeman from Pennsy'vania, to succeed Henry G. Wasson, of Pt. burgh, who was

This settles the question every motorist asks—"which tire gives me most for my money?" By first cost is always a poor way to judge a purchase. Empire Reds are not the highest-priced tires nor the lowest for initial cost. But in actual mileage produced you are losing money every mile you run unless your tires are Empire Reds.

This is tangible evidence of red rubber's superiority over any tire material yet produced.
