POPULAR AT STONE HARBOR

Anglers Report Big Catches on the

Beach Front STONE HARBOR, N. J., June 10 .- Stone

Harbor has long been famous for its fish-ing. During the last month, however, since the new Boardwalk has been built, the

popularity of Great Channel, which has hitherto been the recognized fishing ground, has been shared with the beach front. Surf fishing, with rod and reel, with the fisher-

men attired either in a bathing suit or rubber boots, has been the recognized form of ocean-front angling, but to fish from an elevated sidewalk, built directly over the

surf, is quite another and more comfort

able form of pastime. Every day the num-

anglers last Sunday had over two dozen

for the comfort, pleasure and entertainment of their summer guests.

Everything in the line of seashore pastime is running in full blast, and beach attractions are in full swing. Bathhouses are epenall along the beach front, with sturdy lifeguards on duty.

Motoring here is a delight. Roads are perfect and tours to the mainland or neighboring resorts are taken with a degree of comfort rarely experienced within sight of such delightful landscape beauty. such delightful landscape beauty.

Lovers of baseball will be glad to learn that the City Commission has leased the Wildwood Haseball Park on the beach front for the season to George L. Porter, who intends to place a first-class team on the diamond to represent Wildwood this the damond to represent Wildwood this year. Games will be arranged with Philadelphia teams and neighboring resorts and towns and probably a seashore league started, so that games will be played each day. Former players are requested to communicate with the new manager if they desire a place on the new team.

Pleasure seekers who will make Wildwood and its sister resort, Wildwood Crest,
their home for the next three or four oths are arriving here in large numbers hese days, and judging from the recent holiday crowds promise to break all known records. In consequence, Wildwood's and wildwood Crest's summer cottage colonies will greatly outnumber those of previous seasons. This is also evidenced by the large number of cottages and apartments now being rented by Philadelphians, Balti-moreans and Washingtonians, as well as by residents of other inland cities.
