## TIGER TRAILING BIG INDIAN IN AMERICAN LEAGUE HUNT; DAUBERT LEADS IN NATIONAL

This Speaker's Average of .394 Tops Ty Cobb's Mark of .331—Joe Jackson Is Second—Dodger Star Setting Pace in Tender Circuit With .344

THE SPEAKER, the most ferocious, pre-ocious and deadly Indian ever to roam the shores of Lake Erie, is still terrorizing the American League. Speaker's war club is meeting the sphere with sufficient speed and accuracy to keep its owner at the head of the parade. Ty Cobb, with an average of .331, is trailing the tiger, while Joe Jackson, with a mark of .331, just behind him. Higher mathematics now will tell us that Joe's mark is .331, and they are right.

It is interesting to note that that quartet of more or less intelligent baseball writers who were to call the 100,000 infield all are now out of the game. For those who haven't been to the game, the following are the averages: Speaker, .394; Cobb, .331; Jackson, .331; and Ty Cobb, .331.

## PENNSYLVANIA MEETS CORNELL ON THE DIAMOND

Teams Clash in Final Fray This Afternoon on Franklin Field

CONTEST BEGINS AT 3 P. M.

Franklin Field will be the scene of the final 1916 contest of Pennsylvania's baseball team this afternoon. Old Penn's diamond forces and those representing Cornell University will meet. Both have won one game, consequently the rivalry is at fever heat between the old-time rivals.

Neither Penn nor Cornell have had successful seasons, but both seem to have been laboring under the jinx, as the two teams have some exceptionally clever players in their ranks. Pennsylvania has lost quite a number of games this spring by one-point scores, and the Cornell team has been in the same predicament on a number of occasions.

Johnny Spielman will be the Red and Blue nine's best bet, as he has been through out the present season, and Coach Toy Thomas believes that Spielman can deliver the goods in the box today.

With all the old alumni back at the University for their annual frolic, there is certain to be some fun flying when the two teams take the field for play this afternoon at 3 p. m. At least 1500 graduates will be in the stands to cheer their team on, as they formerly did in days gone by when they were students at the West Philadelphia Institution.

## GRIM ARMY OF GOLF STARS WILL FACE LOCAL EXPERTS IN LYNNEWOOD HALL BOUTS

Dazzling Shots Promised Fans in Local Tourney Next Week. Jersey Rains Big Cards

By SANDY McNICILL

HAND-PICKED delegates from all sections of this broad land will stream into town tomorrow and Monday for the Lynnewood Hall Golf Club's first three days of next week. The delegates represent the best talent in America, and the Philadelphia contingent will have a fine chance to try out their mettle and show what golf they will be capable of at the national event in September. It is hard to pick a leader of the invaders.

John G. Anderson, a finalist in the national championships last year, will be here for the bacon, according to an enthusiastic letter he wrote W. M. Weaver, chairman of the Tournament Committee.

Max Marston, who by right should have won the national title last year, is also coming. Ned Sawyer, a Western champion, and the expert who licked "Chick" Evans last year, played at Pine Valley last Sunday, and said he would play at the Noble Club next week.

Two players whom local fans are on their toes to see in action again are George W. Stinson, a long-time hitter in the game, and a Texas champion, as well as former winner of the cup, and also B. Warren Corrick.

**Expert After Expert**

The latter has the most perfect form seen on local links, and took the cup home with him in 1913. He won the Baltimore Cup in 1914, and the Philadelphia Cup in 1915. He is a native Philadelphian, and his name is W. F. Stauffer, sectional champion of the South.

Harold Steiner, who beat Walter Travis, will be on deck with Hamilton K. Kerr, always a figure in national tournaments. T. Bishop, Washington golfer of parts, will perform, and another famous player will be W. F. Stauffer, sectional champion of the South.

L. H. Canan, the Harvard crack, is expected to give them all a good run. On Monday there will be a qualifying round of 36 holes; Tuesday and Wednesday there will be match play. Fans have a rare treat before them in a visit to the course to follow the play. They won't see

**Local 8-Handicap Limit**

Sidney Shawwood, Hugh Willoughby, Horace Francine, Walter Reynolds, Howard Perrin, George Crump and a parcel of other talent will drop a long way through the visitors and one or another should be a finalist. Edward C. Carey, the youthful star of the season, is afraid he will get too "fine" and overgolfed if he plays. He has not decided whether to go in or not. He will, however, have his best shots for the local championship.

The local entries are limited to eight-handicap men, as against nine last year. There will be three sixteen.
