ON THE SOUTH SIDE OF VINE ST., between 50th and 00th sts, within 3 minutes of the elevated staten, is located a beautiful ow of modern two-story perch and terriferent homes of a 'ma decidedly different' shreater from the ordinary that the story of base houses will be of pecular interest to be truly intelligent home buyer.

They were built of the finest quality material, by one of Philadelphia's leading buildings, whose only fault was that he put such honest value in his work that there was little prefit left over. They were purchassed by an investor when material and wages were at rock bottom. Through force of circumstances he must sell at less than cost. Think of the unique opportunity, now that materials and wages are at top prices.

There are only a few of these houses—they rould not be duplicated when they are gone for \$3500, and unless we are much mistaken there will be very few left at the end of a forthight. They will be sold for \$3000 apiece and for as little as \$100 cash, with terms made to suit for the balance. Just think of it: Sample house, No. 5916 Vine st., will be open day and eventue, and we should like every one who is in the market for th home to come out and examine without delay.
We truly feel that this is an unusual oppor-
