Galicia

PETROGRAD, June 30.—The Germans have begun a series of sudden violent attacks against General Kuropatkin's entire front from Riga through Jacobstadt to Divinsk. This is the offensive which the Russian Staff expected for some days from Field Marshal von Hindenburg in an effort to divert Russian troops from the Galician and Volynian campaign.

Virtually the whole of Kuropatkin's front is under bombardment. German raiding parties have been harassing the Russian lines for 48 hours.

Interest is divided between the German operations in the north and the Russian advance on Kolomea, in southeastern Galicia. Unofficial reports today placed the Russian lines within less than 10 miles of Kolomea, which is of great strategic importance because of its position as a railway center.

PARIS, June 30.—The newspaper Echo de Paris declared today that the Russians have captured the important Galician railway city of Kolomea.

Petrograd dispatches today reported the Russians within 10 miles of Kolomea.

LONDON, June 30.—General Lechitsky, commander of Brusiloff's centre, began a night onrush yesterday against the Austro-Hungarian lines in Galicia and northwestern Bukovina, between the Dniester and the region around Kuty, in an effort to push his opponents beyond the important railway city of Kolomea, strategically the most valuable point in southern Galicia.

Petrograd announced last night that Lechitsky inflicted a crushing defeat upon the Austro-Hungarians, taking three lines of trenches and 10,000 prisoners. This success was achieved in the northern part of the area of attack, between the Dniester and the Pruth. The fall of Kolomea is expected if the new advance continues. Its capture will mean the collapse of the whole defense scheme in southern Galicia and seal

MANY YOUTHS EAGER

RECRUITING IS PUSHEDHealthy Response Shown at Sta-

Men Needed by  
N. G. P.

P. O. S. OF A. OFFERS AID

There was a healthy response by young American patriots today when the recruiting station at the headquarters of the National Security League, Broad and Chestnut streets, opened for business. A long line of men was waiting when Sergeant T. A. Carr, who was sent here from Mount Gretna, began to examine applicants at 11 o'clock. He will remain here until 12:30 men have been obtained to bring every company of the 1st Brigade to a maximum of 100. They now average 65 men.

The first applicant was Charles Wesley Weiser, a fireman of truck 18. He is 35 years old and married. Harry Glenn, of 1529 Vine street, the next applicant, said he was formerly a member of Company K, 24th Regiment, and asked to be placed in Company E.

Up until noon the indications were that a good number of recruits would be added to the forces before nightfall.

Inquiry was made at the station concerning Nathan Cohen, 17 years old, of 5834 Spruce street, who has not been seen since leaving his home yesterday. His parents believe that he will try to enlist.

Under orders issued by General Price the station will remain open today, despite the fact that most of the commands of the 1st Brigade will be en route South by nightfall. Philadelphia could raise an able-bodied army of 80,000 men for defense, and the Guard officers hope to obtain many more men before the last commands entrain at Camp Brumbaugh.

In the population of 1,750,000, City Statistician E. J. Cattell has computed, 240,000 are between the ages of 18 and 35, the latter being the highest age limit set by the Guard. Captain A. A. King, of the army's recruiting station, at 1229 Arch street, says that only one out of every four men between 18 and 35 can pass the physical examinations.

Five hundred men are wanted immediately for service in the medical department of the Pennsylvania troops. The work of recruiting men possessed of a limited training in substance and first aid were carried

RICH MARYLANDER  
MISSING; FRIENDS  
SUSPECT MURDERWilliam E. Medford, of Cam-  
bridge, May Have Been  
Thrown Into River

STRANGER GIVES ALARM

CAMBRIDGE, Md., June 30.—William E. Medford, wealthy lumberman and member of a widely known Maryland family, is missing, and friends fear he was murdered and his body thrown into the Black Water River.

Mr. Medford left here at 4 o'clock yesterday afternoon in his automobile for one of his lumber mills, 14 miles below Cambridge, and has not been seen since.

About midnight last night Fred Andrews, a farmer living along the Black Water River, was called out of bed by a stranger, who informed him that a man was overboard and about to drown at the edge of his farm. Andrews aroused his hired man and went to the spot described by the stranger.

He found Medford's automobile near the river. Upon investigation he also discovered evidences of a desperate struggle in and around the automobile and blood spattered over the machine. He also found bloody finger prints on the car. Andrews said he believed Medford had been cut to death and his body thrown in the river as footprints led to the water's edge. The river is being dragged today.

STRANGER DISAPPEARS  
In the excitement Andrews missed the stranger who had given him the information and efforts to locate him have been futile. Andrews did not get a good description of the man but said he spoke with a Spanish accent.

When Medford left Cambridge, it is supposed he had a large sum of money in his possession to be delivered to the foreman of one of his mills.

As soon as the news of his disappearance reached Cambridge the fire alarm was sounded and in a few minutes hundreds of men, armed with guns, revolvers, rifles and clubs, were hurrying to the river. The news was flashed all over the peninsula, and the entire peninsula police force is watching every train and boat.

PROMINENT POLITICIAN.  
Medford is one of Cambridge's foremost citizens and is a Republican politician. He was elected Clerk of the Orphans' Court last November, and before taking that office was postmaster at Cambridge for four years.

He is also engaged extensively in the lumber business, being a member of the Honsa Lumber Company. He has a wife and two children. He is 43 years old and the son of Robert Medford, cashier of the Dorchester National Bank, of Cambridge.

White House Congratulates  
Evening Ledger Dictograph

WASHINGTON, June 30.—Joseph P. Tumulty, secretary to President Wilson, today expressed praise of the enterprise shown by the EVENING LEDGER in reporting President Wilson's Independence Hall speech on Thursday afternoon so accurately and quickly by the use of the DICTOGRAPH.

"This is the most wonderful thing that I have heard of in journalism," said Mr. Tumulty, "and the EVENING LEDGER and its readers are to be congratulated."

STONEMEN PLAN  
VOLUNTEER ARMY  
OF 25,000 MENFellowship Begins State-  
wide Movement to Prepare  
for Military Service

TO HOLD DRILL TONIGHT

The Stonemen's Fellowship has begun a Statewide movement to prepare its members for military service in Mexico in the event of war with that country.

A huge army of volunteers is being recruited from the Stonemen at this time, and it is considered probable that the total number will rise above 25,000 men. They will be thoroughly drilled, instructed in military matters, and in every way possible prepared to enter the Government service as volunteers.

The first active step in the drilling of this body will be taken tonight when 250 members of the 21st ward division of the Stonemen will meet in Roxborough to take lessons in the rudiments of military training.

AMBULANCE UNIT PLANNED  
In addition to the military phase of the Stonemen's latest activity, an ambulance unit is being formed and the Fellowship has offered to the War Department 20 ambulances, one repair wagon and a full corps of men to man them.

Just who is supplying the funds for this movement has not been revealed by officials of the Stonemen, but it is said a small group of men has furnished the money. The ambulances have not yet been purchased, but it was said today that the order was ready to be placed. It is probable that immediately upon receipt of an answer to a message sent to Washington several days ago, steps will be taken to order the ambulances.

More than 100 men will be needed to operate the machines, as, besides the driver, there must be an assistant surgeon in charge and four assistants. These men will be supplied from the ranks of the Stonemen, it is said.

Within the next week, the preparedness movement will take on great activity. The various branches will begin their drilling in earnest, and an attempt will be made to teach them the rudiments in the shortest possible time. Efforts are being made to have the War Department detail an army officer to superintend the work.

The drill movement is intended as something of a substitute for men who cannot go to Plattsburg or other military camps, it was said today. The threatening conditions in Mexico have led to the plan, and it was stated by one of the leaders of the Stonemen that should the present troubles be adjusted the military organization will probably be disbanded.

The meeting tonight will be held in the Moyer Memorial Church, Manayunk, and Kram Avenue, Roxborough. House Sergeant William Blackburn, of the Manayunk police station, a former soldier in the United States army, will act as drillmaster. It is reported that a wealthy resident of Germantown will furnish any money needed to finance the movement in that section.

It was asserted today, however, that for the present the movement would require little money, as it was not the intention to purchase any equipment until it was learned whether the men were to be used in active service. It is hoped that guns to be used in drilling will be furnished by the Government.

One of the Stonemen's leaders said that the movement was only one purpose—patriotism.

HEADQUARTERS CAMP BRUMBAUGH, Mount Gretna, June 30.—The 2d Regiment of Infantry, from Philadelphia, 1st Brigade, is entrained at Colebrook, near here, ready for immediate departure. The regiment, the crack one of the brigade, was scheduled to leave at 11 a. m. today, but officials say it will be 4 o'clock this afternoon before the long troop train will pull out on its way to El Paso.

The train will pass through Philadelphia, making a short stop at Baltimore and Ohio station, 24th and Chestnut streets, about four hours after leaving Colebrook. A stop of half an hour will be made at Lebanon. The delay in leaving was due to the matter of arranging equipment. The 2d Regiment, commanded by Colonel Turner, has 1050 officers and men, and is said to be better fitted physically to stand the climate test than any other regiment in the brigade.

Thousands of soldiers and civilians thronged in and about the small station here, wishing fond farewells to relatives or friends and comrades-in-arms. All are waiting for the final order for the train to move.

SIGNAL CORPS MEN LEAVE.

The signal corps and Pittsburgh 2d Field Hospital Ambulance Corps, numbering about 700 men, left for the border at 11:14 o'clock today. They went from here via Pittsburgh and from there will go to St. Louis and then southward.

The shifting of the Pennsylvania troops to the Mexican border began when Company B, from Philadelphia, and Company A, from Scranton, composing the Engineer Corps, left Mount Gretna shortly before midnight last night and passed through Philadelphia at 3:45 this morning.

Orders to leave were given to the 1st and 2d Regiments of the 1st Brigade, both from Philadelphia. Every effort is being made to get them off before nightfall. Officers expressed the opinion that the whole 1st Brigade would get away today.

ORDER TO MOVE COMES BY WIRE.  
The long-looked-for order from the War Department to start the movement of the troops southward came over the wire in a message to Captain J. B. Kemper, United States mustering officer, in camp last night.

RUSH FOR NEW LOAN;  
SUBSCRIPTIONS REACH  
THREE TIMES AMOUNTTwo Syndicates of Bankers and  
Fifty Other Bidders Offer  
to Take the Entire  
Lot

TOTAL OF \$13,819,700

The city loan was this afternoon oversubscribed more than three times. Two syndicates of bankers and 50 other subscribers offered to take the entire loan. The total amount bid was \$13,819,700.

It was the first bond-selling under Mayor Smith's administration of 30-year bonds at 4 per cent., covering part of the two big loans; \$5,000,000 for transit, Broad street subway and Frankford "L," and \$4,325,000 for general improvements. These loans were authorized in May and June, 1915.

The bidding today was not so heavy nor the premiums offered so large as those of bond sales in the Blankenburg administration. Under the former Mayor a loan was oversubscribed five times.

The bids today ranged from \$500 to the whole amount. The highest bid was that of Daniel H. Killian, Jr., who offered to take \$500 at 102. Two syndicates of bankers offered to take the entire letting. One of these was Rellie Brock & Co., Graham & Co. and E. W. Clark & Co. Their bid was \$100.03.

Drexel & Co. and Brown Brothers offered to take the whole amount at \$100.431.

Other bids were:  
Robert Cherry, Jr., 100,000 at 101.  
Sinking Fund Commissioners, 1,500,000 at 101 1/2.

De Facto Government Refuses to  
Take Any Responsibility  
for Situation

WASHINGTON, June 30.—"That does not represent the view the Mexican Government will take in replying to the latest note of the United States," declared Eliseo Arredondo, Mexican Ambassador-designate, this afternoon after he had read the statement of the Department of Foreign Relations of the Mexican Government.

"I am sure that statement refers entirely to the early American note," he continued. "Although I have not been advised of the statement by my Government, I am sure that it has nothing to do with the note sent last Sunday by President Wilson."

MEXICO CITY, Mexico, June 30.—Formal notice was served today upon the United States Government by the de facto Government of Mexico that the presence of American troops would not be tolerated any longer upon the soil of Mexico.

This notification was contained in a statement given out by the foreign minister, which is taken as an answer to the recent note of President Wilson.

The Mexican Government charges the United States with sending a haughty and discourteous communication, and the attention of the United States authorities is called to the fact that 140 Mexicans have been murdered on the border where no attempt was made to punish the perpetrators.

It is declared that the pursuit of the bandits under the leadership of Francisco Villa was taken up at once after they began their depredations, and that the duty of stamping out these outlaws rests with Mexico and not with the United States.

In substance, the Mexican Government denies the right of American troops to occupy Mexican territory and declares that the presence of United States troops in this country is a violation of national rights.

In the statement Carranza says the continued presence of United States troops cannot be tolerated. The clause on this point is:

It is not true that the Constitutional Government wishes to leave unpunished the crimes committed by the bands of outlaws, nor that it refuses to capture and destroy or disperse them, but, at the same time, this Government cannot tolerate, as it has repeatedly stated to the Department of State, continuous presence of American expedition of troops in Mexican territory, who have no right to be there.

(Whether or not the "substance" of this note is what will be delivered in Washington is a question. Carranza in times past has been accused of issuing statements for home consumption. The note has not been delivered in Washington.)

The statement is as follows:  
"It seems strange that the Department of State should show surprise and disappointment for the tone and character of the note of the 22d of May, which it calls discourteous, when the very same Department of State has sent to the Constitutional Government not only one but many notes not only discourteous, but also haughty, to say the least."

"During the same period to which the note alludes 140 Mexicans have been murdered in United States territory by American civilians, and the same Government authorities have also participated, although the two countries were at peace, and in none of these cases, although representations have been made to the Department of State through our Minister at Washington, the guilty have never been brought to justice or punished. These acts have been committed by Americans in American territory, or by Texas-Mexicans against the lives and interests of Americans."

DENIES ALL BLAME

"The Government of Mexico cannot be held responsible for those acts which have taken place in foreign territory and which
