

TROOPS AT MT. GRETNA 'BOILING MAD' AT POOR TRAINS FOR BORDER

Brutality and a Crime, Say Men at Camp, of Equipment Offered for Long Journey to Mexico

COLLAPSE OF DR. LYON

By FRANKLIN R. G. FOX Evening Ledger Staff Correspondent. HEADQUARTERS CAMP BRUMBAUGH, Mount Gretna, Pa., July 5.—The methods used by the various railroads in transporting troops from here to El Paso today were declared to be "sheer brutality and a crime against civilization."

There will be no Pullmans for the members of the troops, officers excepted. The beds here at least, though, to have a seat for each man, instead of piling three in a seat, as was the case with the infantry. The whole regiment of cavalry, including the 1st and 2d City Troops, and Troops A and G, from Philadelphia, are scheduled to leave for El Paso tomorrow. The first field artillery leaves today, while the three sections bearing the 15th Regiment, infantry, from Pittsburgh, got away in record time last night.

Dr. Swirth Chandler, 1915 Spruce street, Philadelphia, of Temple University, has been appointed assistant surgeon of the First Artillery to take the place of Dr. Edward Lyon, of Williamsport, who suffered a collapse here at least, though, to have a seat for each man, instead of piling three in a seat, as was the case with the infantry.

Doctor Lyon's collapse came after more than 10 days strenuous work in conducting physical examinations here. He worked at a terrific pace under high tension. More than 2200 men were examined in one day last week.

Yesterday his mind is thought to have been temporarily unbalanced. He was taken to Williamsport in an automobile under the care of physicians. Officers here expressed the belief that a few days of rest would put him on his feet.

Doctor Lyon may have been affected by the hot sun, officers said. More recruits are sought in Philadelphia. Colonel Thomas Biddle Ellis, of the 6th Regiment, has instructed Capt. Wesley R. Roe to open recruiting headquarters today at 1210 Locust street and report to camp with recruits not later than tomorrow.

The regiment, which is scheduled to leave Friday, has quite a large number of men. Colonel Ellis said, but he hopes to bring it up to near its maximum strength. Orders also were issued to have recruits report to Colonel J. Warner Hutchinson, Walnut Street near 13th.

Captain McFadden's denunciation of the "sardines" of the enlisted men in coach loads on their long trip southward was made while discussing details of the 1st City Troop's departure.

Mount Gretna Chronicle "Bud" Davis, of Garfield, Pa., is a member of Company F, of the 18th. He is as anxious as the rest of them to get to Mexico, or anywhere else as far as that is concerned, but the question that puzzles him is not so much when he will go as how.

"Bud's" buddies say he is out of place in the 18th, or out of place even in the army as far as that is concerned, and he has been deeply troubled.

It's not that the lad is not popular. He has hosts of friends, a stout heart, and is as willing to fight at the drop of the hat as the next man. Yet here's something about him different from the other lads encamped here. "Bud" had his out-of-placesness driven home to him by a corporal only yesterday.

"Bud" had saluted when the "non-com" gave him a piece of his mind. "You don't belong here," the corp said, "in fact, you don't belong in the army, anyway. Why don't you join the navy if you are so anxious to serve your country?"

"Why should I join the navy, please tell me?" "Bud" inquired respectfully.

"Why you would be a big asset to the navy, or even to the Congress of the United States," he was told. "You wear battuships on both feet."

True, "Bud's" shoes pass the 11 mark, and his comrades who have had "words" with him say they are battuships of the dreadnought class. When "Bud" awakens in the morning he often finds his feet still asleep.

GETTING LISTS OF MAIDENS DIVERSION FOR GUARDSMEN

By CARL L. ZEISBERG Evening Ledger Staff Correspondent. SECOND TROOP TRAIN, en route to El Paso, July 5.—Twin brothers, who followed in their father's footsteps into the National Guard, are speeding toward the border on different trains and will meet before long at El Paso.

They are Leon Roggenberger, lance corporal of Company D, 2d Regiment, of Philadelphia, who is on this train, and Marcus Roggenberger, of Company G, 1st Regiment, of Philadelphia, whose train follows this. They live at 2619 North 18th street. They will celebrate their twenty-second birthday probably at El Paso, the 16th of this month. Their father, Solomon Roggenberger, was a first sergeant in Company B, 1st Regiment, and saw service in the Pittsburgh riot.

Chief Musician Blair McCosh, on behalf of the band, sends thanks through the Evening Ledger to the Upright Chapter, Pennsylvania Women's Division for National Preparedness, for the fruit and sandwiches distributed.

Five members are also members of the Police Band of the Normans. They are: Roy Wilson, of the 20th, and Fitzwater streets station; Sergeant William J. Ottinger, of the Manayunk station; Corporal Rupert S. Ely, a City Hall guard; Corporal L. W. Ley, of the 15th and Vine streets station, and Frank Barford, of the 4th and York streets station.

They say that if Corporal Shelton hadn't "swatted" Sergeant John Hoffman on the head with a mallet and thereby raised a knot half an inch high, Hoffman never would have been able to make this trip. He is 5 feet 4 inches tall, the minimum height.

ROY WILSON KNOWS EVERY INCH OF THE territory who the boys are going. He used to be in the medical corps at Fort Sam Houston.

The corps today smoked the last cigar of the box handed them at Brunswick, Md., by a Mr. Hartman.

These are the men who were the first to complete the route required of them by Uncle Sam: Staff Sergeant Ernest Seeds, Sergeants Nichols, Nugan and Wright, First-class Private Lewis and Privates Ballentine, Conolly, De Hart, Goodman, Heberle, Harrison, Kline, Lee, Matus, Noyer, McClain, Pourn, Rafferty, Schlicht, Stanley, Scheppelhauser, Wagner, Wilson and Wright—the 2d Regiment medical corps.

Forty-eight feet 3 inches would be the total length of the first squad if the eight members were lined up on the ground, head to feet. Their heights are: Corporal James Prusick, 6 feet; Chester Miller, Ed Kelly and Carl Richter, 6 feet 1 inch each, and Ralph Steinman, Alfred Miller, Charles Spelber and Raymond Benner, 5 1/2 feet each.

She's married now, but Corporal Prusick was glad to see her standing on the station platform at Cumberland, Md. It was an old school friend of 18 years ago, up in Endeavor, Pa.

The string trio of Company A lines up this way: Harold Muschamp, mandolin; Lester Stallman, mandolin, and John Zimmerman, guitar.

Sousa is reported as having taken out insurance with Lloyd's since Corporal Joseph Haney took charge of the glee club.

Corporal Joseph Haney's hair is turning gray since he took charge of the rookies squad.

Sam Cassidy and Joe Elisele are the official car decorators. They wield the chalk at every stop.

THE nucleus of the company is composed of Captain Robert G. MacKendrick, First Sergeant John F. Murray and Quartermaster Sergeant Charles F. Jordan, all formerly of Company C.

The race for girls' names and addresses is being led by E. J. Gillingham with 12. This makes him the leading "lady-killer."

Corporal Ed Browning is treasuring an American flag which was handed him by a girl back in the heart of Maryland. The train was speeding up when he grabbed it. "She was a pippin, too," muses the handsome corporal.

Four duty sergeants appointed in Company B are Max Abramson, John F. Logue, Frank McMeekin and Bob McGonigle.

They can't keep John Lydon, a Glenside Club boy, from singing as the wheels hum along toward Mexico.

The "dreadnought" squad of six-footers, under Corporal Ed Browning, is proud because it has all the "heavy" work to do. It's also tired.

German efficiency has been introduced to pounds and ounces to fit it to the new standard required.

Here is a car so miserly in the use of gasoline that mileage records surpass all previous performances.

Here is a car so light on its feet that tire-life is prolonged to a time heretofore thought impossible.

Truly, the Apperson Roadplane creates a new style of horseless travel.

And, it is not only because of a new mechanical standard that the Roadplane now is separated from all types of automobiles.

It is equally advanced in drawing-room appointments.

Downy cushions give each passenger a feeling of complete relaxation and nerve repose. Fatigue is unknown here. The long hammock-like springs gently absorb all road shocks. Patented cushion springs make riding enjoyable for hours and hours.

The Roadplane represents the last word in body construction and is most complete in its accessory equipment and in the adoption of every comfort and labor-saving device imaginable.

The Roadplane is made in six and eight-cylinder models. Seven-passenger and the famous four-passenger Chummy roadster body being mounted on both chassis. The eight-cylinder model (either touring car or four-passenger roadster) is \$2000. The six-cylinder model (either touring car or four-passenger roadster) is \$1750. All prices f. o. b. Kokomo, Ind.

SIXTEENTH INFANTRY, N. G. P., HAS MONUMENT IN CAMP

Huge Sandstone Boulder Marks Site of Its Mobilization

By a Staff Correspondent. CAMP BRUMBAUGH, Mount Gretna, Pa., July 5.—The 16th Infantry, 2d Brigade, from Old City, Pa., is to be the first Pennsylvania National Guard regiment to have a monument all its own at Mount Gretna.

This monument—a huge sandstone boulder, weighing more than a ton and 10 feet long—will be placed on the site occupied by the 16th during the 1916 mobilization camp, and will be inscribed with the regimental numbers and the date of the beginning of mobilization for the N. G. P.

The boulder was in the way on the camp grounds. Upon the order of Colonel George L. Rickards it was removed by the men without in any way destroying the enormous stone and erected elsewhere.

"When we come back from the front," said Colonel Rickards, "we will put a bronze tablet on the monument. And from year to year we will add other important dates in Pennsylvania National Guard history.

PENNSYLVANIA TROOPS HAVE GLORIOUS 'FOURTH' AS TRAIN SPEEDS SOUTH

Gentle Hands of Tennessee and Texas Provide Well for Joy, Food and Entertainment of Guardsmen—Chaplain Reads Declaration of Independence

By CARL L. ZEISBERG Evening Ledger Staff Correspondent. PINE BLUFF, Ark., July 4. Second Regiment Troop Train, en route to El Paso—The scene has shifted and Independence Day found us slumping along through the rolling north Texas country on the next to last leg of our 3000-mile overland excursion.

Fire-crackers popping and roman candles spurring from each window startled the contented dreaming of cabbage in the shadow of the willows and the nickninnies sitting beside the watermill patch, proving that the Fourth of July can be celebrated anywhere, even in a cramped troop train.

But that was not all. When the train, with hoarse whistle—strange that the engines of the dry Southwest should be hoarse—drew up at Mount Pleasant today husky farmhands, with the stain of fruit and of dust on their branny arms, brought baskets of ripe Elberta peaches and of red tomatoes into the coaches.

"A little present from Mr. Britton, the president of the cotton belt route," they explained, rather apologetically. The fruit and vegetables were raised on the Mount Pleasant farm of the St. Louis Southwestern Railway and hauled to the station in a buckboard for the troops.

The troops hustled them to their mouths and their thanks were gurgled through the juice.

Nor was that all. At a wayside station, where a grave looking mule and a graver looking darkey were gravely debating over whether or not the former should accept the latter's invitation to pull a rheumatic wagon across the track, the train was halted again and the 1st Battalion marched to the field. Here the Declaration of Independence was intoned to the barbed-wire guard-damen by Chaplain McFetridge. It was impressive for no one save the patriotic chaplain knew that he had had a bad hour and a half looking for that declaration

EX-MAYOR WEAVER'S SON CARES FOR TROOPER, A MASCOT KITTEN

That Makes Him Most Popular Man in Cavalry Troop A. Officers Show They Like an Occasional Joke

By FRANKLIN R. G. FOX Evening Ledger Staff Correspondent. Pa., approached, saluted and stood at attention.

"What can I do for you?" the Captain asked. "I was told to come and bring back that 100 yards of skirlish line you were speaking of the other day. I can carry it easily, sir. I'll just put it on my back." (Another salute.)

"All right," the Captain said. "But I have not finished telling you about it yet. 'Shall I wait?' the private asked. "Suit yourself," was the reply.

The addition of an aeroplane to the 1st Troop, Philadelphia City Cavalry, will be a welcome one indeed. Mount Gretna as a whole will enjoy watching its flights above the camp here. The machine gun is attracting much attention there.

Comments on the delay situation heard by the real camp fire: "To go or not to go, that is the question."

The captain, peevishly: "Muster rolls to the right of me, ditto to the left of me, blanketed blank sheets in front of me, volleyed in hundreds."

The ruckie, with a yawn: "Please, oh please! Let me have peace."

The general public: "Some one has blundered."

Fred Coleman of Company E, 1st Regiment, left for the border entirely satisfied. He left many girls behind him, but he drew an advantage over the other fellows in the regiment when he was visited on Friday, just before entraining, by his pretty cousin, Miss Hester Love.

One of the most popular places in the entire Troop A tented city is the 1st Regiment, the home of John Weaver, Jr., son of ex-Mayor Weaver, for in that tent is the troop mascot, Little Trooper, the tiniest mite of a gray and white kitten.

Trooper is so tiny that he cannot eat from a plate, but must be fed from a bottle of milk with a little rubber nipple. And John R. attends to the baby kitten each meal. He keeps the bottle washed and clean and he goes to get milk from the mess tent with the same regularity that a mother feeds her little one.

Instead of sleeping on the cot like most of the N. G. P. mascots are doing, Trooper spends his sleeping hours in the tent rolls. The boys roll up the sides of their tents to get ventilation and Trooper snuggles in these rolls for his rest.

Overheard in the crowd in reference to one of the delays: "General Clement has ordered the dynamite brigade to camp in a last effort to relieve the blockade."

Chichester Board Elects Officers The Lower Chichester township School Board, at its meeting, elected officers for the ensuing year: President, Arthur Hall; vice president, William Benjamin; secretary, Jesse Wholan, and treasurer, William Steinberger. The board re-elected all of its teachers.

SIXTH REGIMENT NEEDS 250 MORE MEN; APPEAL TO SECURITY LEAGUE

Colonel Ellis Sends Captain Coe From Mount Gretna to Present His Plea for Recruits

Colonel Thomas Biddle Ellis, commanding the 6th Regiment, N. G. P., which is now at Mount Gretna, today made application to the recruiting station of the National Security League in the Franklin National Bank Building for more men for his command. Colonel Ellis sent Captain Coe to this city to present his appeal for men in person to Colonel J. Warner Hutchinson, who is in charge of the recruiting station.

Most of the men desired are wanted to supply the gap in the ranks of the four companies comprising the Philadelphia battalion of the 6th, caused by the physical examination of the Federal army surgeons after the troops reached Mount Gretna. Colonel Hutchinson hopes to get enough young men today to complete the roster of the Philadelphia battalion, so that those who report this afternoon will be able to join the regiment before it leaves for the mobilization camp.

Special delivery letters were sent out at once to 100 or more men whose names were on the waiting list of the National Security League. In other cases the police notified prospective guardsmen to report to the recruiting station at once. The opportunity afforded of prospective immediate service on the border, Colonel Hutchinson believes, will induce a response that will enable him to have the first hundred recruits examined by the medical officers at the local station on their way to Mount Gretna before night-fall.
