ATLANTIC CITT, July 11.—It wasn't with as "blue" Monday, after all, even if it did rain for the greater portion of the day. The avening was clear and thousands who had been indoor all day loosened their limbs by a stroll along the Walk. This is "clean-up" weak here, ordered by a proclamation from the Mayor, and many of the visitors spent the day in taking an in-ventory of their trunks, getting rid of ma-terial out of data, tearing up old lotters and housecleantme. leaning

The bathing was superb, the pattering of raindrops adding to the pleasure of the dive into the billows. A remarkably large and spent the morning hours in

The many thousands of daily commuters between Philadelphia and this city have bathing hours of their own, and no class mloys the daily tumble into the surf like these men do. Quite a number wait until evening before taking a plunge, making a dash from the train to their bathing estab-lishment, quickly donning a suit and enlishment, quickly doming a suit and en-tering the water a few minutes after they arrive in the city. All the worries of a busy day in a torrid city are quickly for-gotton after a vigorous bath, and the eve-ning meal is made more enjoyable by this health-giving exercise. Quite a small army of the business men take their dip before breakfast, thus cooling off for the day.

EMERGENCY AID WORK.

EMERGENCY AID WORK. The Atlantic City branch of the Penn-mylvania Emergency Aid is to hold a meet-ing at a Cheisea hotel tomorrow morning and a big crowd of society women is ex-pected to be present. Mrs. J. Willis Martin, wife of Judge Martin, of Philadelphia, will deliver an address, teiling of the work be-ing done in caring for families of soldiers now at the border. Mrs. George Q. Hor-witz, chairman of the Philadelphia branch, will give a resume of the work done by the with give a resume of the Philadeiphia branch, will give a resume of the work done by the different branches in Pennsylvania and Mrs. Reed Morgan, of Philadeiphia, will also be one of the spatient. Plans will be formulated for the work to be carried on during the summer by the cottage and hotel residents.

A meeting of the County Board of Free-holders will be held tomorrow morning to consider the question of granting an ex-tension of a month to the contractors who are building the new boulevard between Somers Point and Longport. There have been so many complaints from automobile owners about the condition of the meadow boulevard, between Pleasantville and this city, that the authorities have been spurred into immediate action. The extension may be granted, providing some plans can be made for the immediate repair of the only line of trawel open to automobilists comina to this city. It is unfortunate that just on the eve of securing three well-made roads landing into this city none of them should be in proper shape during the months when the revenue derived from automobile partics means so much to this city. A solu-tion of the problem may be reached at the

meeting and immediate temporary repairs make to the meadow boulsvard so as to make it safe for automobiles during the next six weeks, when thousands of ma-chines will come here every week. Monday passed without any logal action being taken by the city authorities against the offending ammement men, but the word value against certain places had been sub-mitted to the City Solicitor to get his opinion of the places notified to close. No evidence was obtained against other plets of the best and if these places are not included in the closing crunade there will be a arrows and if these places are not included in the closing crunade there will be a arrow and if these places are not included in the closing crunade there will be a arrow conflict batween the men who claim they are being persecuted and the city authorities.

orities. That there is no serious objection to the conducting of decent amusement places on Sunday here is evident from the interest being taken in the matter by visitors from all parts of the country and many of the big property owners here. The popular verdict here is that if any amusements are to be closed on Sunday all should be, including moving picture theatres and the innumerable places where popular music is placed. is played.

PHILADELPHIAN FAILS IN APPEAL TO MACKEY

Chairman of Compensation Board Refuses to Overrule Referee's Decision

HARRISBURG, July 11 .- In an opinion written by Chairman Mackey, of the Workmen's Compensation Board, the action of the referee in refusing to grant compensation to Joseph Burnatz, of Philadelphia, is sustained.

Burnatz had been working for the Weisbrod & Henn Brewing Company. On January 20 he entered a beer tank for the curpose of cleaning it, and in a short while

was overcome by the charcoal gas being generated. He was compelled to abandon the work and went to a dressing room to rest. The next day he was discharged. Three days later the defendant offered to reinstate Burnatz, but the latter refused the offer. Seventeen days after the inhalaon of the gas Burnats was stricken with neumonia and then he sought compensa-on, declaring that the illness was the reult of the inhalation of the gas. The eferce, from the evidence offered, decided era was no connection between the in-
