ON THE SOUTH SIDE OF VINE ST., between 56th and 60th sts., within 3 minutes of the clayated station, is located a beautiful row of modern two-story porch and terrace-front homes of a "so decidedly different" character from the ordinary that the story of these houses will be of peculiar interest to the truly intelligent home buyer.

They were built of the finest quality material by one of Philadelphia's leading building buil These houses are not designed to make an appeal to every one. To those who want tinsel the designed of good metal, shine and polish instead of solid construction, they will make no appeal.

There are only a few of these houses—they could not be duplicated when they are gone for \$5500, and unless we are much mistaken there will be very few left at the end of a fortnight. They will be sold for \$5000 aplece and for as little as \$100 cash, with terms made to suit for the balance. Just think of it. Sample house, No. 5028 Vine st., will be open day and evening, and we should like every one who is in the market for a home-ta come out and examine without delay.

We truly feel that this is an unusual opportunity.
