Atlantic City has been enjoying the sen sation of seeing a five-part feature filmed in its midst. The leading hotels and the beach itself have been utilized by Director Fred H. Johnston, of the Capital Film Company, in making "Tom Emerson, Amer-Ican." which will shortly be released on a State right /basis.

The musical score for "The Yellow Mena sixteen episode serial, produced by the Unity Sales Corporation, has been composed by Charles Fang, a native of Canton, China, and a graduate of Yale University. "The Yellow Menace" stars Edwin Stevens and features Florence Malone and Margaret Gale.

For many weeks Mr. Fang has spent much time in the studies where the picture is being filmed, studying the Oriental atmosphere; and the score resulting from his application, while typically Mongolian, is at the same time popular in character,

Fang is also author of a book which will be forwarded to exhibitors of "The Yellow Menace", talling them exactly how for the pro-

Menace" telling them exactly how to pro-duce the proper effects to bring out the value of his music. This is probably the first time that a score has especially been written for a serial by a composer whose nationality especially fitted him to compose the music.
