# EAKER PULLS AWAY FROM RIVALS FOR BATTING HONORS; M'INNIS MAKES BIG GAIN

## is Adds Six Points to Average and Now Blazes Way With .397—Cobb and Jackson Lose Ground-Whitted Hitting .305

IS SPEAKER, demon wielder of the stick, staged another sensational spurt pulled away from Cobb and Jackson in the race for the American League onors. Speaker now claims a .397, six points better than the mark ed to him a week ago. Cobb dropped from .364 to .360 and Jackson from .348. Robertson continues to lead the National League race, gaining two

and now remaining well out in front with .346. Daubert and Wagner ave dropped away, Daubert to .319 and Honus to .314.

dde from the brilliant work of the leaders, the splendid hitting of a oneotcher cannot be overlooked. Stuffy McInnis, veteran first baseman Athletics, has started to climb and is pounding the ball consistently. On 21" fcInnis was in the rear with a .176. He ascribed his poor hitting to He broke it last year and ever since the accident had been laboring the delusion that his eyesight was affected.

On the morning of June 22, at the suggestion of Robert W. Maxwell, sports of the Evening LEDGER, McInnis went to an eye specialist, who made a sh examination. The oculist found McInnis's eyesight unimpaired.

that afternoon Stuffy played in a double header and was credited with two ut of five times at bat. He boosted his mark in one week from .176 to .201. he was injured and was out of the game for two weeks. Since his return he advanced from that .205 to .236, his present mark, and 24 of those points were led in the last week. It now looks as though McInnis would be close to the mark before the season ends.

Whitted is the only Phil in the .300 division and helped to retain a place in section by adding four points to his .301. Stock also had a good week, ng from .283 to .296.

## Another Deficit

Another remarkable showing is that made by the Phillies against two unlooked for slumps

Last season, when Alexander wasn't out there winning, he had two good aids in Erskine Mayer and Dut Chaimers.

Mayer had a fine record last year and was a consistent winner for the first two months.

So far this season Mayer and Chaimers together have won exactly three games, They have worked only at rare intervals, but their help to the club has been too small to be counted at all.

Yet with two good pitchers from the year before out of line the peppery Phils remain in the running.

Add Famous Bucks Buck Wheat. Buck Parvin. Buckskin. Pass the Buck.

"Why isn't Jake Daubert the most val-uable first baseman in baseball today?" queries a Brooklyn fan. So far as we know, Jake is. But we'll bite, just the same. Why lan't he?

That posse you may have observed ten or twelve times this season was merely a group of baseball magnates hunting for the author of "It isn't raining rain to me, it's raining roses down."

Maxims of the Off Trail

One day of achievement in the present is worth the past glories of ten years. The entry who is always on the lookout against getting stung generally gets it about three inches under the lookout.

No, good pitching isn't everything. Bullet Joe Bush has been pitching the best ball of his career this season and he has lost more games than any other slabman in either major league.

Tris Speaker has about decided to give Ty Cobb a .400 mark to shoot at and let it go, at that.

and Cullop. Guy Morton was showing the most ef-fective stuff of the season until he picked a kink in his main pinion, and the wonder is that Cleveland should hold up so well of cleaning up the map?
